Scott H. Kaliko, Esq.

(57) **CLAIM**

An ornamental design for a tool box, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of an embodiment of a tool box, shown in a fully-closed position;  
 FIG. 2 is a front perspective view of the embodiment shown in FIG. 1, in a partially-opened position with the outer portions detached from one end;  
 FIG. 3 is a front perspective view thereof of the embodiment shown in FIG. 1, in a fully-opened position;  
 FIG. 4 is a front perspective view thereof, with the top deployed over the outer portions;  
 FIG. 5 is an enlarged perspective view, showing the detail of one end; and,  
 FIG. 6 is a further enlarged perspective view, showing the detail of the end opposite that of FIG. 5.

The features shown in broken lines in FIGS. 3, 4, 5 and 6 are unclaimed. The broken lines demarking the far edges of the tool box in FIGS. 5 and 6 indicate that the views have been truncated to allow for enlarged detail. These lines are provided for clarity of illustration, and form no part of the claimed design.
