(57) **CLAIM**

The ornamental design for a bra with detachable cups, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the bra with detachable cups, in its disengaged position, showing our new design;

FIG. 2 is a front elevational view thereof, shown in its attached position;

FIG. 3 is a side elevational view looking from the right side of FIG. 2, the opposite side being a mirror image thereof; and, FIG. 4 is a rear elevational view thereof.

The crosshatched pattern, although shown intermittently, is meant to represent fabric, and is understood to be distributed uniformly over the surfaces of the claimed design upon which it occurs.
