(57) **CLAIM**

We claim the ornamental design for a dental organizer insert, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a dental organizer insert according to the invention.

FIG. 2 is a top plan view of the dental organizer insert shown in FIG. 1.

FIG. 3 is a bottom plan view of the dental organizer insert shown in FIG. 1.

FIG. 4 is a front elevation view of the dental organizer insert shown in FIG. 1; and,

FIG. 5 is a right side elevation view of the dental organizer insert shown in FIG. 1.

The rear elevation view of the design is identical to the front elevation view, so the rear elevation view has been omitted.

The left side elevation view of the design is identical to the right side elevation view, so the left side elevation view has been omitted.

The stippling and shading lines shown in the drawings represent the approximate three-dimensional contour of the design, and are not intended to indicate surface decoration.
