(57) **CLAIM**

The ornamental design for a spout, as shown and described.

**DESCRIPTION**

FIG. 1 is an illustration of a front perspective view of the spout engaged with a can.

FIG. 2 is an illustration of back perspective view of the spout engaged with a can.

FIG. 3 is an illustration of a front view of the spout.

FIG. 4 is an illustration of a top view of the spout.

FIG. 5 is an illustration of a back view of the spout.

FIG. 6 is an illustration of side view of the spout.

FIG. 7 is an illustration of another side view of the spout.

FIG. 8 is an illustration of a bottom view of the spout; and, FIG. 9 is an illustration of perspective view of the spout engaged with a can and showing the spout and can being tipped.

The broken lines in the figures are for the purpose of illustrating environment and form no part of the claimed design.

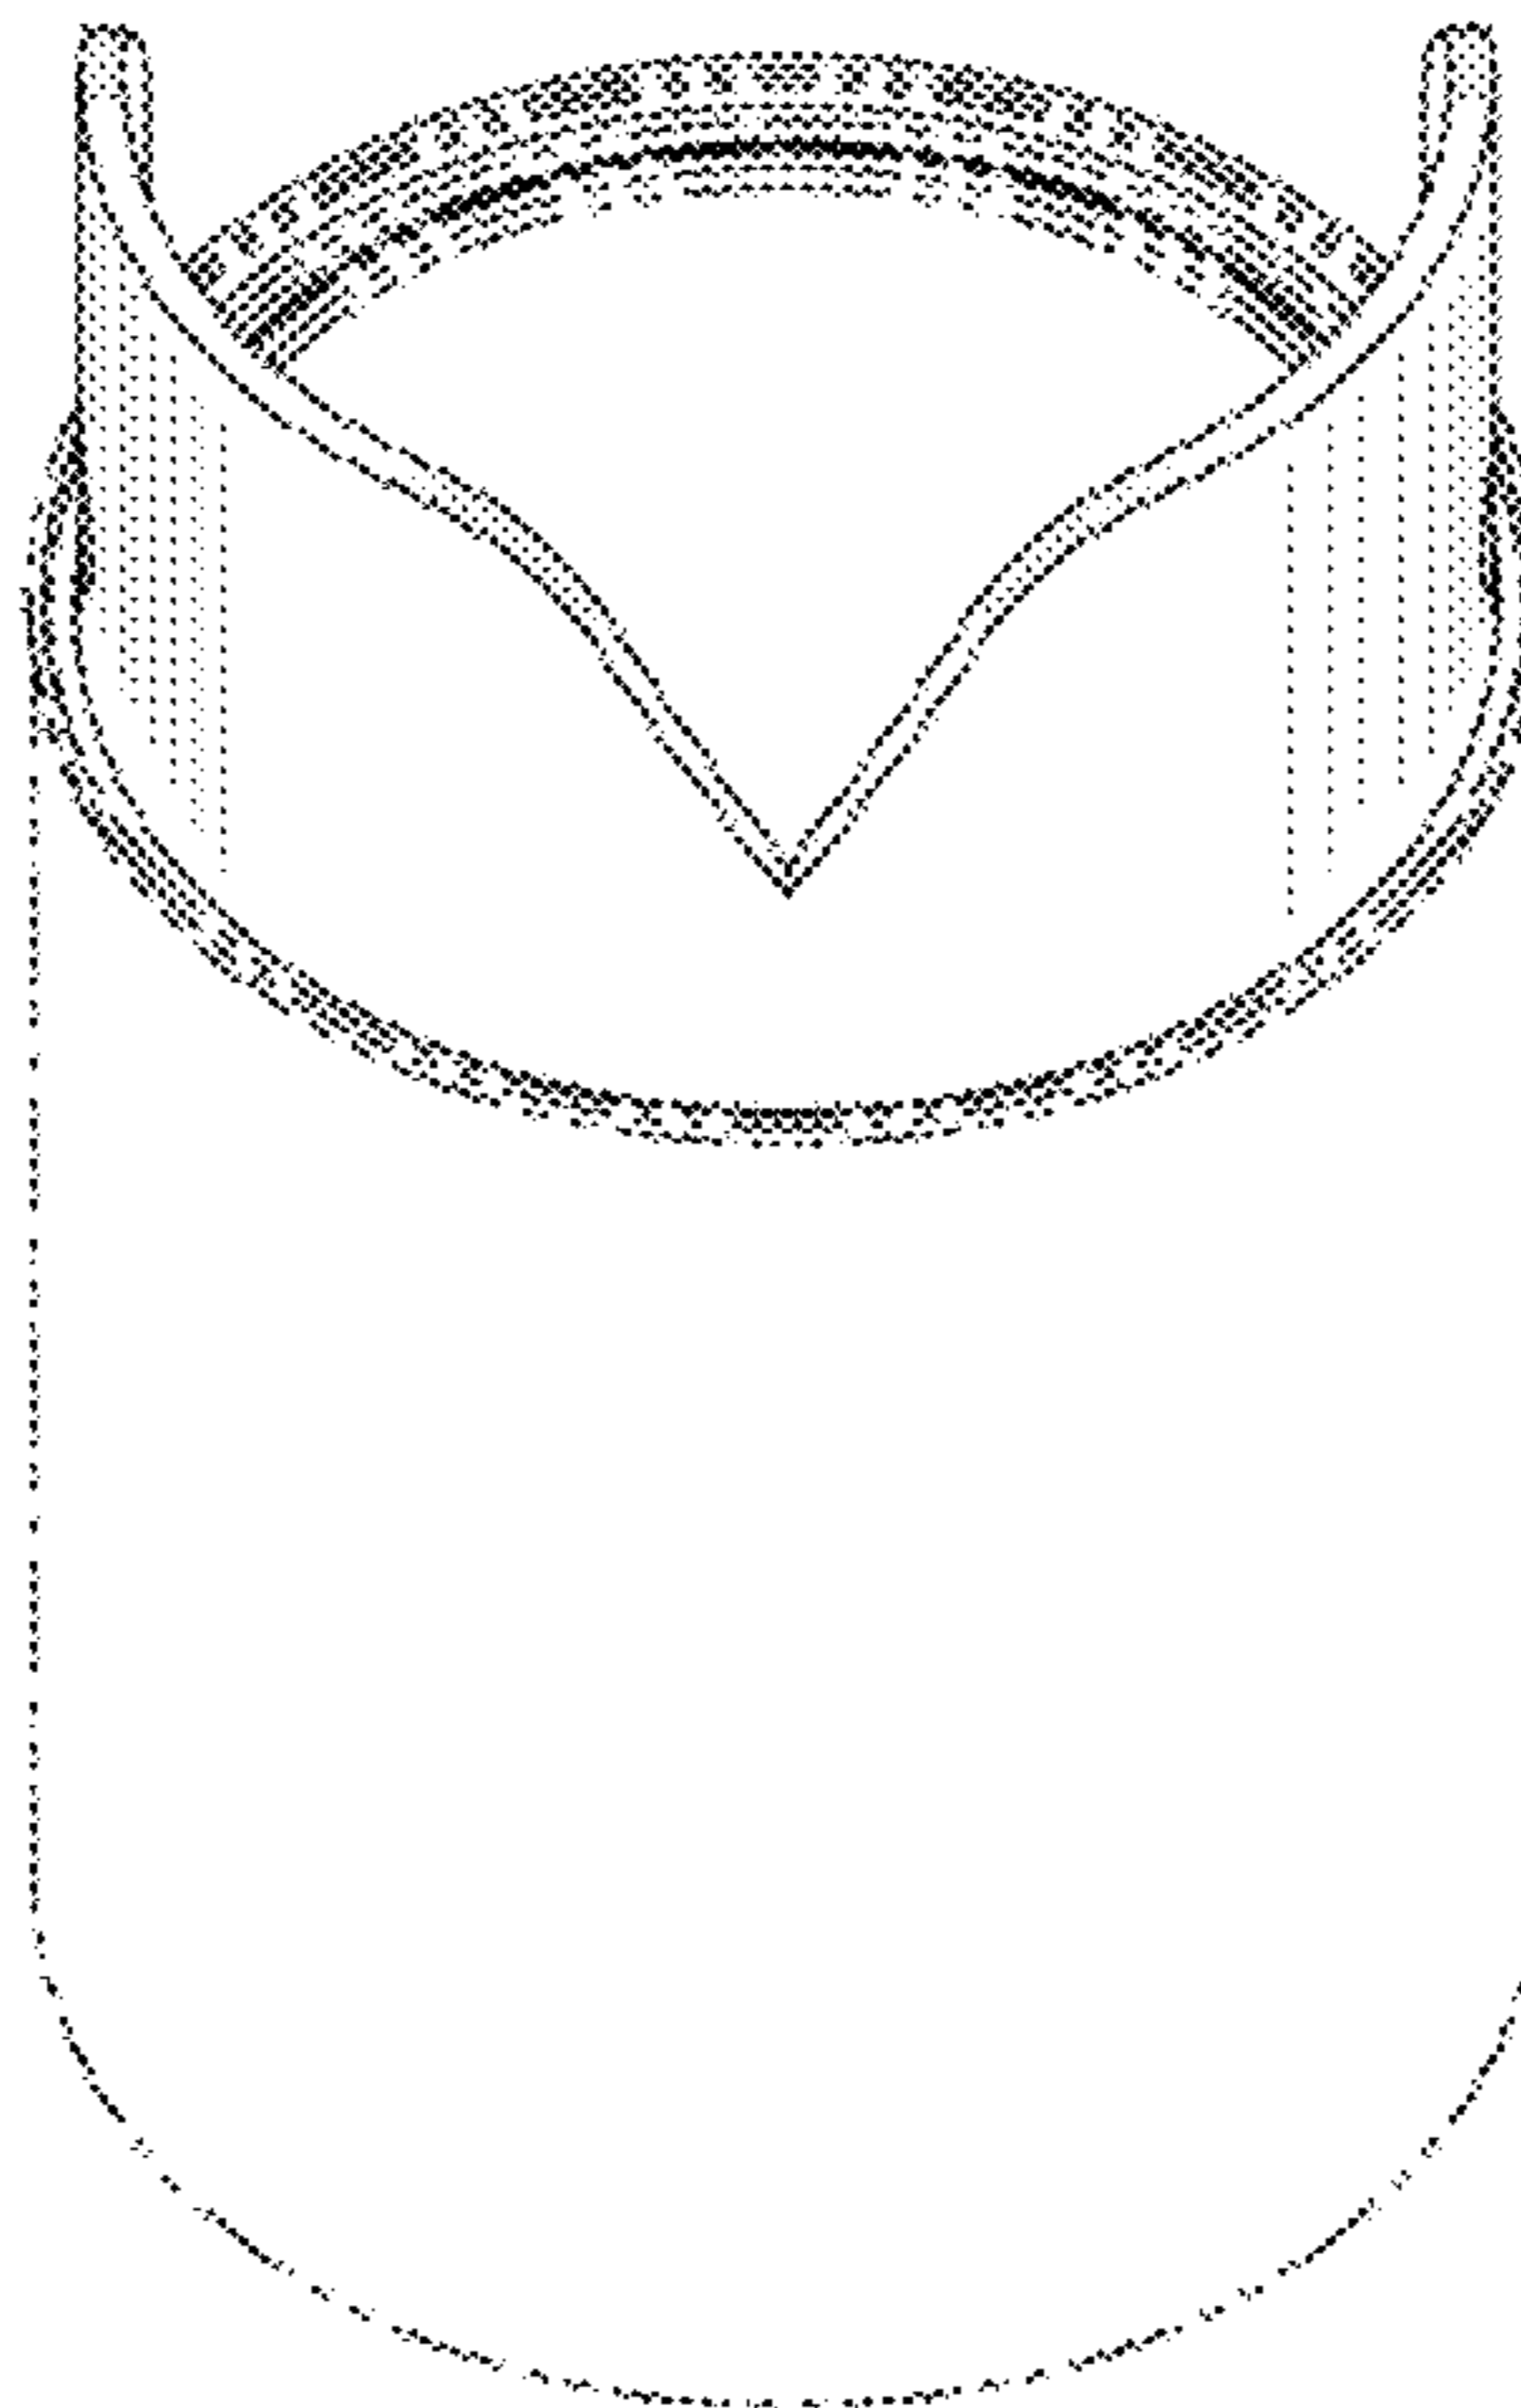

The spout is designed to fit with a liquid container, such as a paint can, and allow a user to smoothly and neatly pour the liquid from the container.
