CLAIM

(57) The ornamental design for a mammogram marker, as shown and described.

DESCRIPTION

FIG. 1 is a top elevation view of a third embodiment of a mammogram marker showing my new design; FIG. 2 is a front elevation view of the mammogram marker of FIG. 1, the rear being identical to the front; and, FIG. 3 is a left side elevation view of the mammogram marker of FIG. 1, the right side being identical to the left. The bottom of the mammogram marker is flat and is devoid of surface ornamentation. The broken lines immediately adjacent the claimed areas in FIG. 1 represent the bounds of the claim, and all other broken lines are included for the purpose of illustrating the unclaimed portions of the mammogram marker. None of the broken lines form a part of the claimed design.
