(57) **CLAIM**

The ornamental design for a container for stick fragrance diffusers, as shown and described.

DESCRIPTION

The patent application filed contains at least one drawing. Any indicia shown in broken lines in the drawings form no part of the design to be patented. The container, which is shown to include two segments (i.e., an upper segment and a lower segment), is designed so that the upper segment is opaque and the lower segment is transparent so that, as part of the design, the stick fragrance diffusers are visible through the transparent lower segment.

FIG. 1 is a front view of the container for stick fragrance diffusers of the present invention.

FIG. 2 is a plan view of the container of the present invention.

FIG. 3 is a rear view of the container of the present invention.

FIG. 4 is a front perspective view of the container of the present invention.

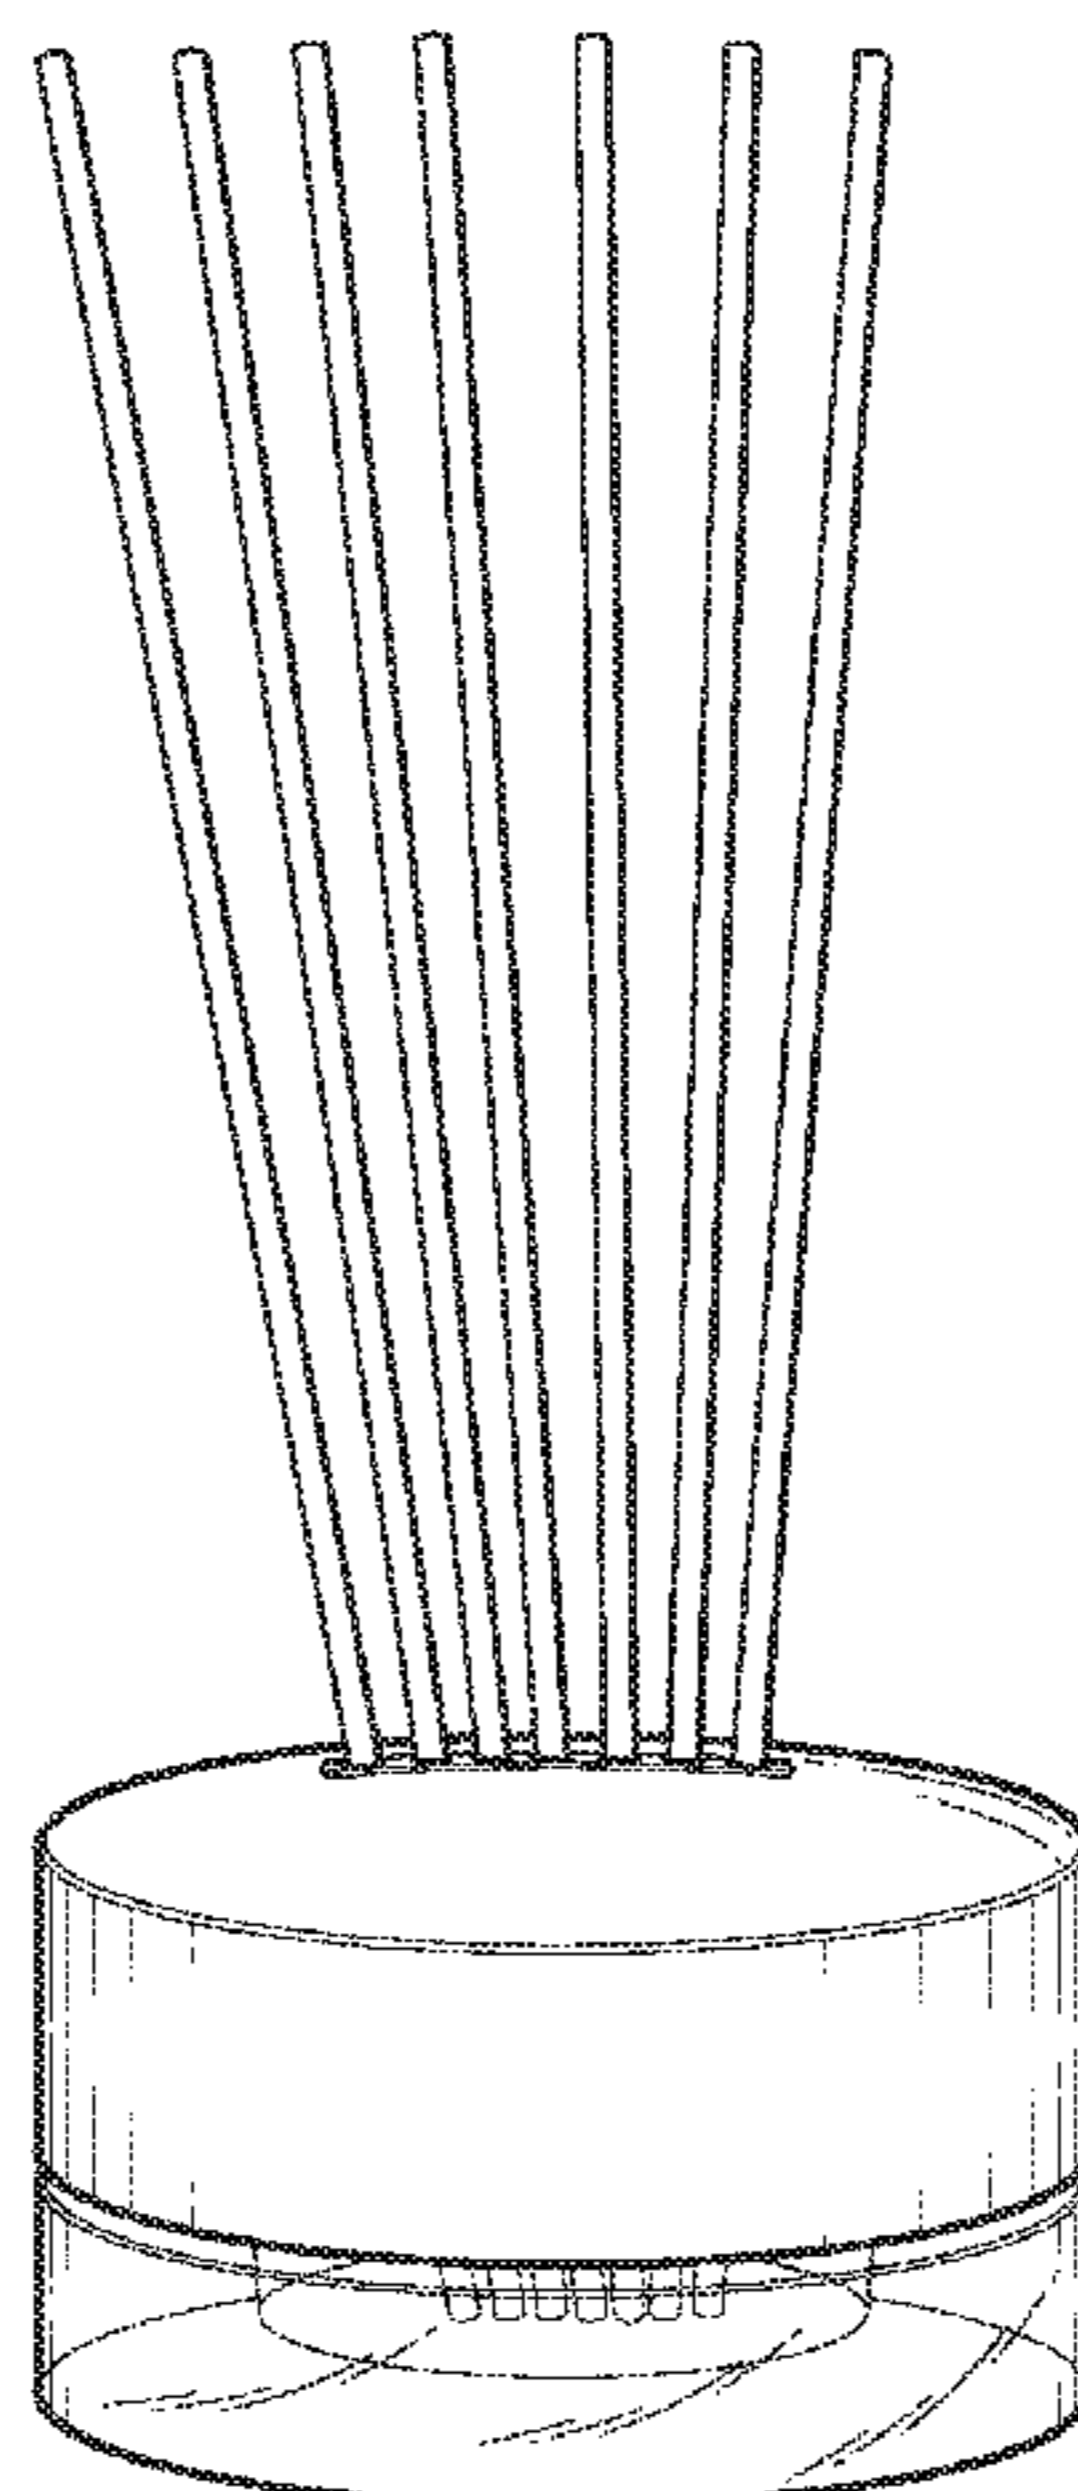

FIG. 5 is a rear perspective view of the container of the present invention.

FIG. 6 is another front perspective view of the container of the present invention taken at a slightly different angle than in FIG. 4; and,

FIG. 7 is a bottom view of the container of the present invention.

The broken lines shown in the drawings are for illustrative purposes only and form no part of the claimed design.
