(57) **CLAIM**

The ornamental design for a palm protector, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of one embodiment of a palm protector showing the new design. The embodiment shown in FIG. 1 is the front perspective view of the palm protector for the right hand. A palm protector for the left hand is identical to the embodiment shown in FIG. 1 but flipped over or reversed. Accordingly, the embodiment for the left hand is a mirror image of the embodiment for the right hand shown in FIG. 1.

FIG. 2 is a back perspective view of the embodiment of the palm protector from FIG. 1.

FIG. 3 is a front plan view of the embodiment of the palm protector from FIG. 1.

FIG. 4 is a back plan view of the embodiment of the palm protector from FIG. 1.

FIG. 5 is a top view of the embodiment from of the palm protector FIG. 1.

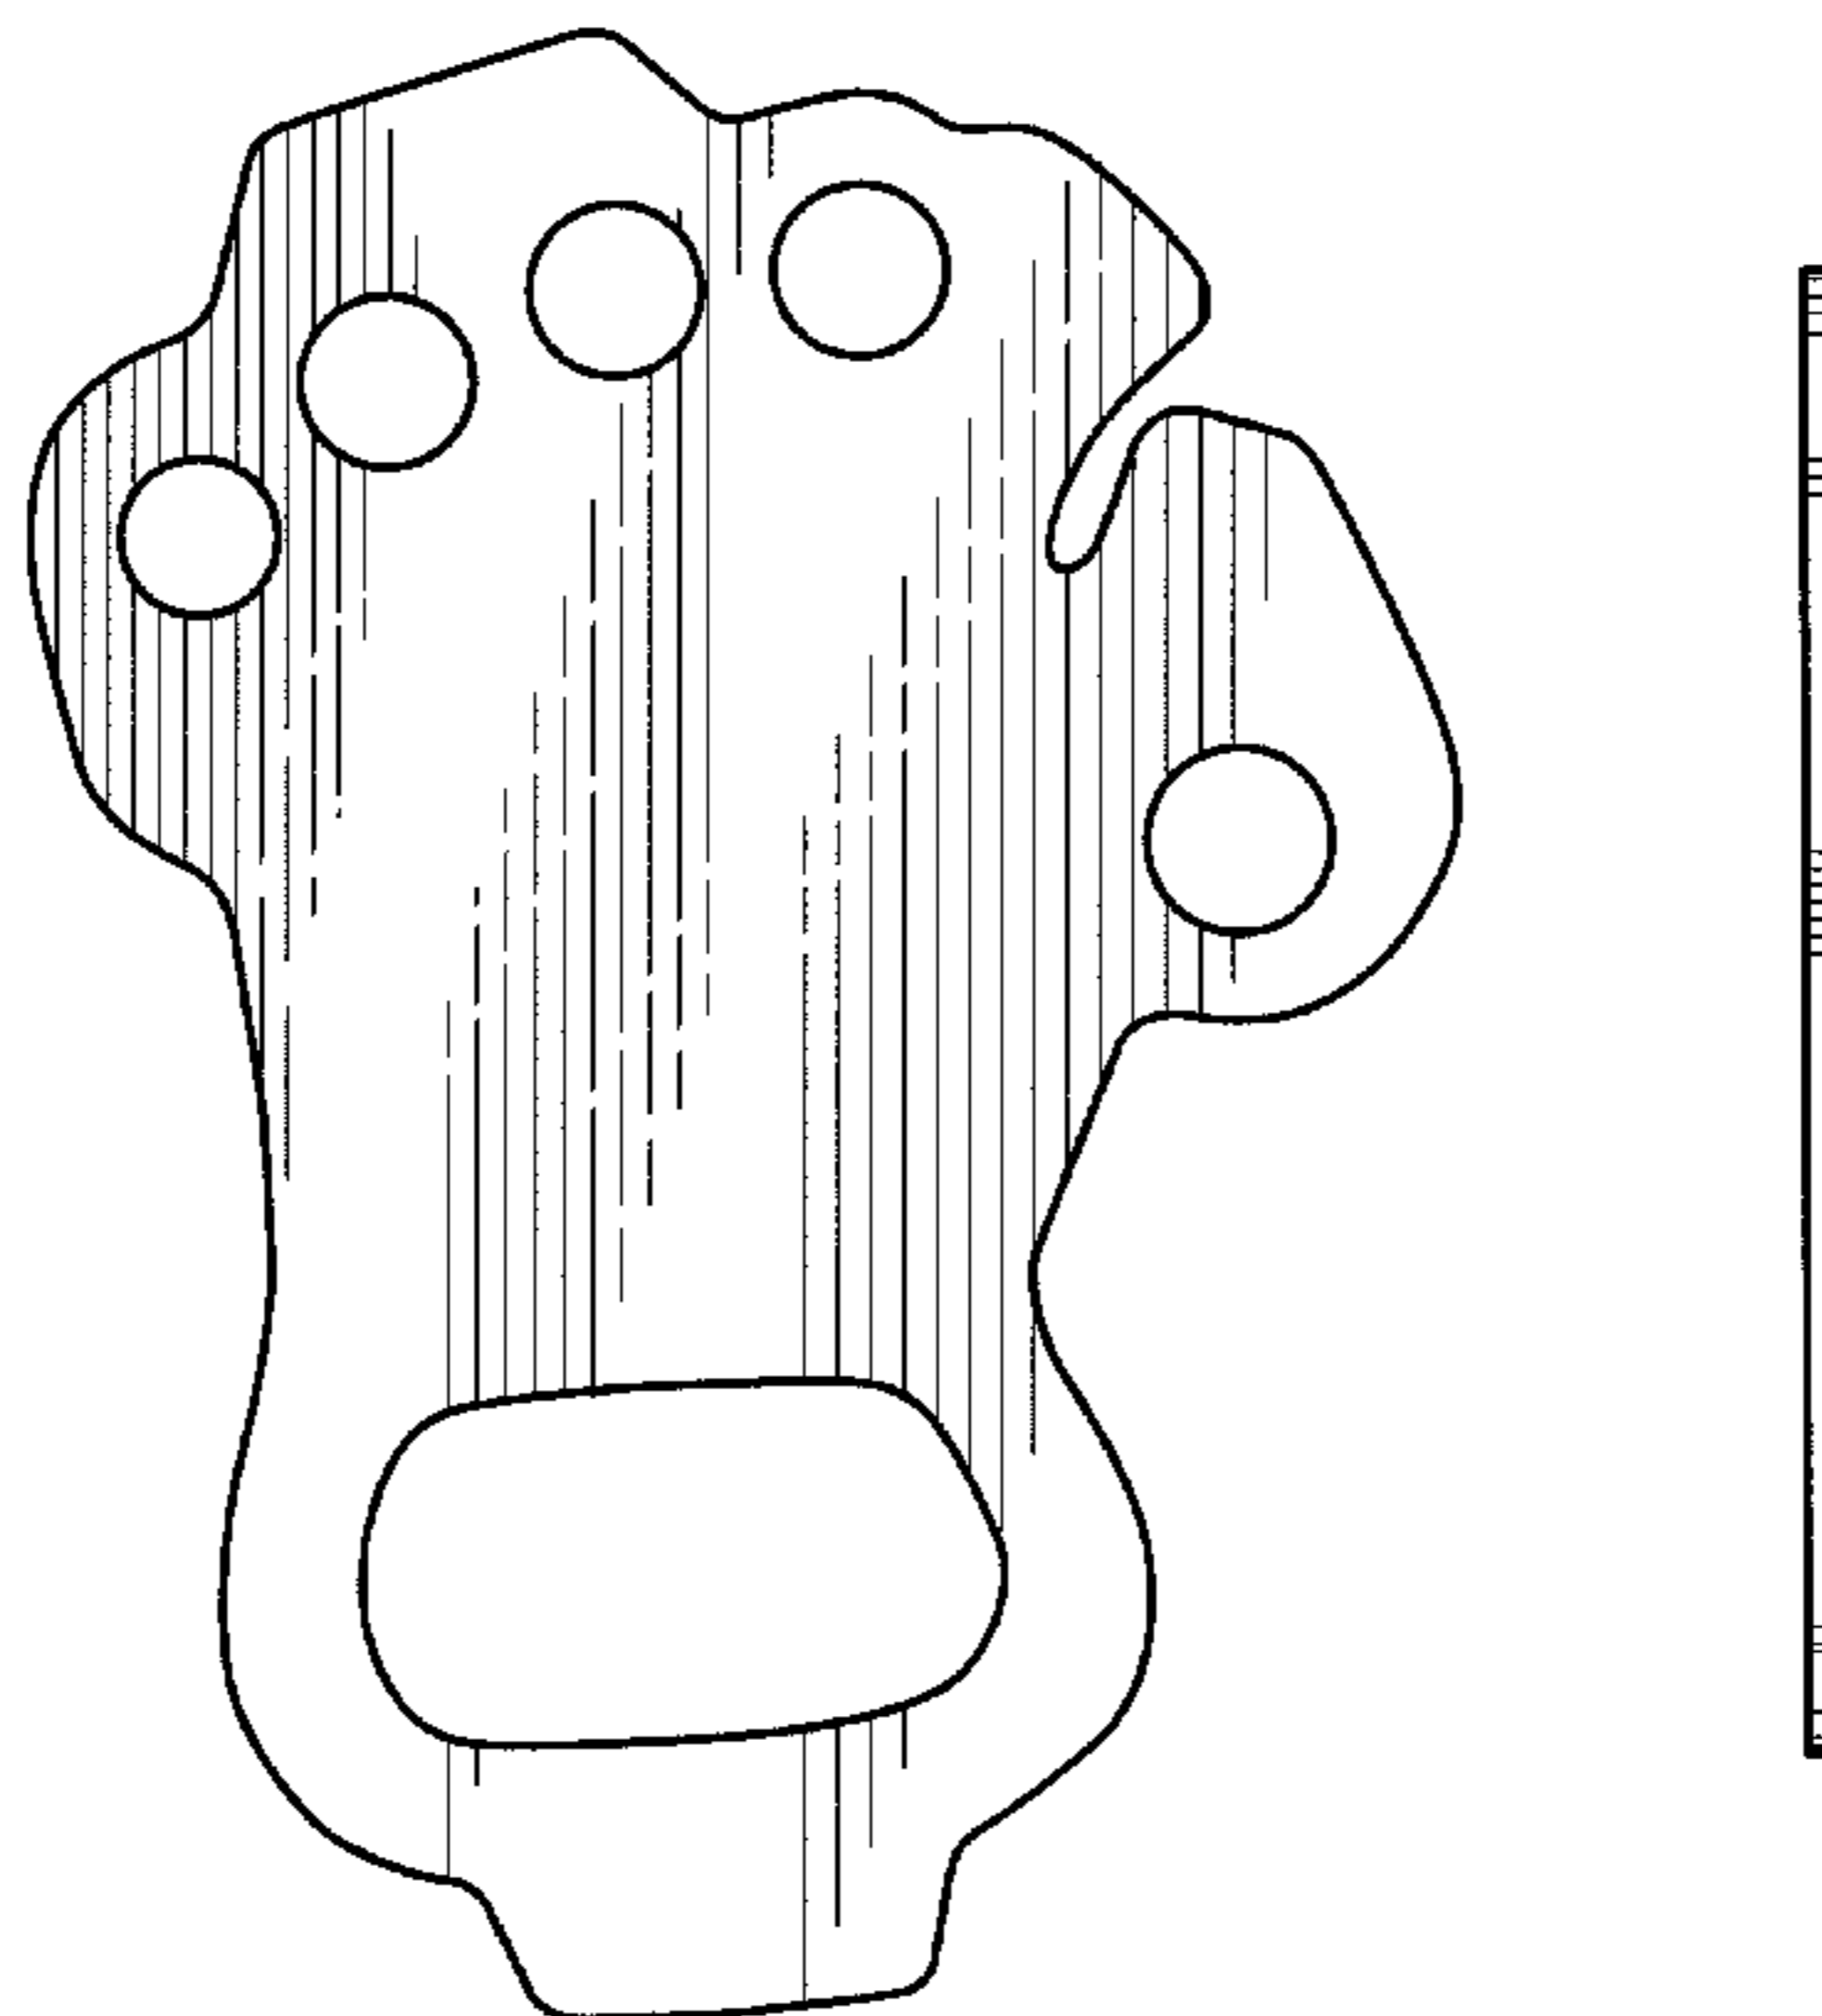

FIG. 6 is a bottom view of the embodiment of the palm protector from FIG. 1.

FIG. 7 is a right side view of the embodiment of the palm protector from FIG. 1.

FIG. 8 is a left side view of the embodiment of the palm protector from FIG. 1; and,

FIG. 9 is an environmental view of the embodiment of the palm protector from FIG. 1 being worn on the hand of a user. The broken lines showing the hand are included for the purpose of illustrating and form no part of the claimed design.
