(57) **CLAIM**

The ornamental design for a beverage coaster, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a first beverage coaster, showing my first new design. The first beverage coaster includes an opening that extends therethrough. The corner regions of the beverage coaster are illustrated using broken lines to indicate that the shape of each of the corners is not a part of the design.

FIG. 2 is a bottom plan view of the first beverage coaster.

FIG. 3 is a side view, in elevation, of the first beverage coaster.

FIG. 4 is a back view, in elevation, of the first beverage coaster.

FIG. 5 is a perspective view of the first beverage coaster with the opening slipped over the neck of a bottle.

FIG. 6 is a perspective view of the first beverage coaster placed over a vessel with a stirrer extending through the opening.

FIG. 7 is a top plan view of a second beverage coaster, showing my second new design. The second beverage coaster includes an opening that extends therethrough.

FIG. 8 is a bottom plan view of the second beverage coaster.

FIG. 9 is a side view, in elevation, of the second beverage coaster.

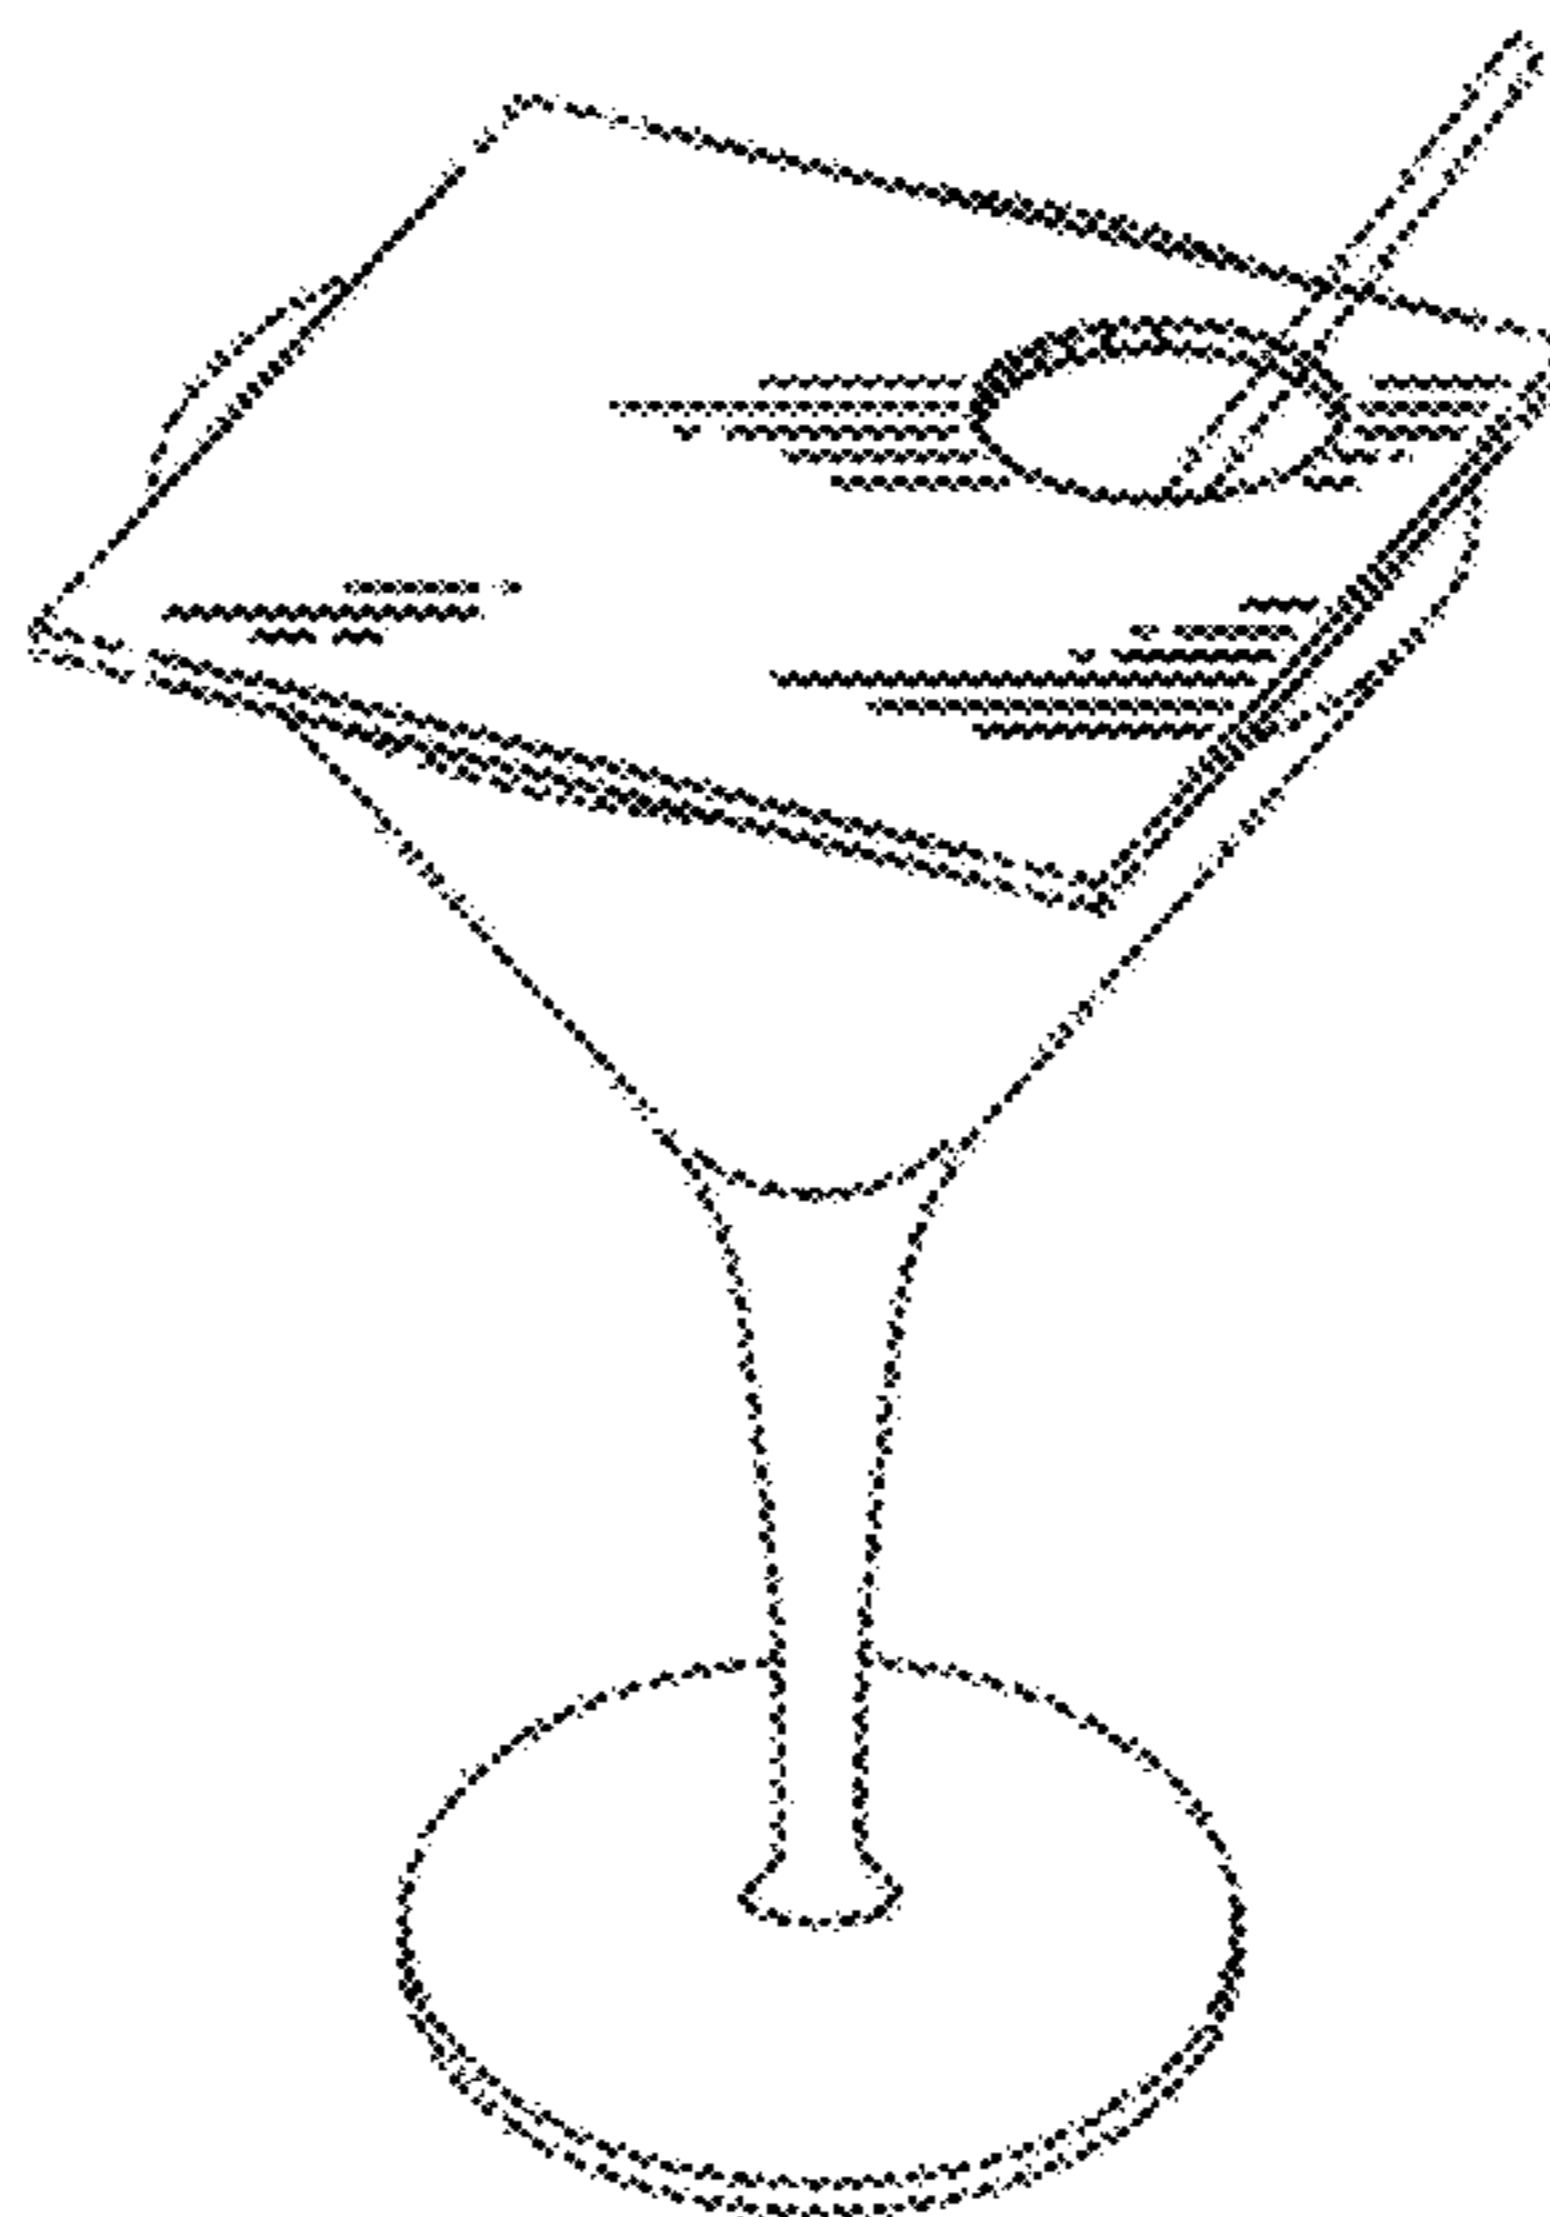

FIG. 10 is a back view, in elevation, of the second beverage coaster.

FIG. 11 is a perspective view of the second beverage coaster with the opening slipped over the neck of a bottle; and,

FIG. 12 is a perspective view of the second beverage coaster placed over a vessel with a stirrer extending through the opening.

Broken lines, if any, are for illustrative purposes only and form no part of the claimed design.
