(57) **CLAIM**

The ornamental design for a motorcycle handgrip accessory, as shown and described.

DESCRIPTION

FIG. 1 is a top view of the first and second portion of the present invention; and

FIG. 2 is a bottom view of the first and second portion of the present invention; and

FIG. 3 is a side view of the first portion of the present invention, shown separately for clarity; and

FIG. 4 is a side view of the second portion of the present invention, shown separately for clarity; and

FIG. 5 is bottom view of the first portion of the present invention engaged with the hand of a user; and,

FIG. 6 is a perspective view of the first and second portion of the present invention wherein the first portion is engaged with the hand and wrist area of a user and the second portion is circumferentially mounted to an exemplary handle.

The broken lines showing the hand, arm portion, and handlebar portion are included for the purpose of illustrating use and environment and form no part of the claimed design.

All other broken lines represent stitching and form part of the claimed design.
