(57) **CLAIM**

We claim the ornamental design for web-based thermostat with calendar scheduler, as shown and described.

**DESCRIPTION**

FIG. 1 is a web page view of the thermostat with calendar scheduler according to another embodiment of the present invention.

FIG. 2 is another web page view of the thermostat with calendar scheduler according to another embodiment of the present invention.

FIG. 3 is an alternative web page view of the thermostat with calendar scheduler according to an alternative embodiment of the present invention.

FIG. 4 is an alternative web page view of the thermostat with calendar scheduler according to an alternative embodiment of the present invention.

FIG. 5 is a web page view of the thermostat with calendar scheduler of according to another embodiment of the present invention.

FIG. 6 is another web page view of the thermostat with calendar scheduler of according to another embodiment of the present invention.

FIG. 7 is an alternative web page view of the thermostat with calendar scheduler according to an alternative embodiment of the present invention; and,

FIG. 8 is an alternative web page view of the thermostat with calendar scheduler according to an alternative embodiment of the present invention.

The text, graphics, and portion of the web-based thermostat with calendar scheduler shown in broken lines form no part of the claimed design. The text, graphics, and portion of a web page display shown in broken lines form no part of the claimed design.
