(57) **CLAIM**

The ornamental design for a coaxial cable connector installation tool, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the coaxial cable connector installation tool of the present invention; FIG. 2 is a rear perspective view thereof; FIG. 3 is a side elevation view thereof; FIG. 4 is a rear elevation view thereof; FIG. 5 is a side elevation view thereof; FIG. 6 is a front elevation view thereof; FIG. 7 is a top plan view thereof; and, FIG. 8 is a bottom plan view thereof.

The broken lines shown in the drawings represent unclaimed portions of the coaxial cable connector installation tool and form no part of the claimed design.
