(57) **CLAIM**

The ornamental design for a wireless headset camera lens, as shown and described.

**DESCRIPTION**

FIG. 1 is a left and top front isometric view of a first wireless headset camera lens showing our new design; FIG. 2 is an enlarged left and top front isometric view thereof; FIG. 3 is a left and front isometric view thereof, being rotated 90 degrees to the right; FIG. 4 is a left side elevational view thereof; FIG. 5 is a bottom plan view thereof; and, FIG. 6 is a front elevational view thereof. A human head and other broken line portions in the views are shown to illustrate environment only and form no part of the claimed design.
