(57) **CLAIM**

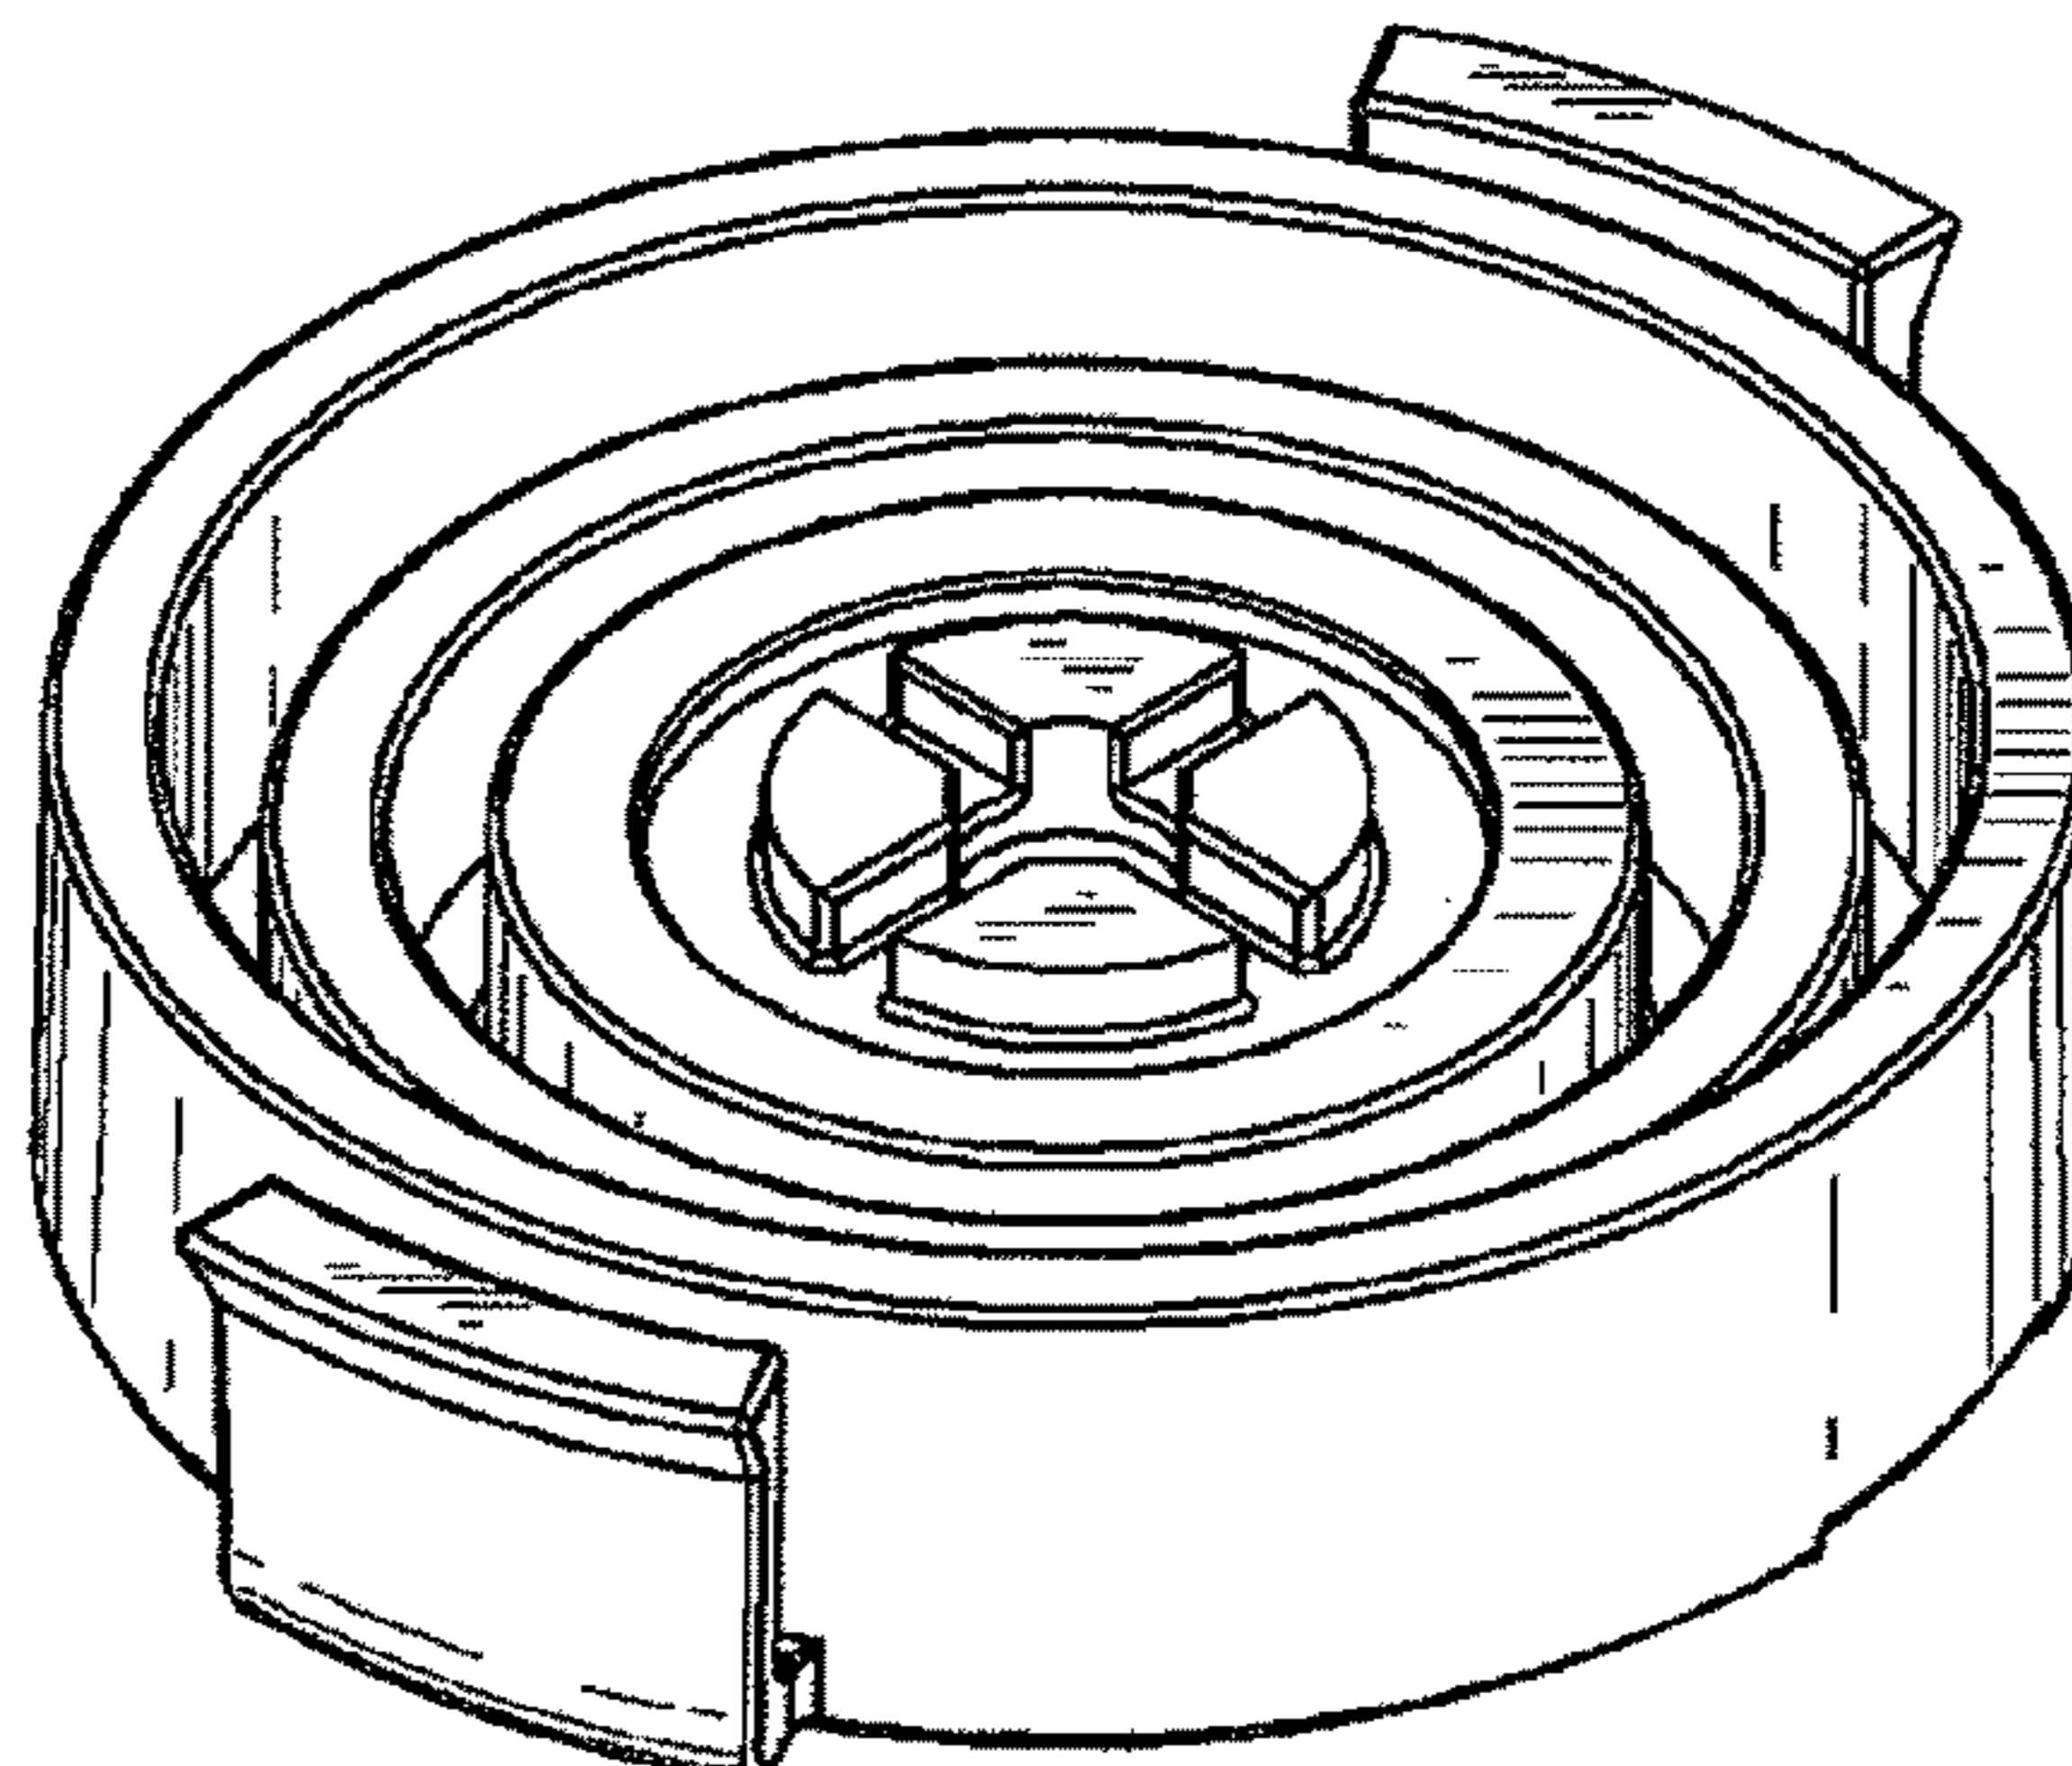

The ornamental design for an insert for a closure for a container, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of an insert for a closure for a container, showing our new design; and, FIG. 2 is a top view thereof.

The present application is directed to the shape and contour of a lock-out type closure for a container and a corresponding lock-out type dispenser insert. Features of the drawings shown in broken lines are not considered part of the design currently sought to be patented.
