(57) CLAIM

The ornamental design for a cardboard quadra-fold grid for a plurality of blister packs for pharmaceuticals with three folds, as shown and described.

DESCRIPTION

FIG. 1 is a top-front perspective view of a cardboard quadra-fold grid for a plurality of blister packs for pharmaceuticals with three folds according to the present invention;
FIG. 2 is a view from the rear side thereof according to the present invention;
FIG. 3 is an alternative view from the rear side thereof according to the present invention;
FIG. 4 is a view from the left side thereof according to the present invention;
FIG. 5 is a view from the right side thereof according to the present invention;
FIG. 6 is a view from the top side thereof according to the present invention;
FIG. 7 is a view from the bottom side thereof according to the present invention;
FIG. 8 is a rear-top perspective view thereof according to the present invention;
FIG. 9 is a view from the rear side thereof according to the present invention;
FIG. 10 is a view from the front side thereof according to the present invention;
FIG. 11 is a view from the right side thereof according to the present invention;
FIG. 12 is a view from the left side thereof according to the present invention;
FIG. 13 is a view from the top side thereof according to the present invention; and,
FIG. 14 is a view from the bottom side thereof according to the present invention.
The broken line showing of the cardboard quadra-fold grid for a plurality of blister packs for pharmaceuticals with three folds is for the purpose of illustrating environmental structure and forms no part of the claimed design. The broken line(s) which define the bounds of the claimed design form no part thereof.
The stipple shading indicates color contrast.
