(57) **CLAIM**

The ornamental design for a patient monitor with user interface, as shown and described.

DESCRIPTION

© 2009 Mindray DS USA, Inc. A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the file or records of the U.S. Patent and Trademark Office, but reserves all other copyright rights whatsoever.

The single FIGURE is a front view of a patient monitor with a user interface showing our new design.

The broken line showing of a patient monitor display, icons, and alphanumeric text is directed to environment and forms no part of the claimed design.
