(57) **CLAIM**

The ornamental design for the handle with striking end, as shown and described.

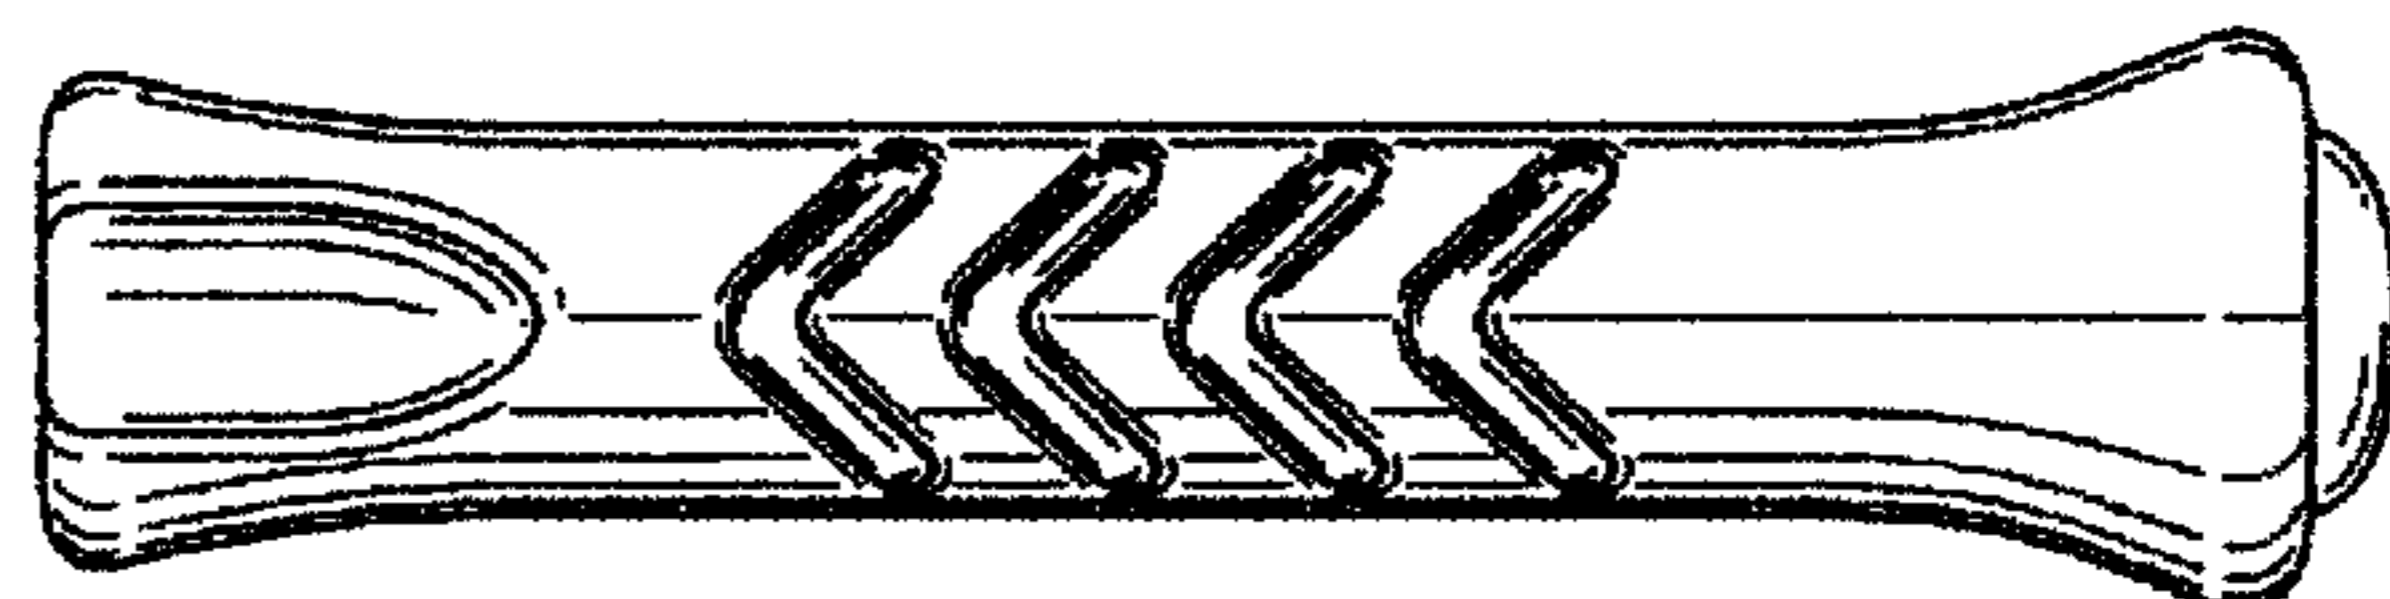

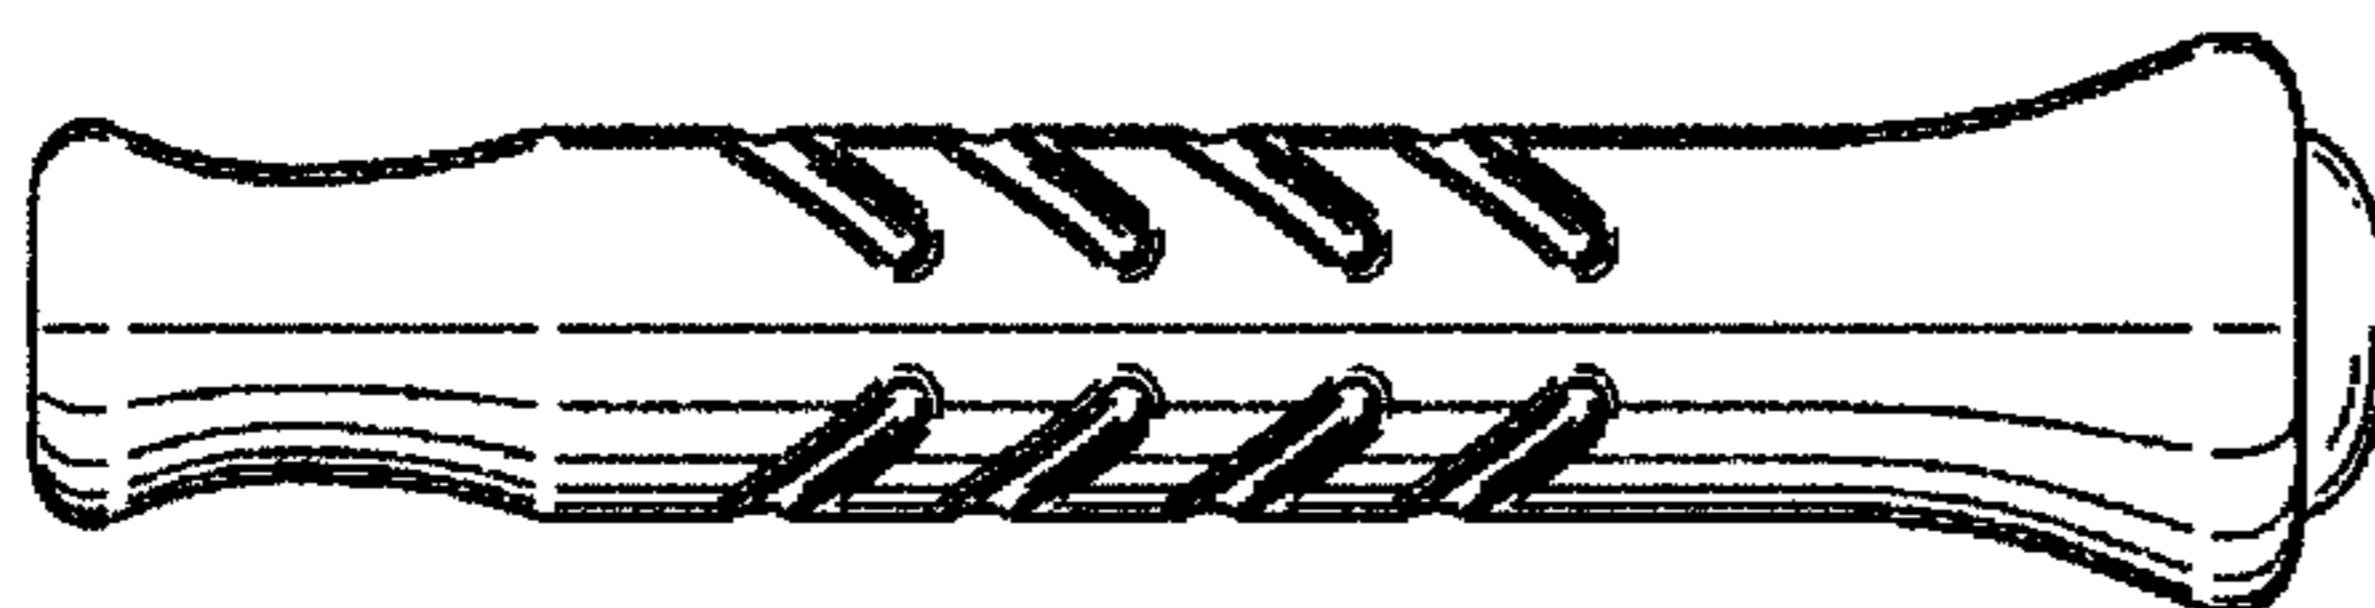

**DESCRIPTION**

FIG. 1 is a perspective view of the handle with striking end showing the new design as used with a pry bar; FIG. 2 is an enlarged perspective view of one side of the handle with striking end; FIG. 3 is a left side elevation view of the handle with striking end, the right side elevation view being identical; FIG. 4 is a bottom plan view of the handle with striking end; FIG. 5 a front elevation view of the handle with striking end, the rear elevation view being identical; and, FIG. 6 is a top plan view of the handle with striking end.

The broken lines illustrate environmental subject matter only and form no part of the claimed design.

Any components in the appended drawings shown in broken lines are for illustrative purposes only and form no part of the claimed design or a specified embodiment thereof.
