(57) **CLAIM**

The ornamental design for a holding base for portable memory sticks, substantially as shown.

DESCRIPTION

FIG. 1 is a perspective view of a holding base for portable memory sticks, according to a first embodiment;

FIG. 2 is a front elevation view thereof, according to the first embodiment;

FIG. 3 is a rear elevation view thereof, according to the first embodiment;

FIG. 4 is a right side elevation view thereof, according to the first embodiment;

FIG. 5 is a left side elevation view thereof, according to the first embodiment;

FIG. 6 is a top plan view thereof, according to the first embodiment;

FIG. 7 is a bottom plan view thereof, according to the first embodiment;

FIG. 8 is a perspective view of a holding base for portable memory sticks, wherein the circular features centered in each rectangular slot houses an illumination element, according to a second embodiment;

FIG. 9 is a front elevation view thereof, according to the second embodiment;

FIG. 10 is a rear elevation view thereof, according to the second embodiment;

FIG. 11 is a right side elevation view thereof, according to the second embodiment;

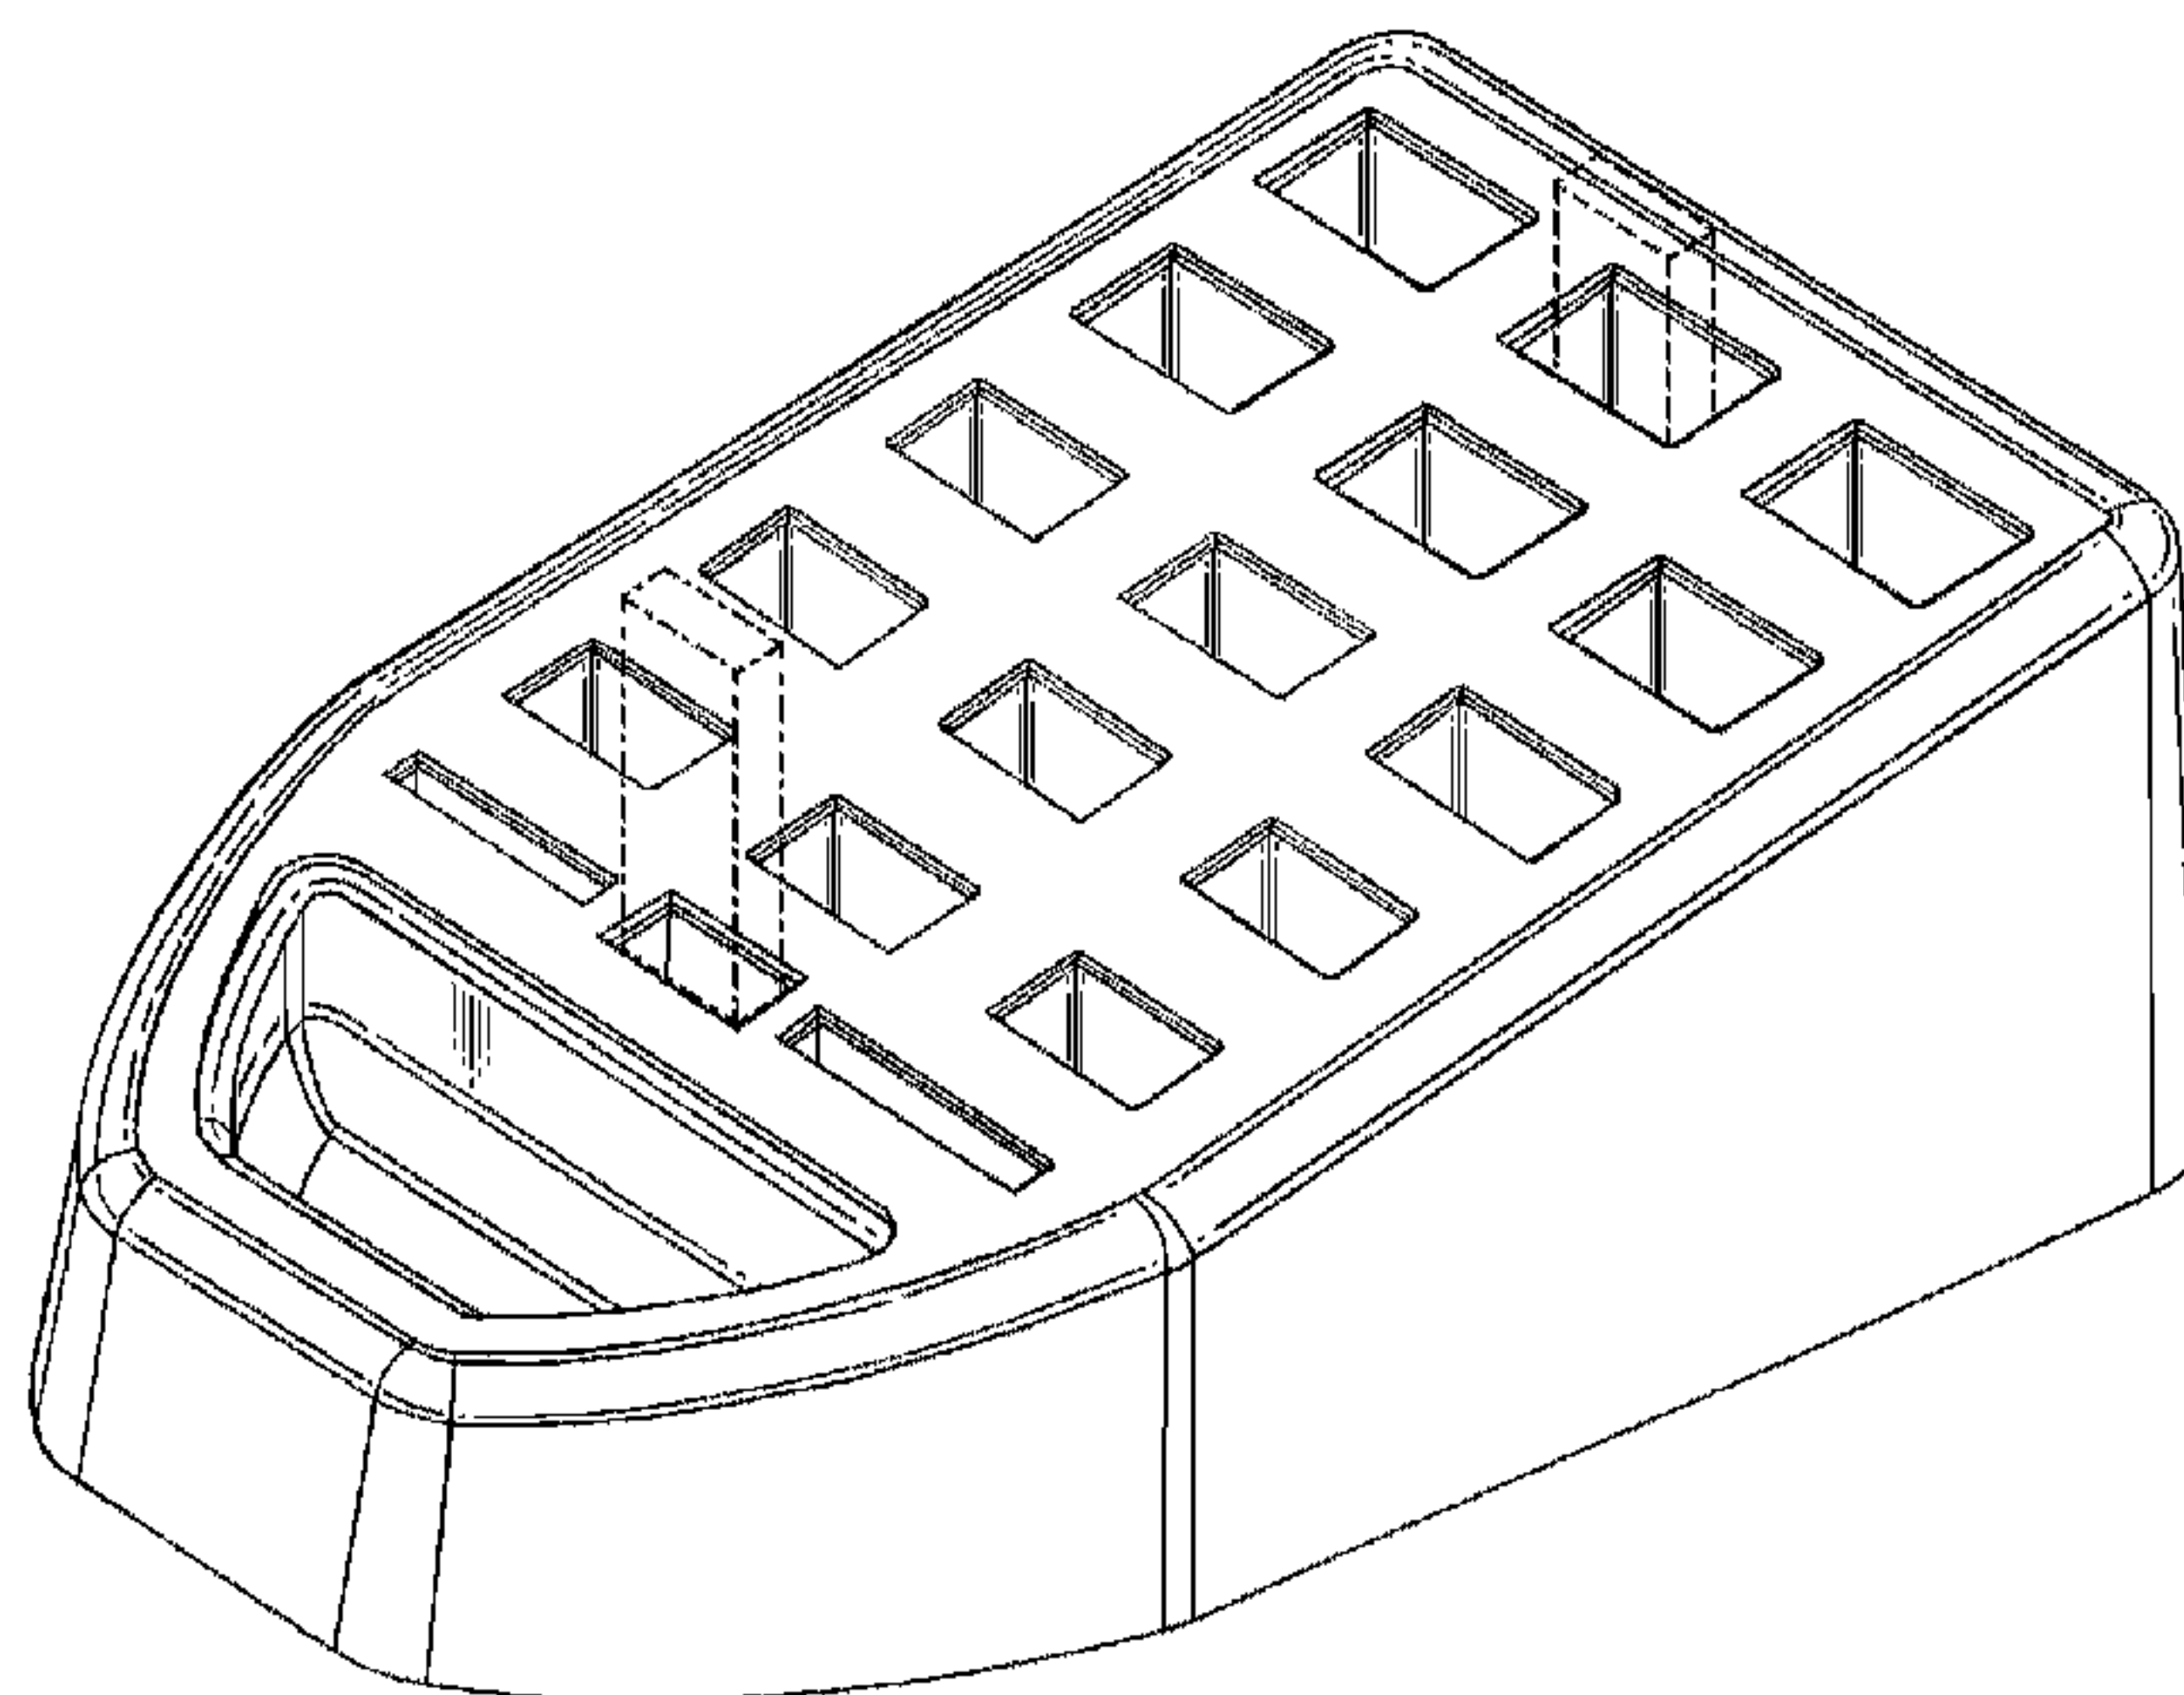

FIG. 12 is a left side elevation view thereof, according to the second embodiment;

FIG. 13 is a top plan view thereof, according to the second embodiment; and,

FIG. 14 is a bottom plan view thereof, according to the second embodiment.

The broken line showings of the memory sticks are for the purpose of illustrating environmental structure and form no part of the claimed design.
