(57) **CLAIM**

The ornamental design for a display screen with user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with user interface showing the new design. The broken line showings of the remainder of the user interface and of the display screen illustrate unclaimed environment and form no part of the claimed design. The twenty-four small horizontal dashes located between collinear horizontal segments represent disclaimed line segments that form no part of the claimed design.
