(57) **CLAIM**

The ornamental design for a display panel with a transitional computer icon, as shown and described.

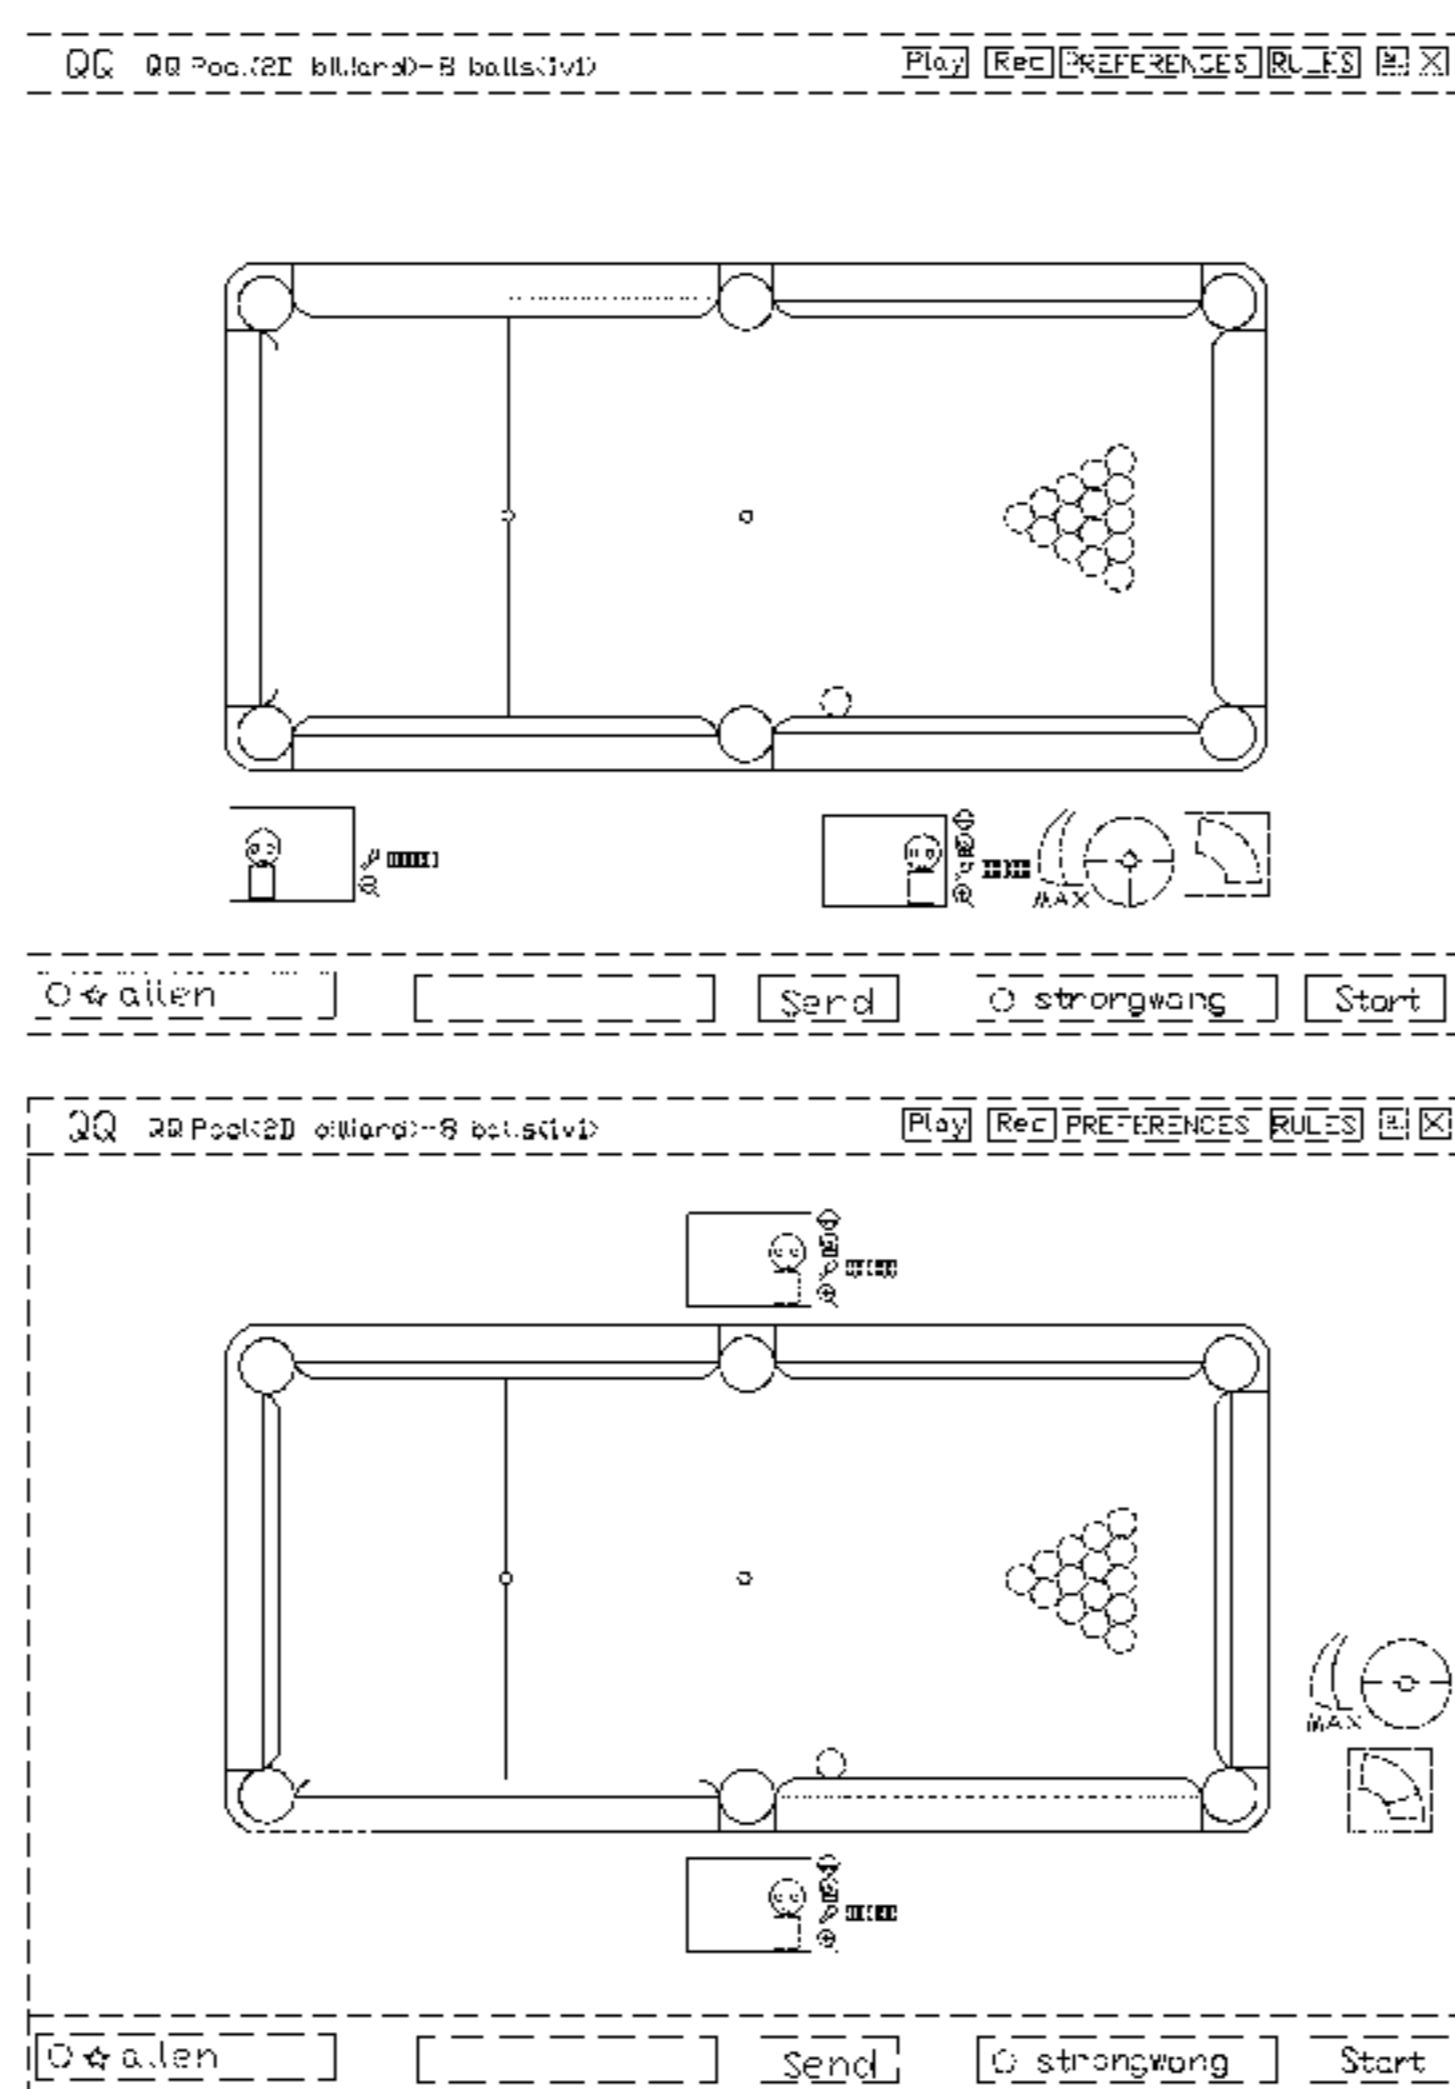

**DESCRIPTION**

FIG. 1 is a front view of a display panel with a transitional computer icon showing the first image in the sequence; FIG. 2 is a front view thereof, showing the second image in the sequence; FIG. 3 is a front view thereof, showing the third image in the sequence; FIG. 4 is a front view thereof, showing the fourth image in the sequence; FIG. 5 is a front view thereof, showing the fifth image in the sequence; FIG. 6 is a front view thereof, showing the sixth image in the sequence; FIG. 7 is a front view thereof, showing the seventh image in the sequence; FIG. 8 is a front view thereof, showing the eighth image in the sequence; FIG. 9 is a front view thereof, showing the ninth image in the sequence; FIG. 10 is a front view thereof, showing the tenth image in the sequence; FIG. 11 is a front view thereof, showing the eleventh image in the sequence; and, FIG. 12 is a front view thereof, showing the twelfth image in the sequence.

The broken line showing of the display panel and the broken line showing of the text and portions of the transitional computer icon are included for the purpose of illustrating unclaimed environment and form no part of the claimed design.

The appearance of the transitional image transitions between the images shown in FIGS. 1-12. No ornamental aspects are associated with the process or period in which one image transitions to another image.
