(57) **CLAIM**

The ornamental design for a desktop with storage unit, as shown and described.

This application is related to the following U.S. design patent application Ser. No. 29/368,198, filed Aug. 19, 2010, currently pending, the entire disclosure of which is incorporated by reference.

FIG. 1 is a perspective view of the desktop with storage unit showing my new design according to a first embodiment, the storage unit of the first embodiment being made of material that is transparent, translucent or the like;

FIG. 2 is another perspective view of the first embodiment; FIG. 3 is a front elevational view of the first embodiment; FIG. 4 is a right side elevational view of the first embodiment; FIG. 5 is a left side elevational view of the first embodiment; FIG. 6 is a rear elevational view of the first embodiment; FIG. 7 is a top plan view of the first embodiment; FIG. 8 is a bottom plan view of the first embodiment;

FIG. 9 is a perspective view of the desktop with storage unit showing my new design according to a second embodiment, the second embodiment being identical to the first embodiment except that the storage unit of the second embodiment is made of material that is opaque;

FIG. 10 is a perspective view of the desktop with storage unit showing my new design according to a third embodiment, the storage unit of the third embodiment being made of material that is transparent, translucent or the like;

FIG. 11 is another perspective view of the third embodiment; FIG. 12 is a front elevational view of the third embodiment; FIG. 13 is a right side elevational view of the third embodiment;

FIG. 14 is a left side elevational view of the third embodiment;

FIG. 15 is a rear elevational view of the third embodiment; FIG. 16 is a top plan view of the third embodiment;

FIG. 17 is a bottom plan view of the third embodiment; and, FIG. 18 is a perspective view of the desktop with storage unit showing my new design according to a fourth embodiment, the fourth embodiment being identical to the third embodiment except that the storage unit of the fourth embodiment is made of material that is opaque.

The broken lines in the drawings represent environmental structure and form no part of the claimed design.

1 Claim, 12 Drawing Sheets
