(57) **CLAIM**

The ornamental design for a reusable label, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of reusable label showing my new design;

FIG. 2 is a perspective view of the reusable label as shown in an alternative configuration;

FIG. 3 is a top view of the reusable label;

FIG. 4 is a bottom view of the reusable label;

FIG. 5 is a left side view of the reusable label;

FIG. 6 is a right side view of the reusable label;

FIG. 7 is a front side view of the reusable label;

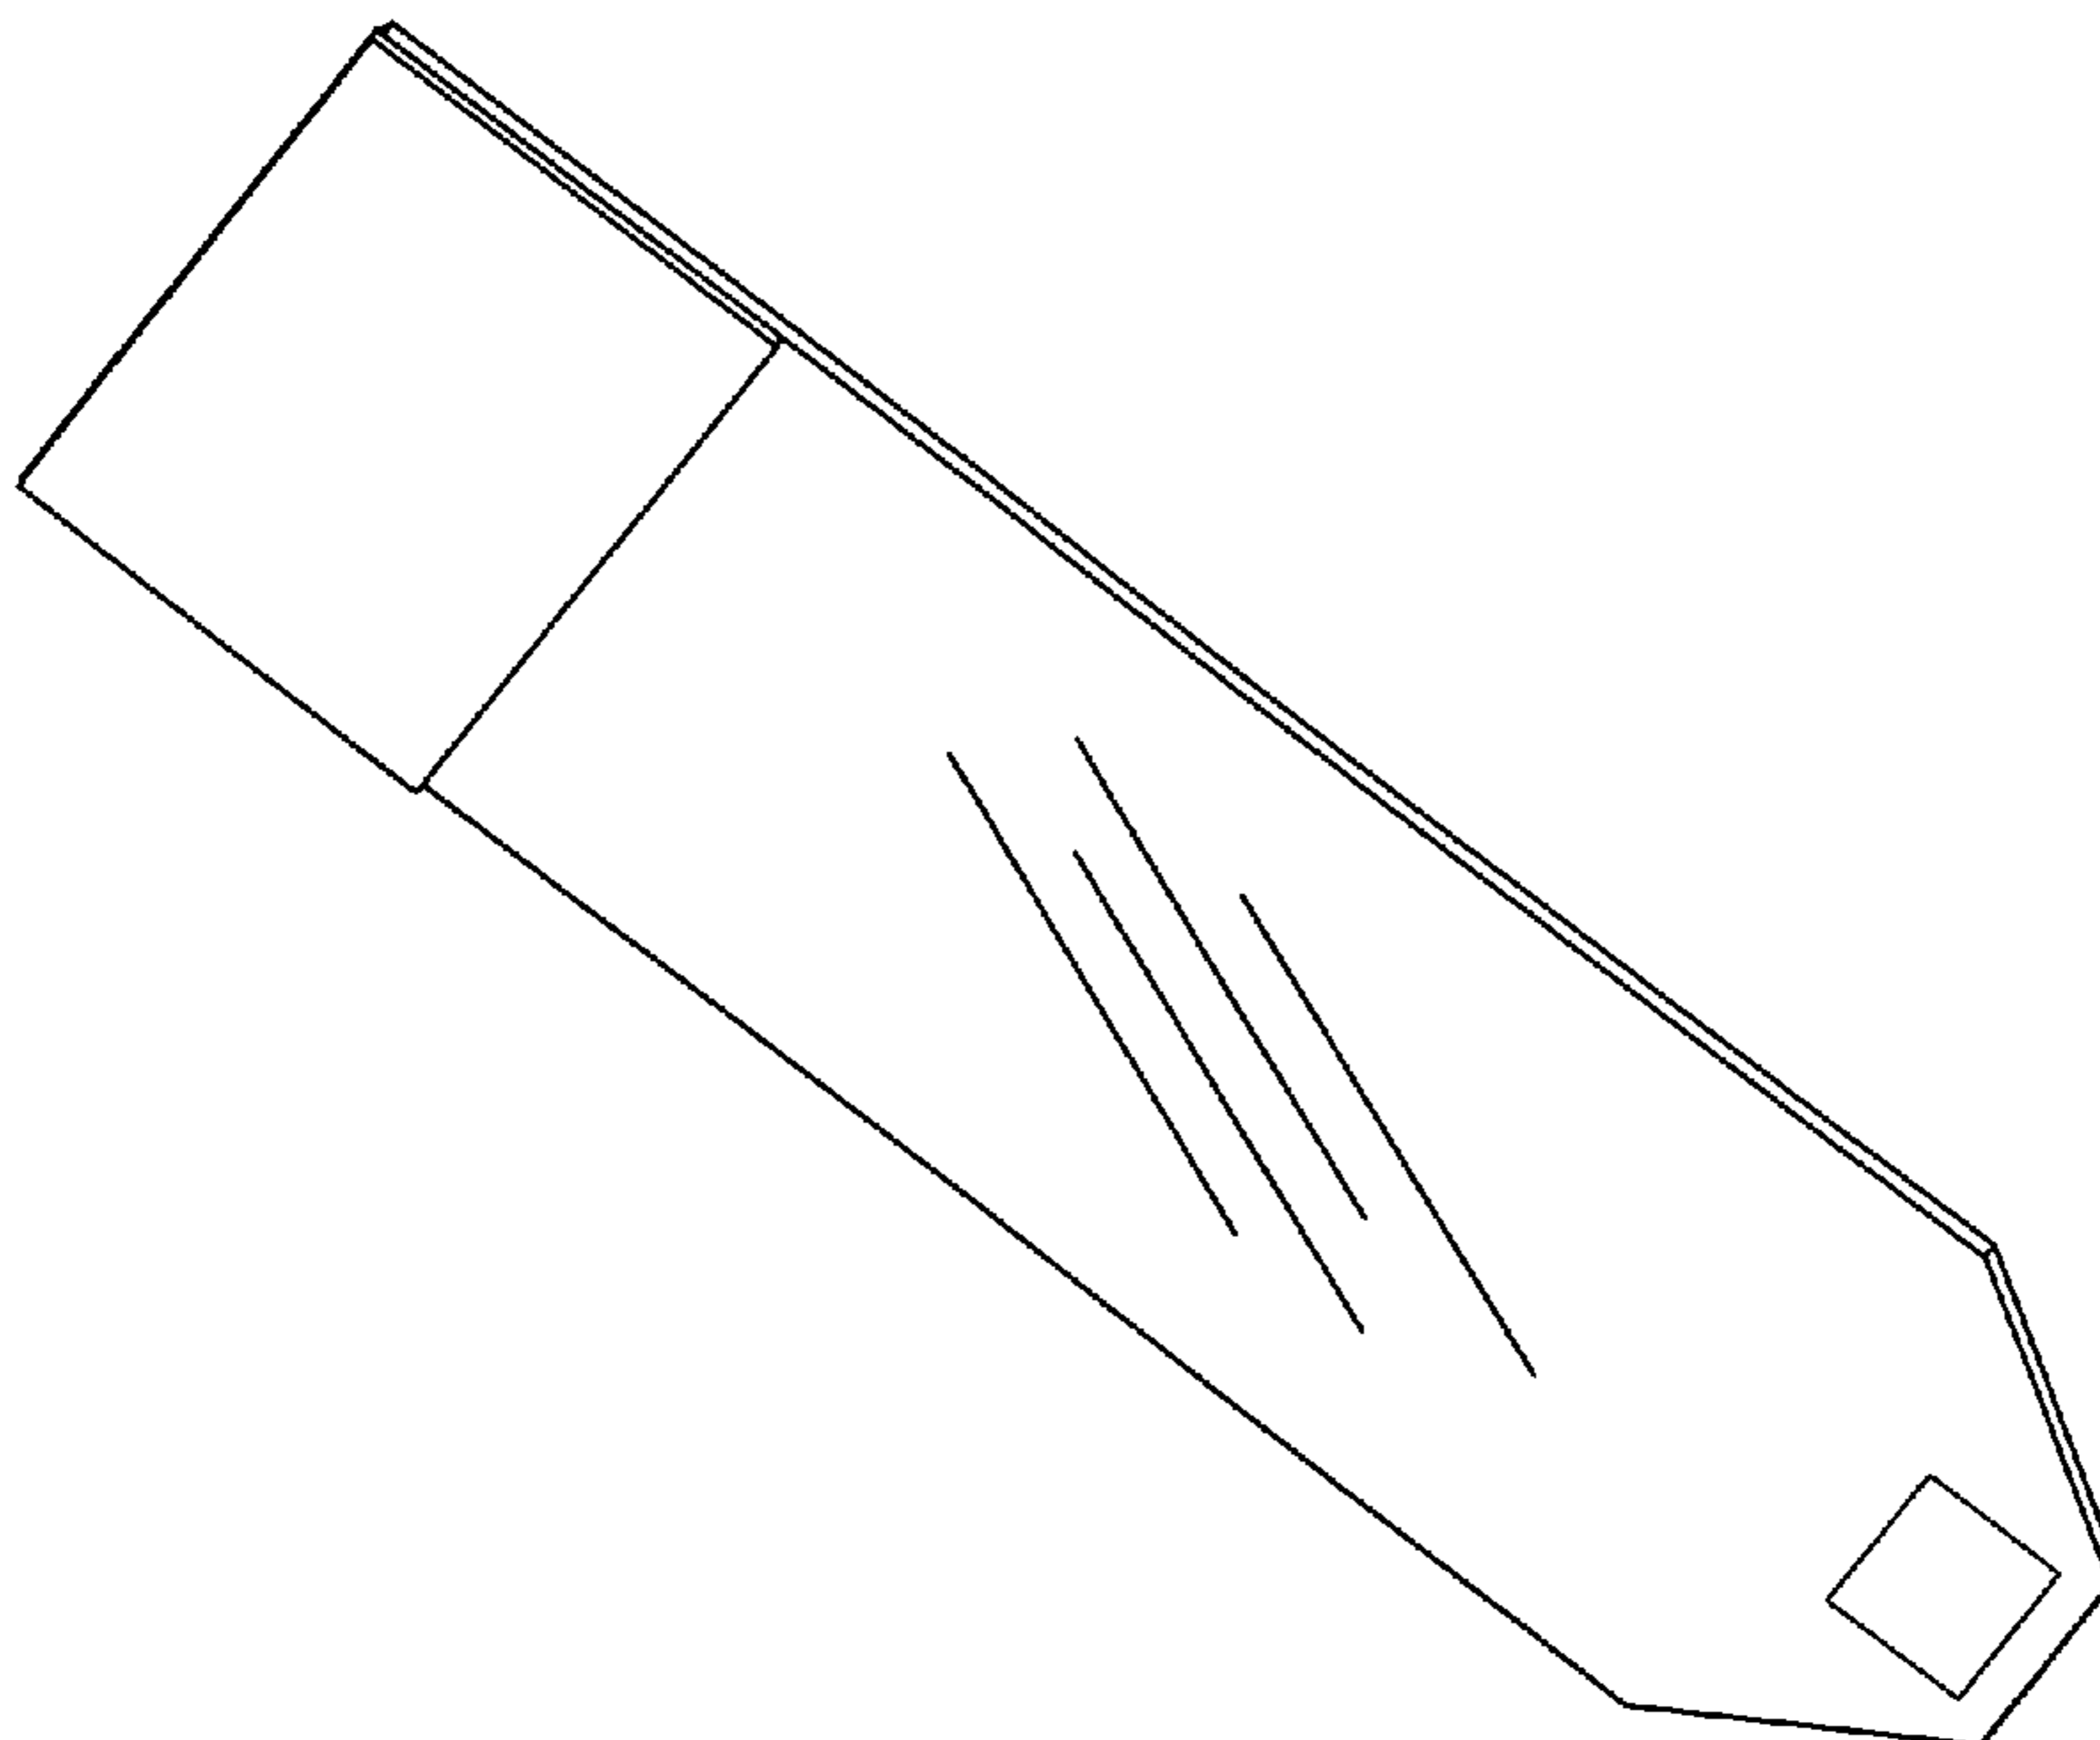

FIG. 8 is a back side view of the reusable label;

FIG. 9 is a front perspective view of the reusable label shown in an alternative configuration as used on a medicine bottle shown in broken lines; and,

FIG. 10 is a back perspective view of the reusable label in the alternative configuration of FIG. 9, showing visibility of the original medicine label in broken lines through the reusable label.

In the drawings, the broken lines represent the environment in which the reusable label is used and forms no part of the claimed design.
