(57) **CLAIM**

We claim the ornamental design for a portable case for monitor storage and use, as shown and described.

DESCRIPTION

FIG. 1 is an orthogonal view of one embodiment of a portable case for monitor storage and use in a first configuration showing an open case with the top section of the case removed (top section not shown) and a partially raised monitor extending vertically from within the storage and use case.

FIG. 2 is a top view of the portable case for monitor storage and use of FIG. 1.

FIG. 3 is a front view of the portable case for monitor storage and use of FIG. 1.

FIG. 4 is a left side view of the portable case for monitor storage and use of FIG. 1.

FIG. 5 is a right side view of the portable case for monitor storage and use of FIG. 1.

FIG. 6 is a back view of the portable case for monitor storage and use of FIG. 1.

FIG. 7 is an orthogonal view of the portable case for monitor storage and use in a second configuration showing an open case with the top section of the case removed (top section not shown) and a fully raised monitor extending vertically from within the storage and use case.

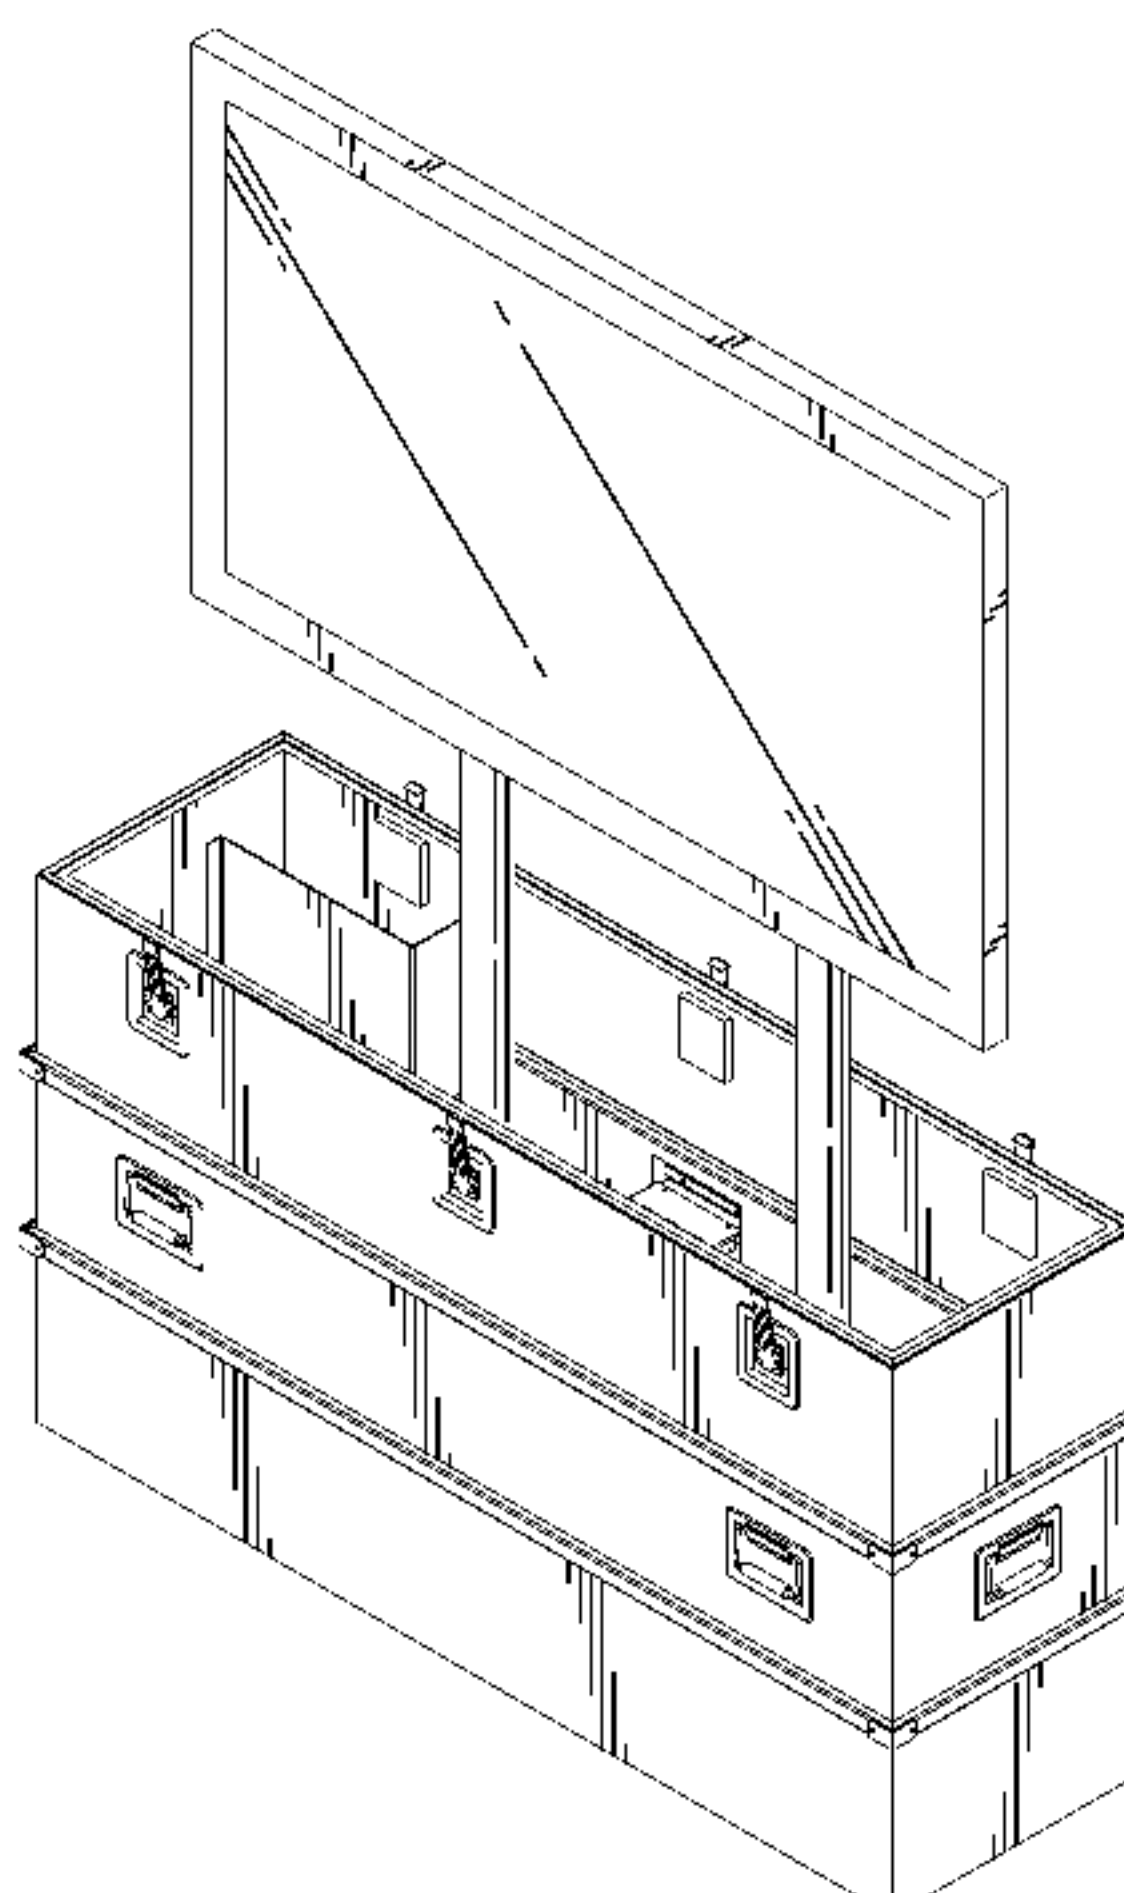

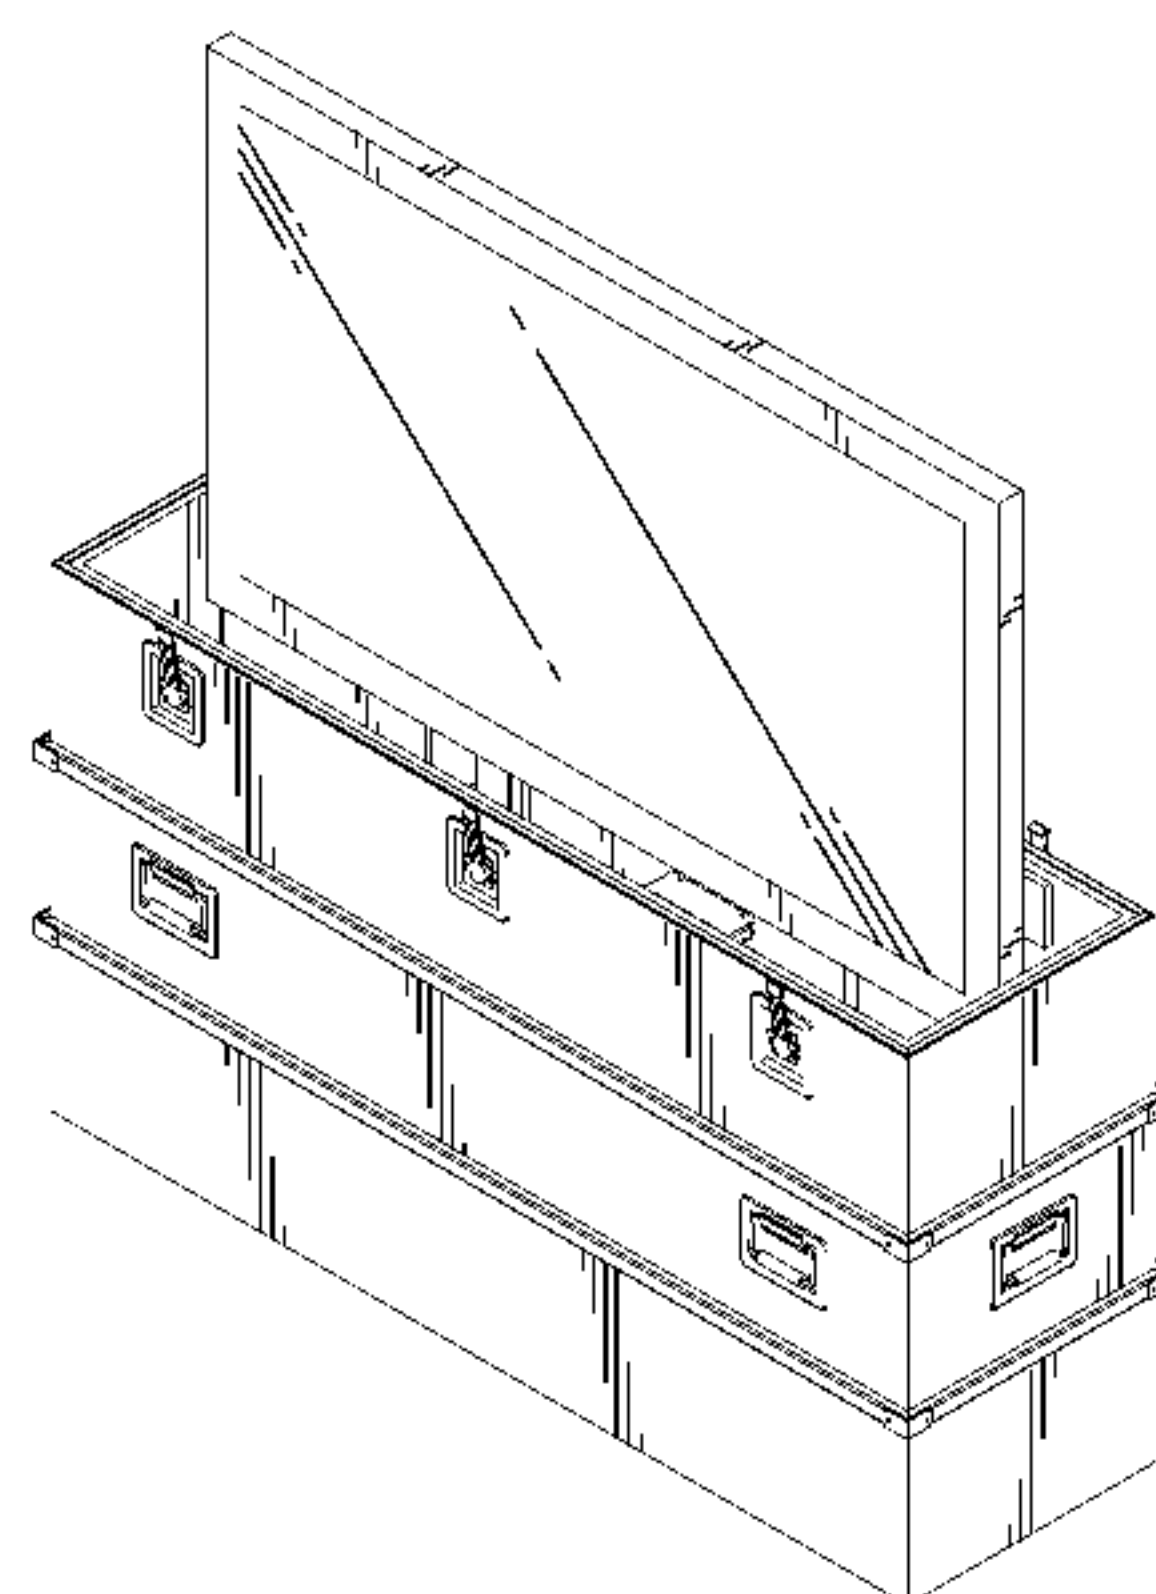

FIG. 8 is a front view of the portable case for monitor storage and use of FIG. 7.

FIG. 9 is a left side view of the portable case for monitor storage and use of FIG. 7.

FIG. 10 is a right side view of the portable case for monitor storage and use of FIG. 7; and,

FIG. 11 is a back view of the portable case for monitor storage and use of FIG. 7.
