(57) **CLAIM**

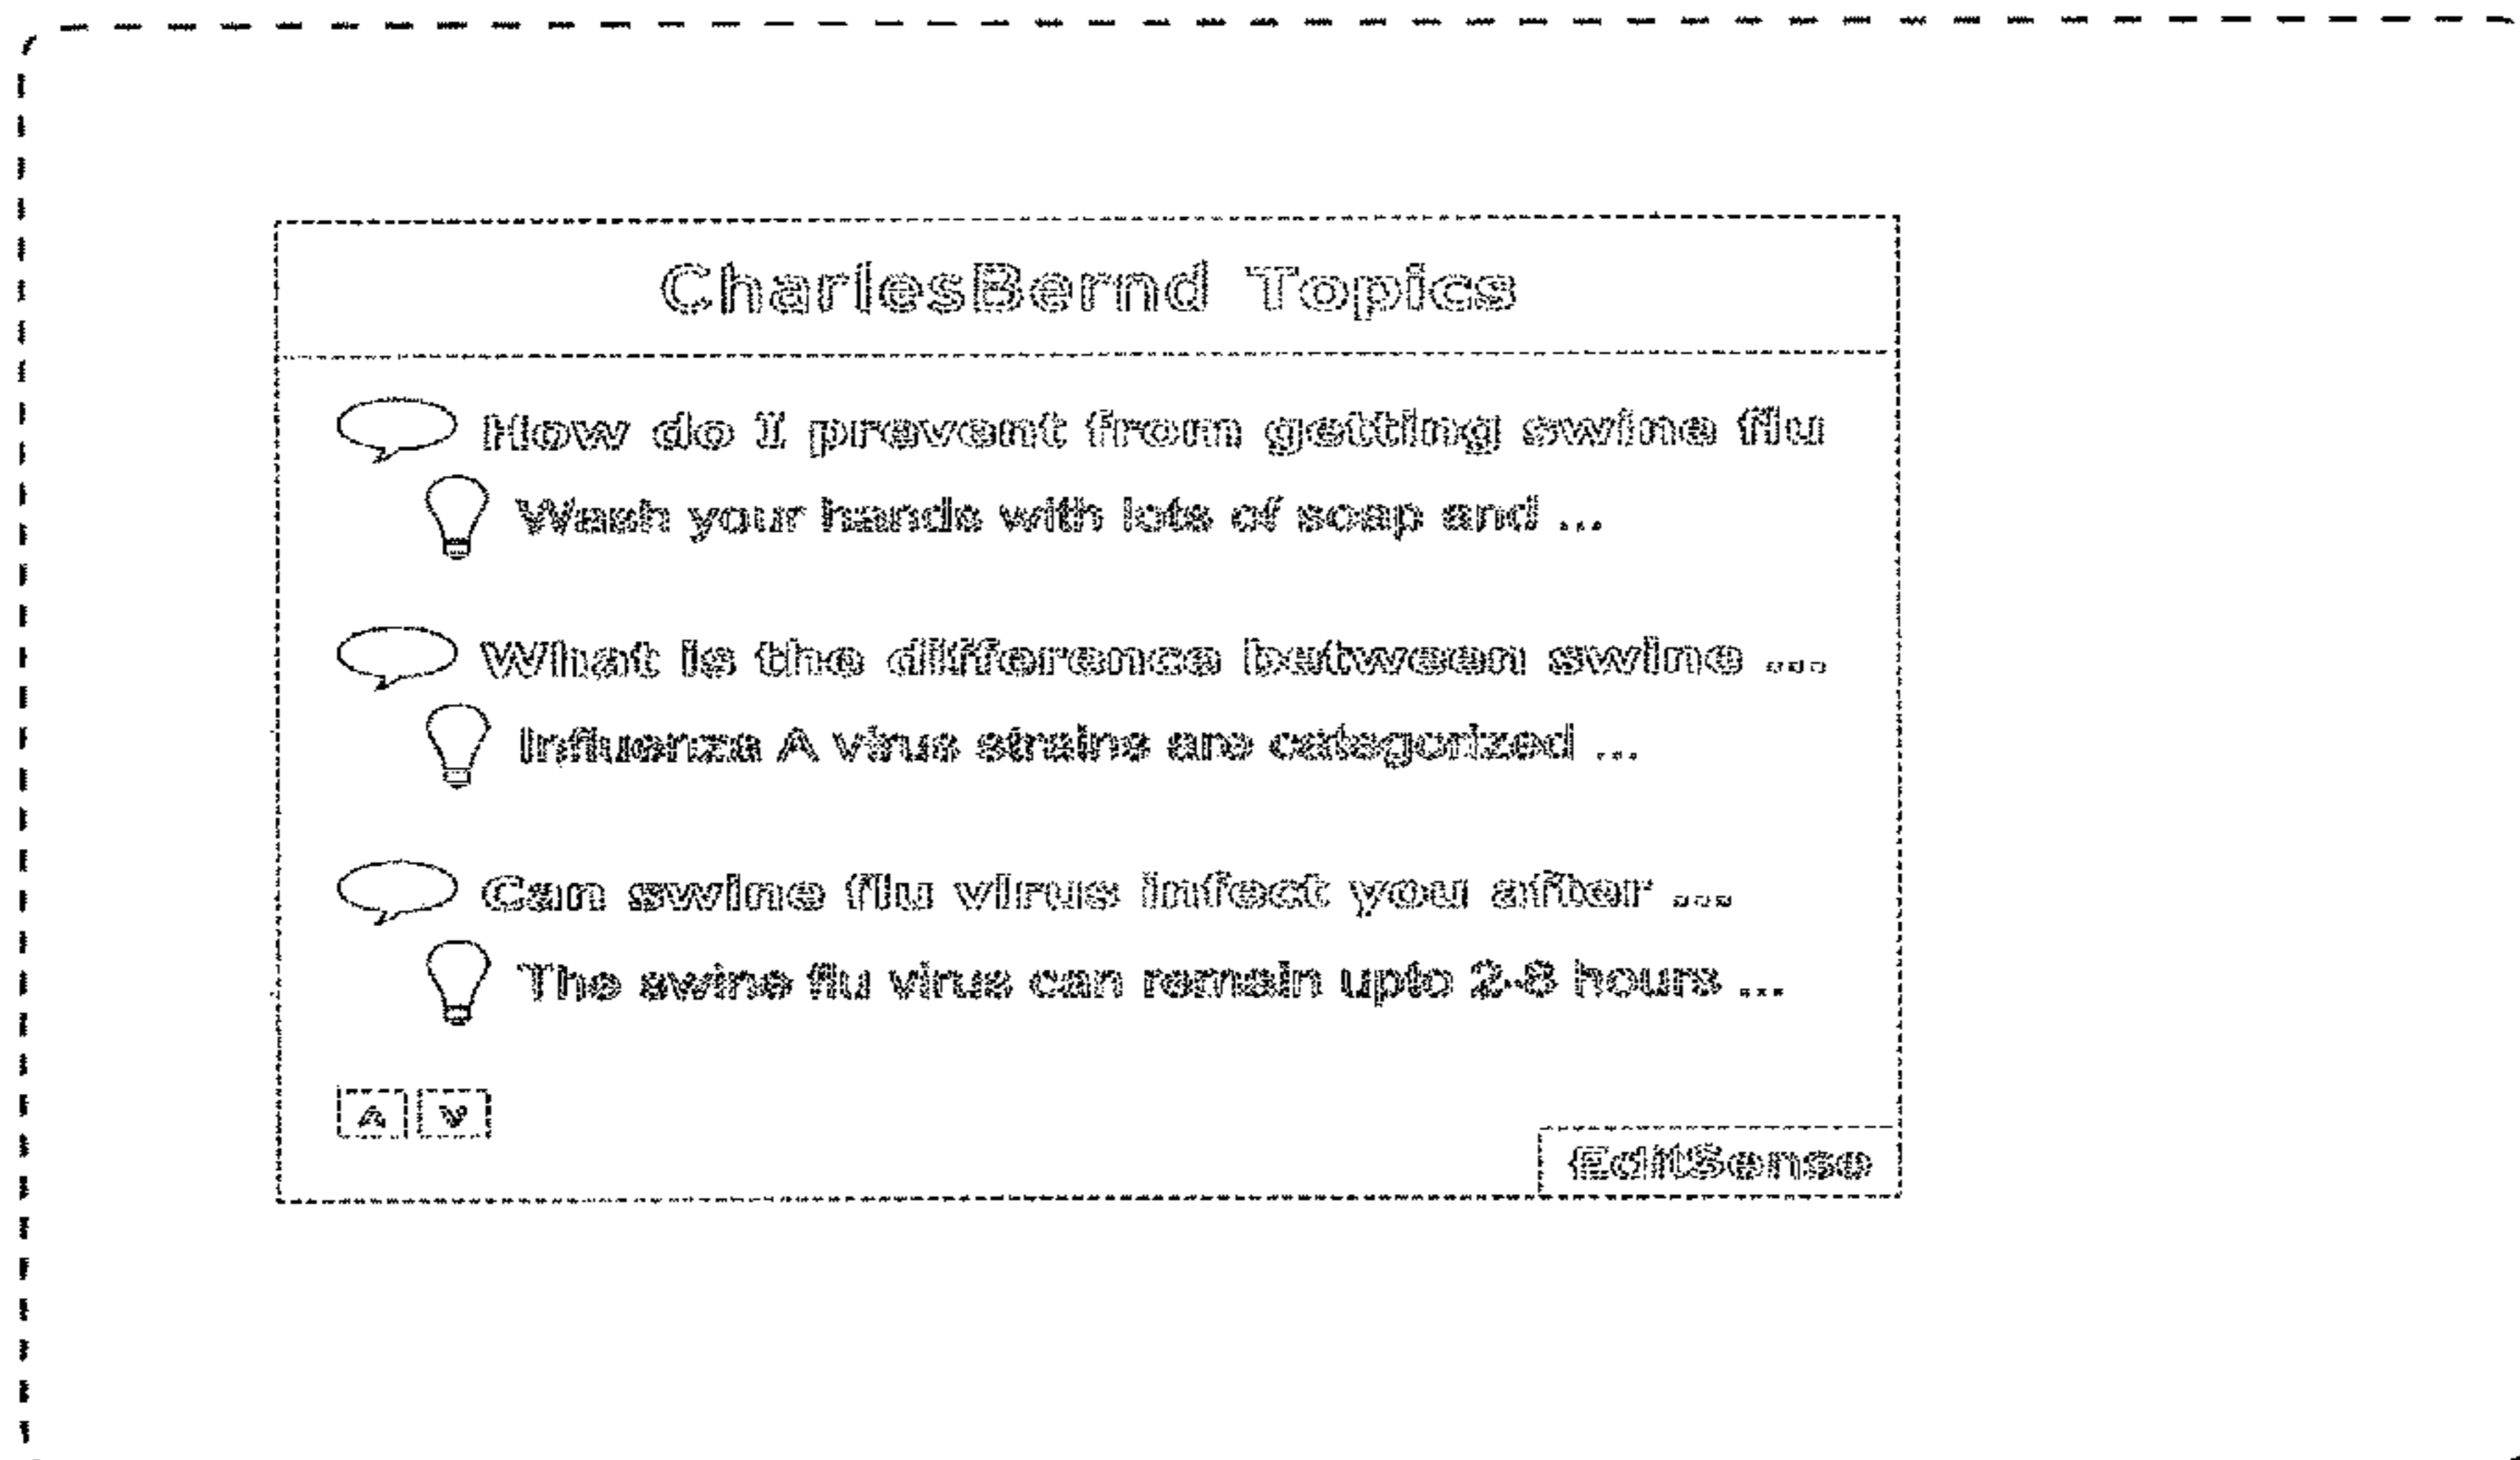

The ornamental design for a display screen of a communications terminal with a graphical user interface with question and answer icons, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of a display screen of a communications terminal with a graphical user interface with question and answer icons according to an embodiment of our design, illustrating question and answer icons in the form of clouds and light bulbs.

The broken line showings of the display screen of a communications terminal and various words and letters in the drawing are for the purpose of illustrating portions of the display screen of a communications terminal with a graphical user interface with question and answer icons and form no part of the claimed design.
