(57) **CLAIM**

The ornamental design for the modular drawers, as shown and described.

DESCRIPTION

FIG. 1 is a left front perspective view of the design of the modular drawers;

FIG. 2 is a front elevational view thereof. The ornamental design is not visible in a rear view, top plan view, right or left side views or bottom view; and,

FIG. 3 is an enlarged view of the pattern on the modular drawer of the embodiment as shown in FIG. 2.

The characteristic feature of the ornamental design resides in the use of a pattern on the modular drawer.

Those portions of modular drawers in broken lines, specifically the surfaces of the cabinet enclosing the modular drawers at the top, bottom and side edges of the drawers and the cabinet surfaces extending back from the face of the drawers including other surfaces of the modular drawers and the legs are not part of the claimed invention.

1 Claim, 2 Drawing Sheets
