(57) **CLAIM**

The ornamental design for a display screen of a communications terminal with graphical user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the reproduction of the patent document or the patent disclosure, as it appears in the U.S. Patent Office records, but reserves all other copyright rights whatsoever.

The FIGURE is a front view of a graphical user interface for a display screen of a communications terminal.

The broken line surrounding the display screen is for environmental illustrative purposes only, and forms no part of the claimed design.
