(57) **CLAIM**

The ornamental design for a multi-module LED light fixture with sharp-edged mounting arm, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view from below of the multi-module LED light fixture with sharp-edged mounting arm, the details of the underside of each module and a pole being shown in phantom lines;

FIG. 2 is a side perspective view from below of the multi-module LED light fixture with sharp-edged mounting arm of FIG. 1;

FIG. 3 is a perspective view from above of the multi-module LED light fixture with sharp-edged mounting arm of FIG. 1; FIG. 4 is a right side elevation of the multi-module LED light fixture with sharp-edged mounting arm of FIG. 1; the left side elevation being a mirror image thereof;

FIG. 5 is a bottom plan view of the multi-module LED light fixture with sharp-edged mounting arm of FIG. 1;

FIG. 6 is a top plan view of the multi-module LED light fixture with sharp-edged mounting arm of FIG. 1; and,

FIG. 7 is a front elevation view of the multi-module LED light fixture with sharp-edged mounting arm of FIG. 1.

The structures shown in broken lines represent environment only and form no part of the claimed design.
