(57) **CLAIM**

We claim the ornamental design of a cup, as shown and described.

**DESCRIPTION**

FIG. 1 is a first view a cup, viewed from the front.

FIG. 2 is a second view of the cup, viewed from a side.

FIG. 3 is first perspective view of the cup, turned upside-down so that the closed portion of the cup is positioned at the top of this view.

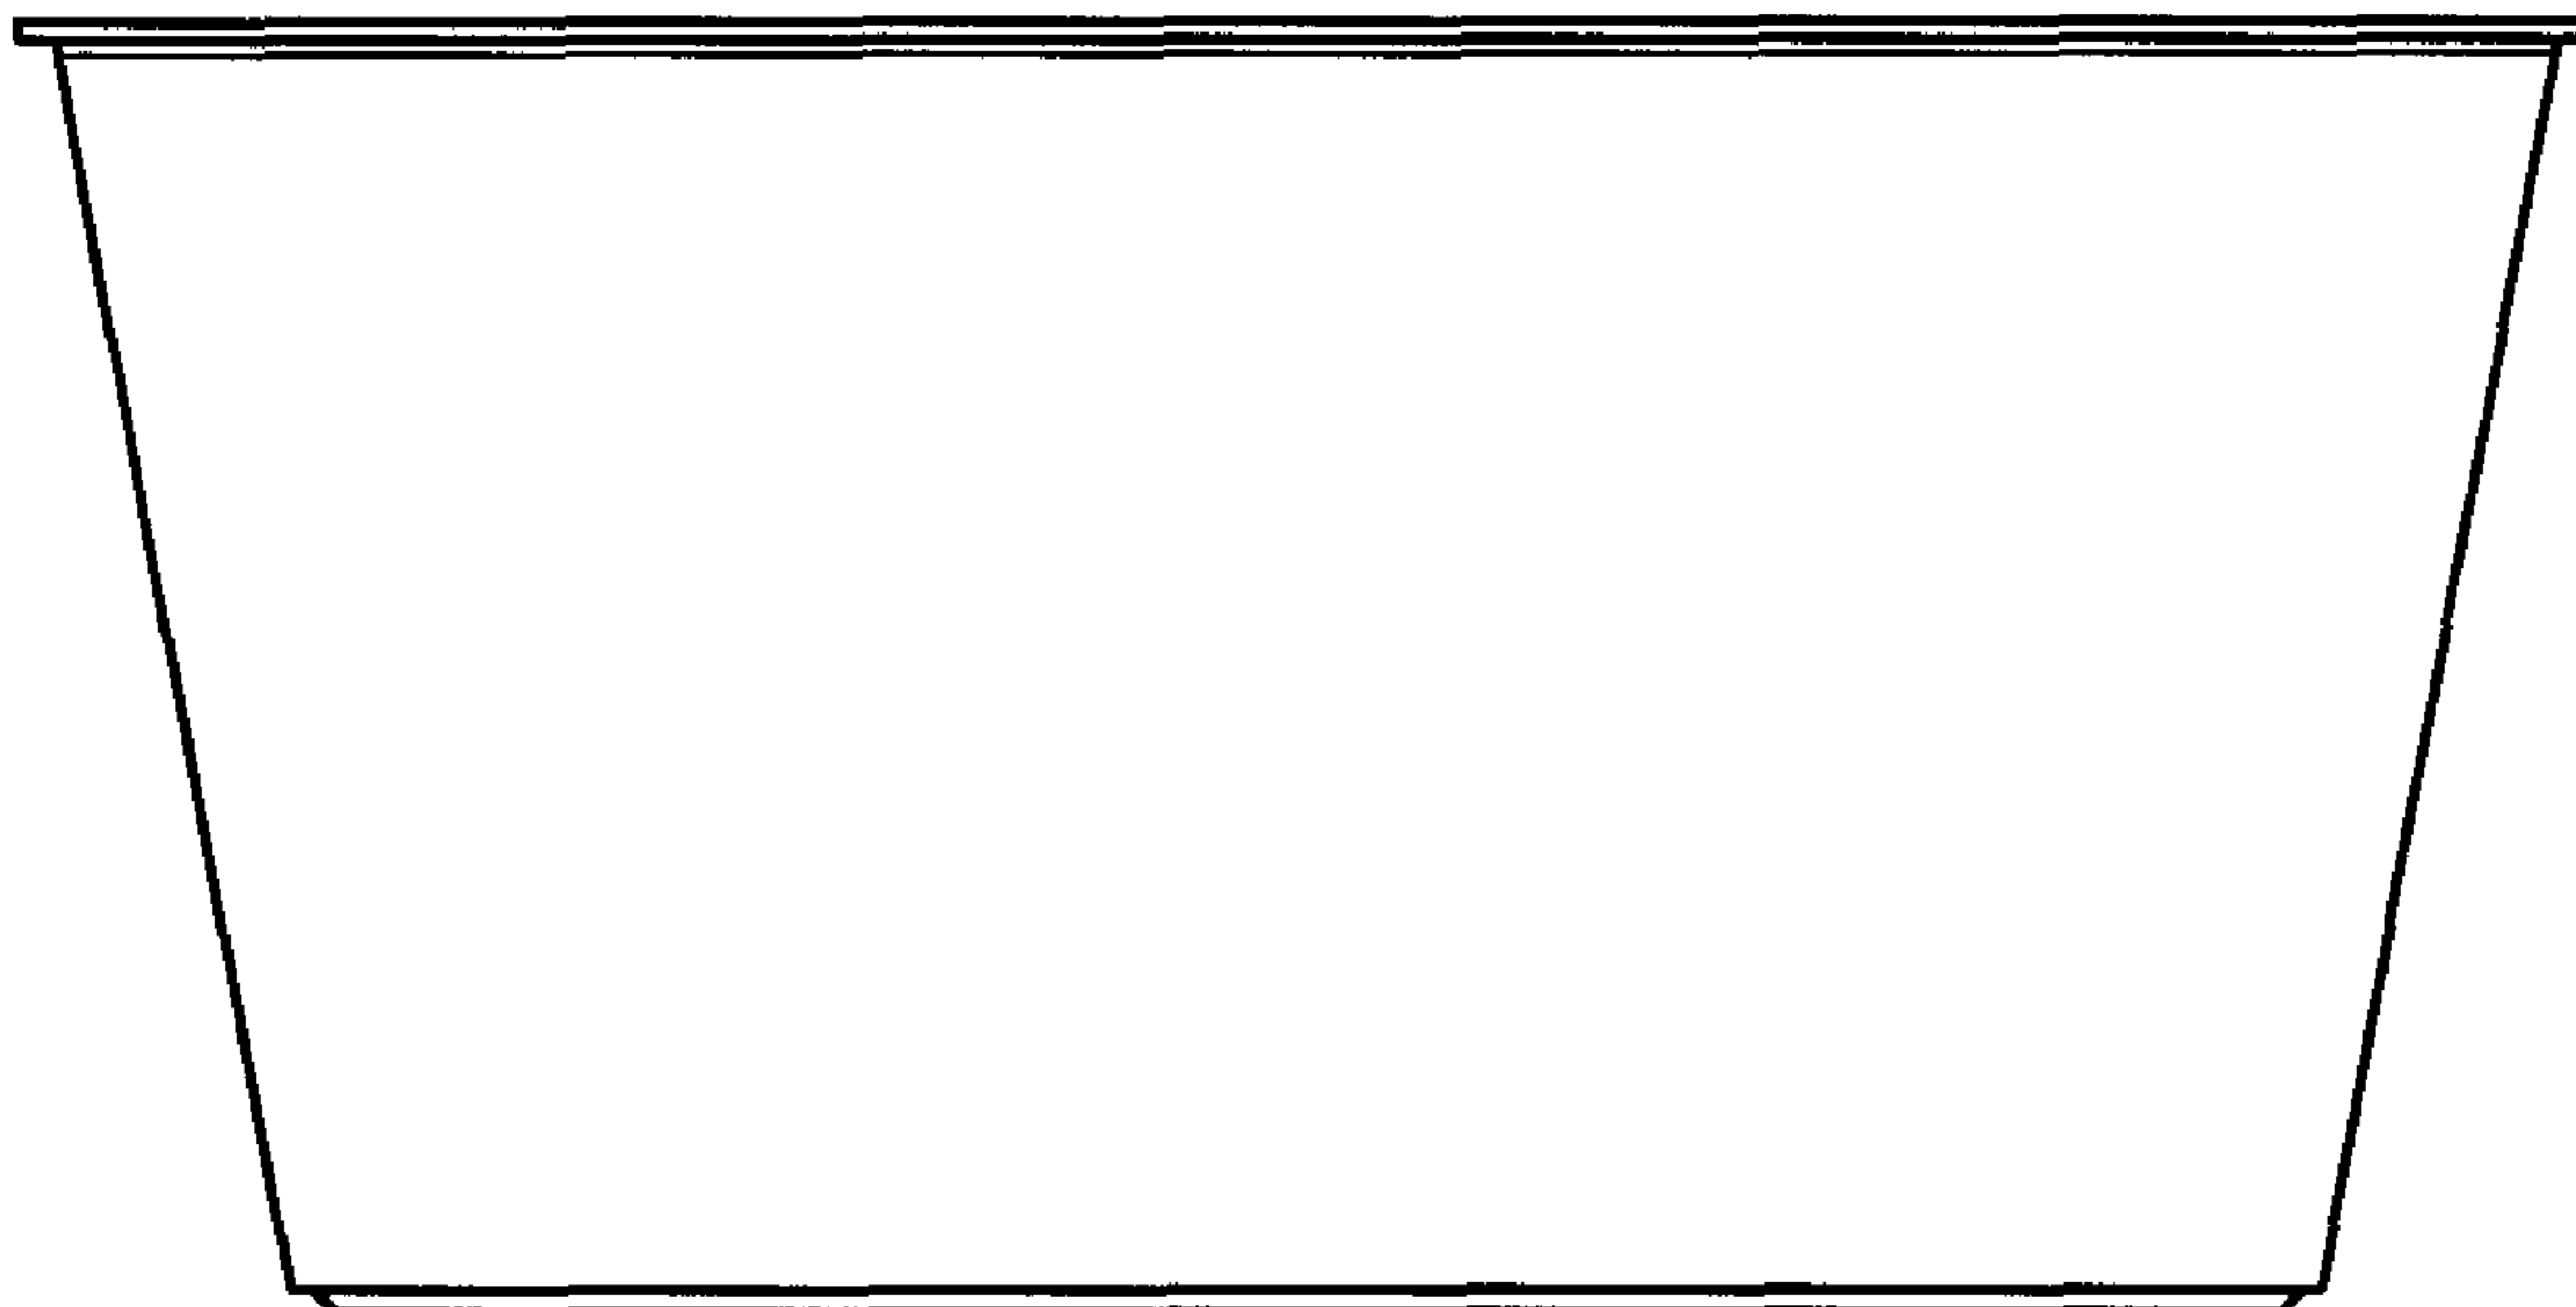

FIG. 4 is a second perspective view of the cup, positioned so that the open portion of the cup is positioned at the top of this view.

FIG. 5 is a top view of the cup, showing an open top and design elements on the inside walls of the cup; and,

FIG. 6 is a bottom view of the cup, showing a closed bottom and its associated design elements.

The broken line portion of the figure drawings is included to show unclaimed subject matter only and forms no part of the claimed design.
