(57) **CLAIM**

We claim the ornamental design for a construction glove, as shown and described.

**DESCRIPTION**

FIG. 1 is a rear perspective view of a construction glove according to an embodiment of the invention.

FIG. 2 is a rear elevation view of a construction glove according to an embodiment of the invention.

FIG. 3 is a front elevation view of a construction glove according to an embodiment of the invention.

FIG. 4 is a right side elevation view of a construction glove according to an embodiment of the invention.

FIG. 5 is a left side elevation view of a construction glove according to an embodiment of the invention.

FIG. 6 is a top plan view of a construction glove according to an embodiment of the invention; and,

FIG. 7 is a bottom plan view of a construction glove according to an embodiment of the invention.

The broken lines shown on the surfaces of the glove in the drawings represent stitching and are part of the claimed design. The broken-line oval in the wrist opening of FIG. 7 defines the bounds of the claimed design and forms no part thereof.
