(57) **CLAIM**

The ornamental design for wheelbarrow wheel, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of the wheelbarrow wheel; FIG. 2 is an axial view of the wheelbarrow wheel; and, FIG. 3 is a radial view of the wheelbarrow wheel.

It is noted that the left and right axial views are identical. Similarly, given the circular nature of the wheelbarrow wheel, the front, back, top and bottom views are all radial views and are identical. Further, the phantom lines depicted in the figures are intended for the purposes of illustration only and are not a part of the design.
