(57) **CLAIM**

The ornamental design for the surgical saw blade hub, as shown and described.

DESCRIPTION

FIGS. 1-3 show a top perspective view, a top plan view, and a side view respectively of a surgical saw blade hub according to a first embodiment of the present invention; and, FIGS. 4-6 show a top perspective view, a top plan view, and a side view respectively of a surgical saw blade hub according to a second embodiment of the present invention. Broken lines shown in the drawings illustrate portions of the surgical saw blade hub, and form no part of the claimed design.
