(57) **CLAIM**

The ornamental design for a dual material protective case to retain electronic devices including cell phones and electronic data and communication devices, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a dual material protective case to retain electronic devices including cell phones and electronic data and communication devices, showing my design, with an outer skeleton case in place on a soft inner retaining case;

FIG. 2 is a front elevational view;

FIG. 3 is a rear elevational view;

FIG. 4 is a side elevational view when viewed from the right side;

FIG. 5 is a side elevational view when viewed from the left side;

FIG. 6 is a top plan view;

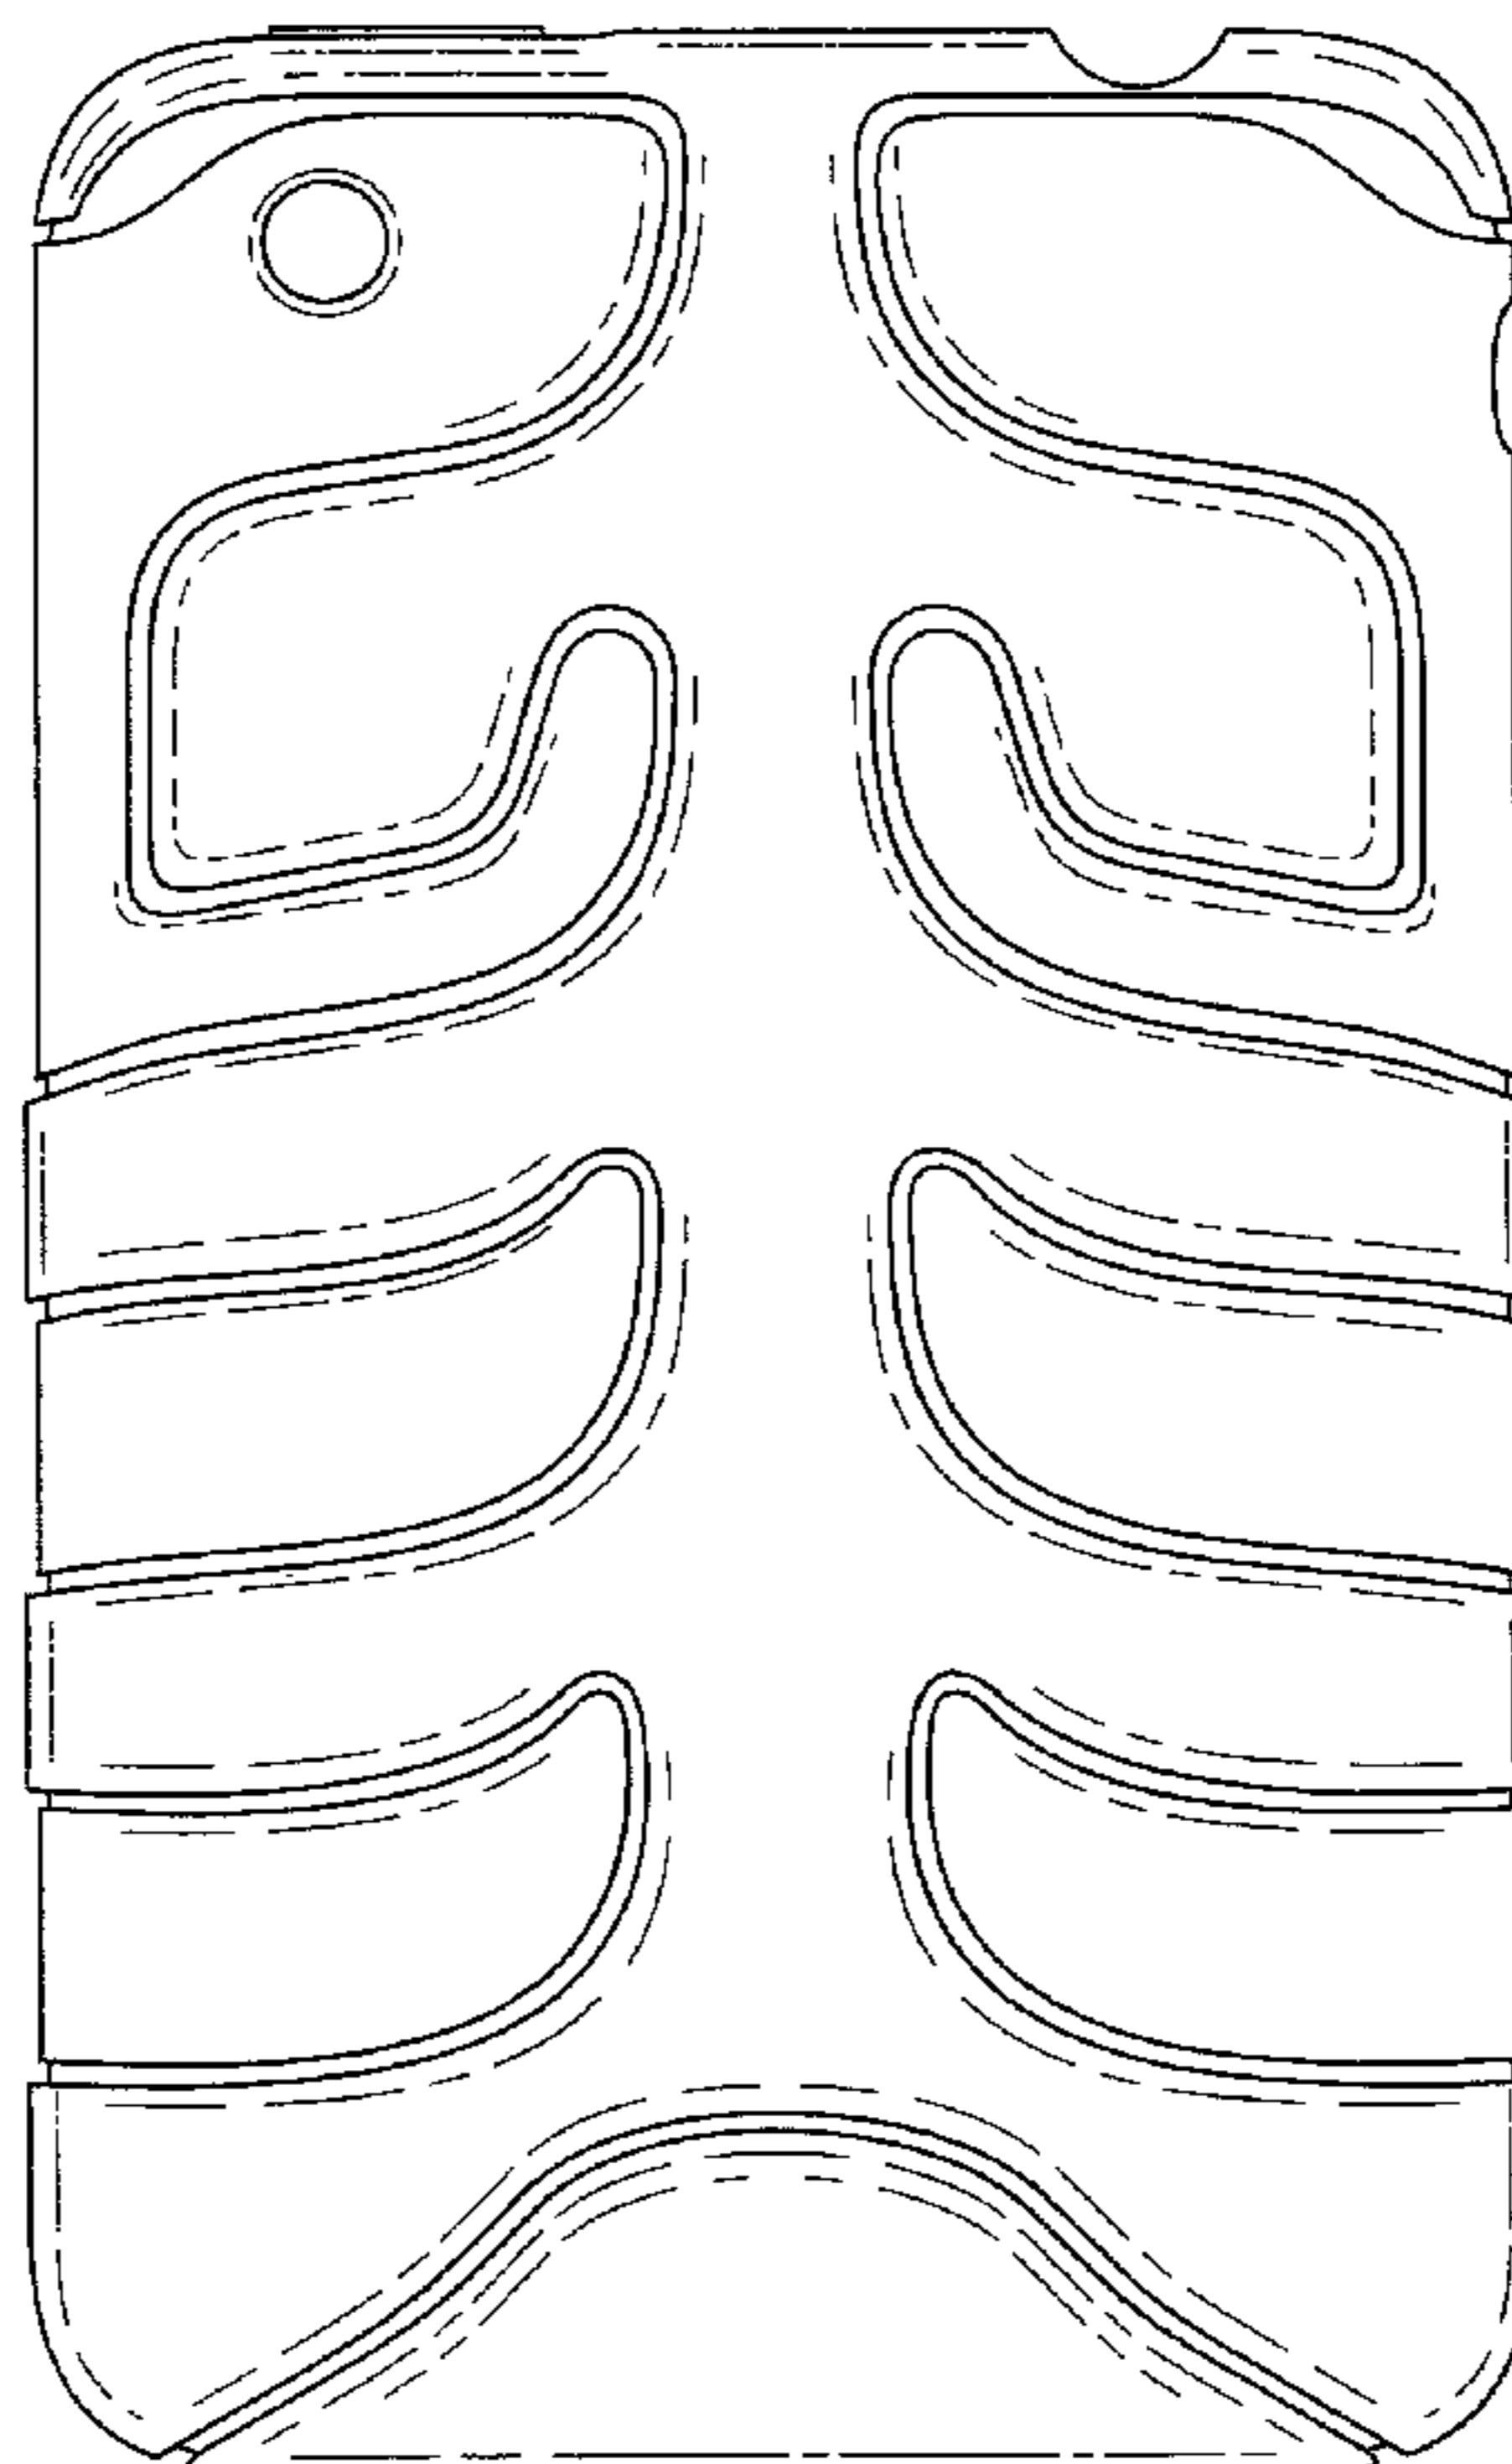

FIG. 7 is bottom plan view;

FIG. 8 is a separated front elevational view showing the front of the soft inner case and the front of the hard skeleton case;

FIG. 9 is a separated rear elevational view showing the rear of the soft inner case and the rear of the hard skeleton case; and,

FIG. 10 is a perspective view showing an electronic device retained in phantom within the present invention.
