CLAIM (57)

The ornamental design for a USB battery charger, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a USB battery charger, showing my design, with the USB battery charger in the closed condition;

FIG. 2 is a front elevational view thereof, with the USB battery charger in the closed condition;

FIG. 3 is a rear elevational view thereof, with the USB battery charger in the closed condition;

FIG. 4 is a left side elevational view thereof, with the USB battery charger in the closed condition;

FIG. 5 is a right side elevational view thereof, with the USB battery charger in the closed condition;

FIG. 6 is a top plan view thereof;

FIG. 7 is a bottom plan view thereof;

FIG. 8 is front perspective view thereof, with the USB battery charger in the opened condition;

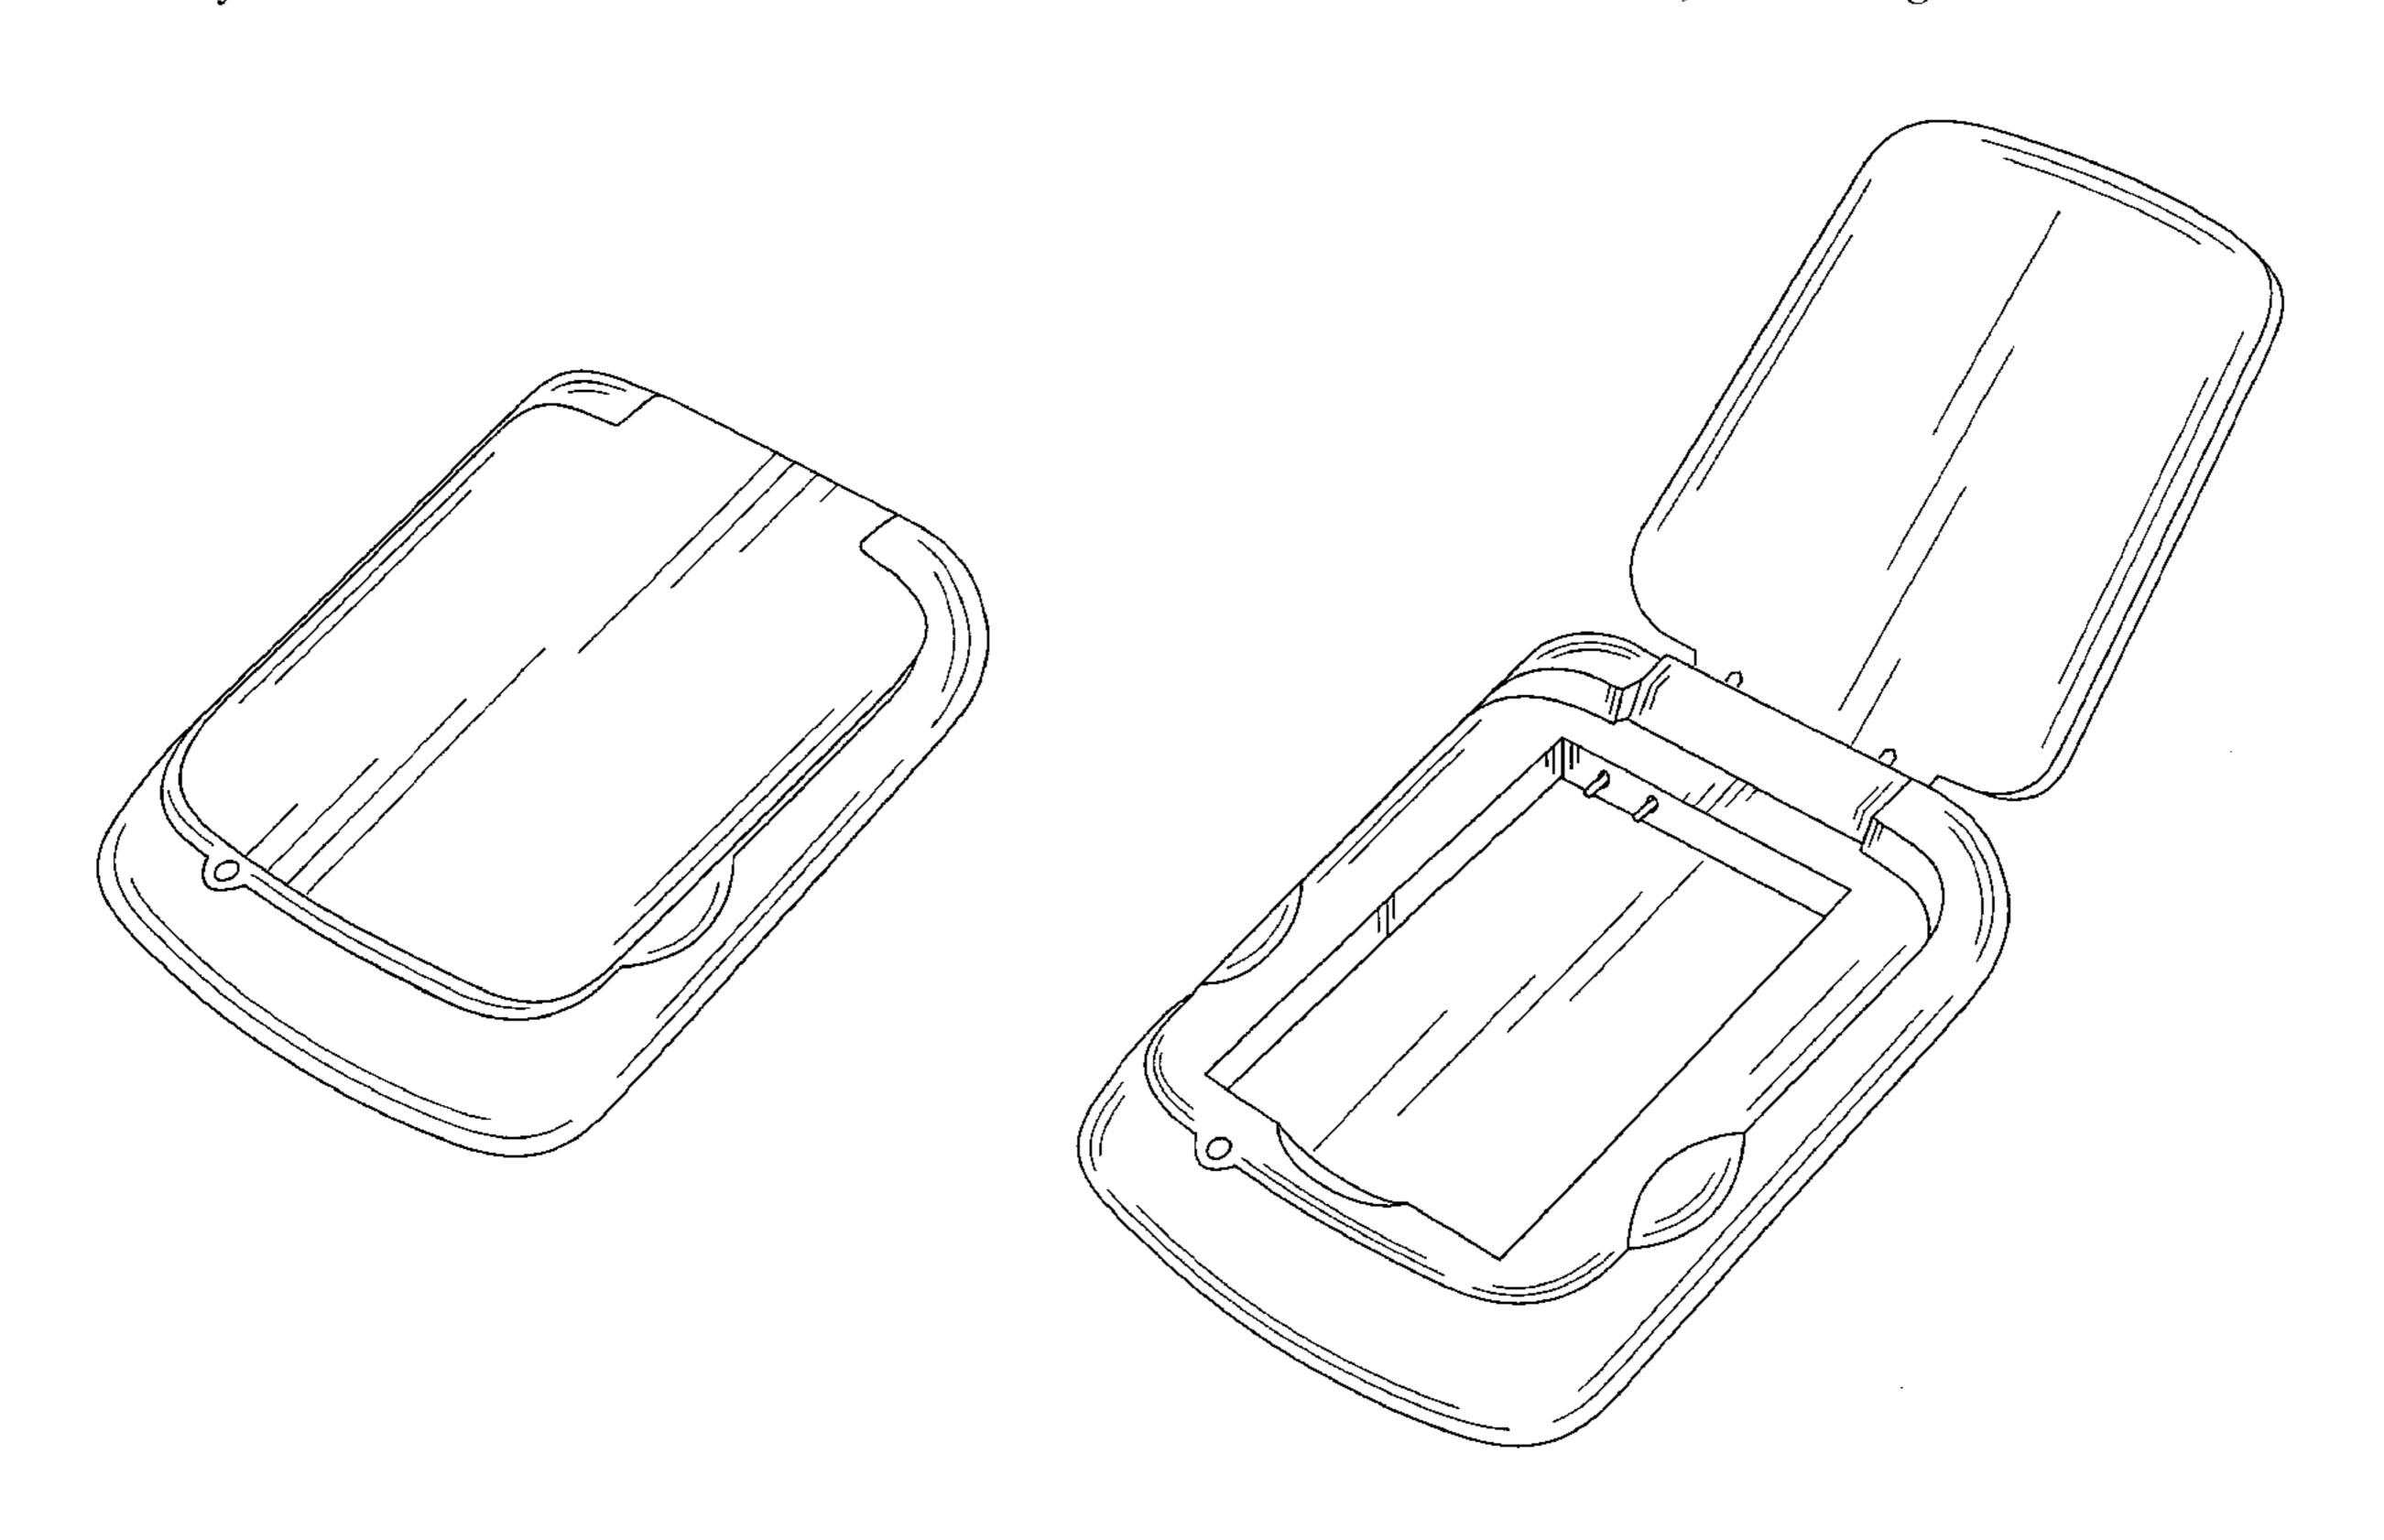

FIG. 9 is a front elevational view thereof, with the USB battery charger in the opened condition;

FIG. 10 is a rear elevational view thereof, with the prongs of the USB battery charger in the opened condition;

FIG. 11 is a left side elevational view thereof, with the USB battery charger in the opened condition; and,

FIG. 12 is a right side elevational view thereof, with the USB battery charger in the opened condition.
