(57) **CLAIM**

I claim the ornamental design for a foam floor mat, as shown and described.

**DESCRIPTION**

FIG. 1 shows the top plan view of the foam floor mat showing my new design, with bottom side being the mirror image thereof;

FIG. 2 shows the enlarged, partial view of the small triangle pattern on the top and bottom view of the design show in FIG. 1;

FIG. 3 shows the side view of the edge thereof;

FIG. 4 (lined for color, specifically black on the top, purple in the middle, and red on the bottom) is an enlarged, partial view of the edge thereof;

The top portion and the bottom portion of the floor matting illustrated have different colors which creates a layered structure when the mat is viewed from the side. Each side of the design is a mirror image.

FIG. 5 shows the top plan view of the foam floor mat showing it in use attached to additional floor mats;

FIG. 6 shows the enlarged, partial view of the corner where three (3) mats connect.

FIG. 7 (lined for color, specifically black on the top, purple in the middle, and blue on the bottom) shows a second embodiment of an enlarged, partial view of the edge thereof;

FIG. 8 (lined for color, specifically black on the top, purple in the middle, and green on the bottom) shows a third embodiment of an enlarged, partial view of the edge thereof;

FIG. 9 (lined for color, specifically black on the top, purple in the middle, and yellow on the bottom) shows a fourth embodiment of an enlarged, partial view of the edge thereof; and,

FIG. 10 (lined for color, specifically pink on the top, purple in the middle, and blue on the bottom) shows a fifth embodiment of an enlarged, partial view of the edge thereof.
