(57) **CLAIM**

The ornamental design for a femoral trochlear cut guide, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a femoral trochlear cut guide shown in an environment illustrating our new design; FIG. 2 is a rear end view of the femoral trochlear cut guide shown removed from its environment in order to show aspects of the design that are not apparent in the perspective view; FIG. 3 is a front end view thereof; FIG. 4 is a right side elevation view thereof; FIG. 5 is a left side elevation view thereof; FIG. 6 is a top plan elevation view thereof; and, FIG. 7 is a bottom plan elevation view thereof.

The broken lines shown that are immediately adjacent the shaded areas represent unclaimed boundaries while the dot-dash broken lines are directed to environment and are for illustrative purposes only; the broken lines form no part of the claimed design.
