See application file for complete search history.

FIG. 1 is a perspective view showing our new design for a self-hanging tegular notched ceiling tile;

FIG. 2 is a perspective view of the tile hanging from its notches;

FIG. 3 is a bottom plan view;

FIG. 4 is a left side edge elevational view which is a mirror image of the right, top and bottom edge views; and,

FIG. 5 is a top plan view.

The broken away symbols in the drawings indicate that the appearance of any portion of the article between the break lines forms no part of the claimed design.

The broken lines showing a ceiling grid with tiles are for illustrative purposes only and form no part of the claimed design.
