(57) **CLAIM**

The ornamental design for an electronic router, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an illustrative electronic router taken from the top and front, and illustrating a first usable orientation;

FIG. 2 is another perspective view of the electronic router also taken from the top and front, and illustrating a second usable orientation;

FIG. 3 is a top plan view of the electronic router of FIG. 1;

FIG. 4 is a bottom plan view of the electronic router of FIG. 1;

FIG. 5 is a front elevation view of the electronic router of FIG. 1;

FIG. 6 is a back elevation view of the electronic router of FIG. 1;

FIG. 7 is a right side elevation view of the electronic router of FIG. 1; and,

FIG. 8 is a left side elevation view of the electronic router of FIG. 1.

The broken lines shown on the back in FIG. 6 views, which are immediately adjacent to the shaded areas and define unshaded regions, represent the bounds of the claimed design, while all other broken lines are directed to environment and are for illustrative purposes only. The broken shown on the top and bottom surfaces in FIGS. 1 and 3-7 are superimposed on continuous claimed surfaces. The broken lines throughout the views form no part of the claimed design.
