(57) **CLAIM**

The ornamental design for an ink kit, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the present invention thereof;
 FIG. 2 is a rear view of the present invention thereof;
 FIG. 3 is a top view of the present invention, which is a mirror image of the bottom view thereof;
 FIG. 4 is a right side elevational view of the present invention, which is a mirror image of the left side elevational view, thereof;
 FIG. 5 is a front perspective view of the present invention thereof showing removal of adhesive film from the front panel of the present invention;
 FIG. 6 is a front perspective view of the present invention thereof showing the separation of the two components of the present invention;
 FIG. 7 is a rear perspective view of the present invention thereof showing removal of adhesive film from the rear panel of the present invention;
 FIG. 8 is a rear perspective view of the present invention thereof showing the separation of the two components of the present invention;
 FIG. 9 is a plan view of the interior of the two components of the present invention thereof; and,
 FIG. 10 is an environmental perspective view of the present invention thereof; the surrounding environmental structure(s) in this view are not part of the design sought to be patented; the patented subject matter in FIG. 10 is limited to the ink kit as previously described in FIGS. 1-9.
