(57) **CLAIM**
The ornamental design for a foldable walkway, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a foldable walkway in an extended position showing my new design, with the top diamond plate and oval anti-skid devices shown in phantom and forming no part of the design;

FIG. 2 is a top view of the foldable walkway in the extended position, with the top diamond plate and oval anti-skid devices shown in phantom and forming no part of the design; FIG. 3 is a bottom view of the foldable walkway in the extended position;

FIG. 4 is a front view of the foldable walkway in the extended position along the bottom of the view shown in FIG. 2; FIG. 5 is a back view of the foldable walkway in the extended position along the bottom of the view shown in FIG. 3; FIG. 6 is a left side view of the foldable walkway in the extended position along the left side of the view shown in FIG. 4;

FIG. 7 is a right side view of the foldable walkway in the extended position along the right side of the view shown in FIG. 4;

FIG. 8 is a perspective view of the foldable walkway in a folded position showing my new design, with the top diamond plate and oval anti-skid devices shown in phantom and forming no part of the design;

FIG. 9 is a top view of the foldable walkway in the folded position, with the top diamond plate and oval anti-skid devices shown in phantom and forming no part of the design; FIG. 10 is a bottom view of the foldable walkway in the folded position, with the top diamond plate and oval anti-skid devices shown in phantom and forming no part of the design; FIG. 11 is a front view of the foldable walkway in the folded position along the bottom of the view shown in FIG. 9; FIG. 12 is a back view of the foldable walkway in the folded position along the bottom of the view shown in FIG. 10; FIG. 13 is a left side view of the foldable walkway in the folded position along the left side of the view shown in FIG. 11; and,

FIG. 14 is a right side view of the foldable walkway in the folded position along the right side of the view shown in FIG. 11.
