(57) **CLAIM**

We claim the ornamental design for a spine region of a binder, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a spine region of a binder showing our new design with the binder in a closed configuration;  
FIG. 2 is a back perspective view thereof;  
FIG. 3 is a front view thereof;  
FIG. 4 is a back view thereof;  
FIG. 5 is a top plan view thereof;  
FIG. 6 is a bottom plan view thereof;  
FIG. 7 is left side elevational view thereof;  
FIG. 8 is a right side elevational view thereof; and,  
FIG. 9 is an elevational view of the outside surface of the binder with the binder lying flat in an open configuration.  
The dashed lines shown in FIGS. 1-9 are for illustrative purposes only, depicting environmental structure that forms no part of the claimed design.
