(57) **CLAIM**

I claim the ornamental design for a nursing camisole, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an embodiment of a nursing camisole.

FIG. 2 is a rear perspective view of the embodiment of the nursing camisole shown in FIG. 1.

FIG. 3 is front plan view of the embodiment shown in FIG. 1.

FIG. 4 is a front perspective view of the embodiment of the nursing camisole as shown in FIG. 1 in a partially open position.

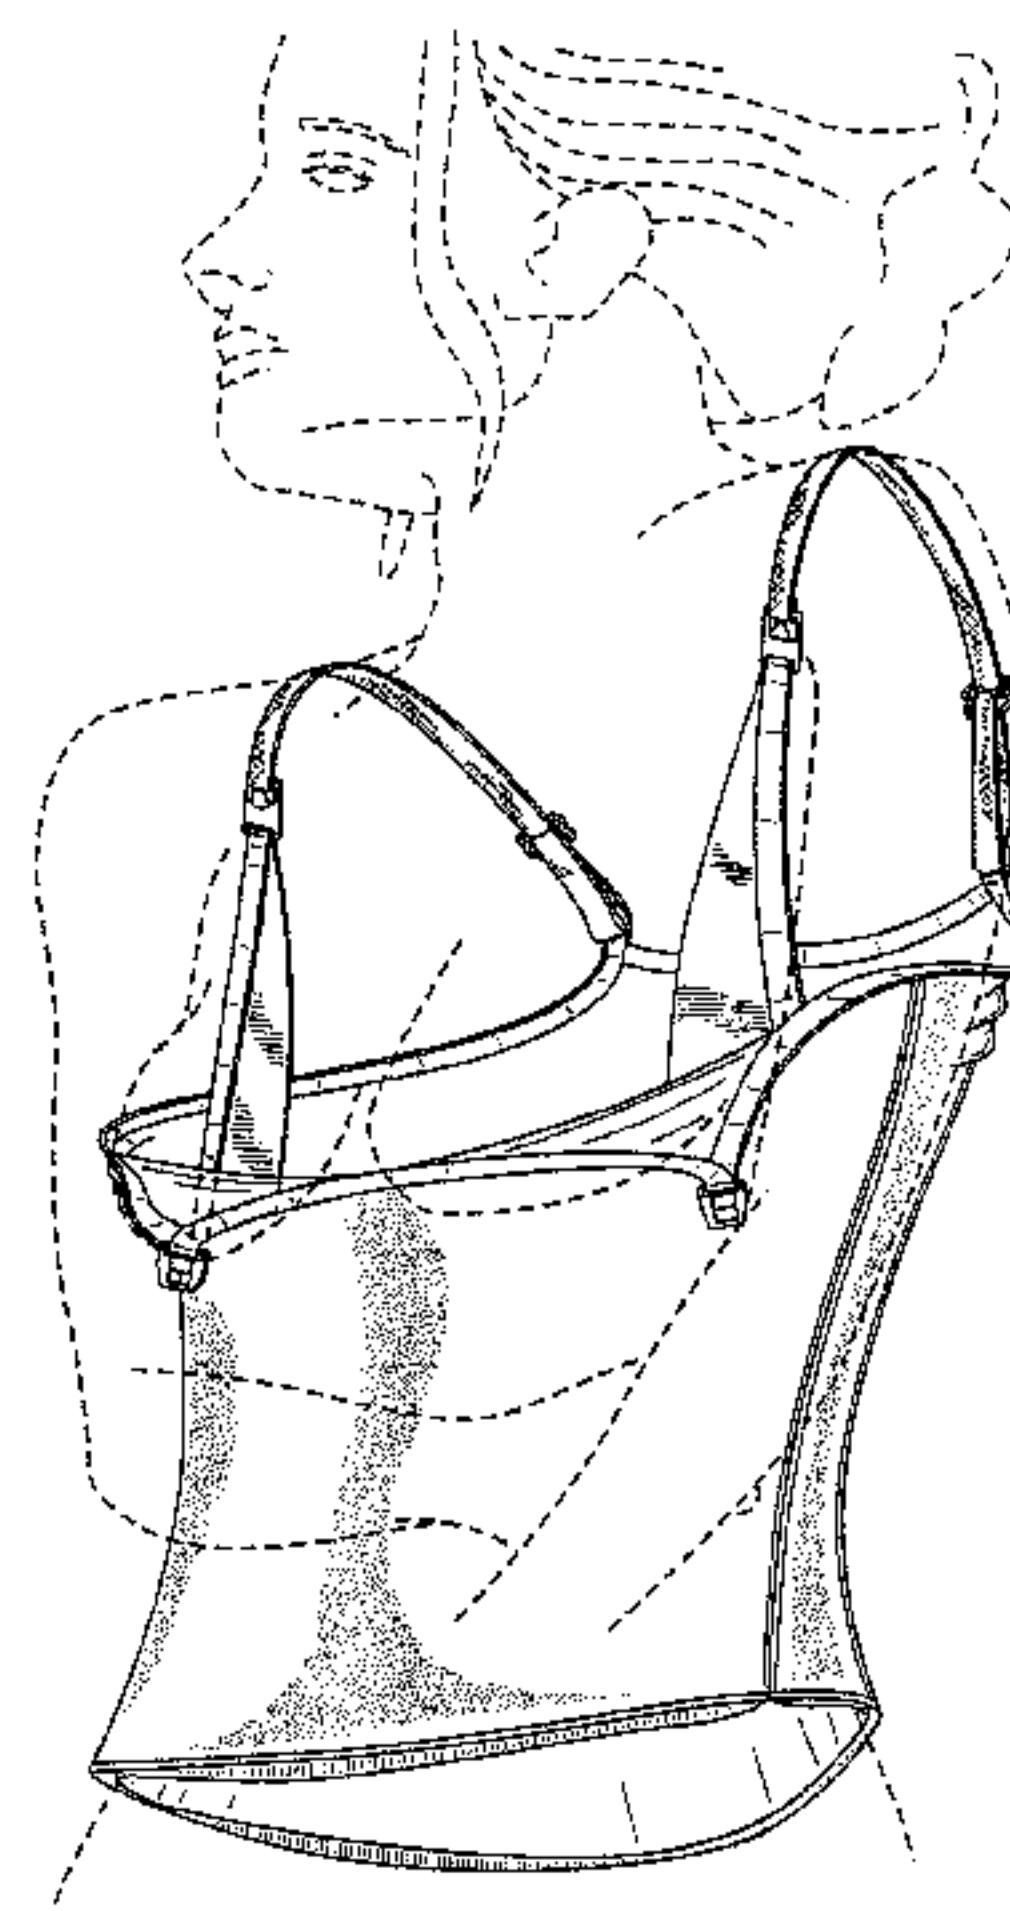

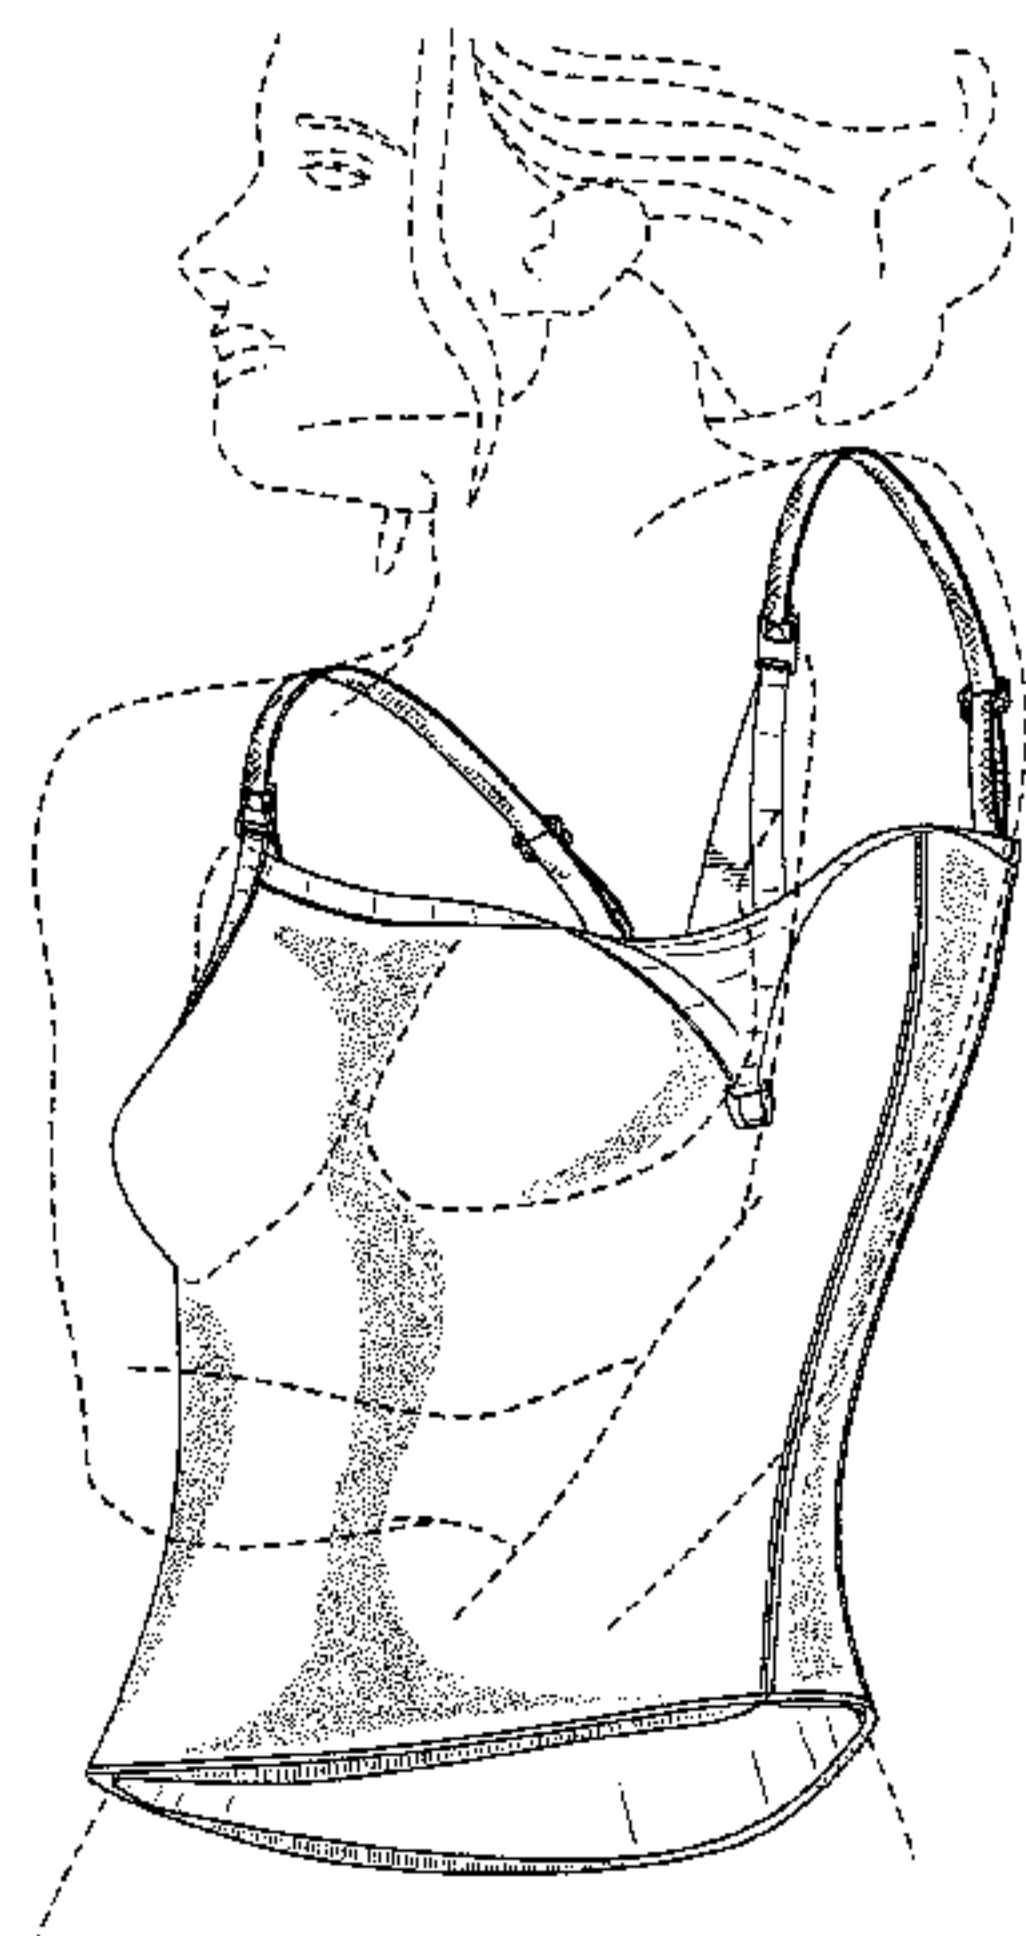

FIG. 5 is a front perspective view of the embodiment of the nursing camisole as shown in FIG. 1 in a fully open position.

FIG. 6 is a top plan view of the embodiment shown in FIG. 1 as looking straight down through the top of the nursing camisole; and,

FIG. 7 is a bottom plan view of the embodiment shown in FIG. 1 as looking straight up through the bottom of the nursing camisole.

The upper body of a human form is shown in broken lines in FIGS. 1, 2, 4, and 5. These lines illustrate the appearance of the claimed design when worn and form no part of the claimed invention. Further, the cross-hatching as shown intermittently in FIGS. 1-7, represents fabric and is understood to be distributed uniformly over the surfaces of the straps. Lastly, the stippling in FIGS. 1-7 represents shading.

1 Claim, 6 Drawing Sheets
