(57) **CLAIM**

The ornamental design for a headgear pad for a respiratory mask, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a headgear pad for a respiratory mask according to our new ornamental design in a flat position, before use or in a storage position;

FIG. 2 is a rear view thereof;

FIG. 3 is a left side view thereof;

FIG. 4 is a right side view thereof;

FIG. 5 is a top view thereof;

FIG. 6 is a bottom view thereof;

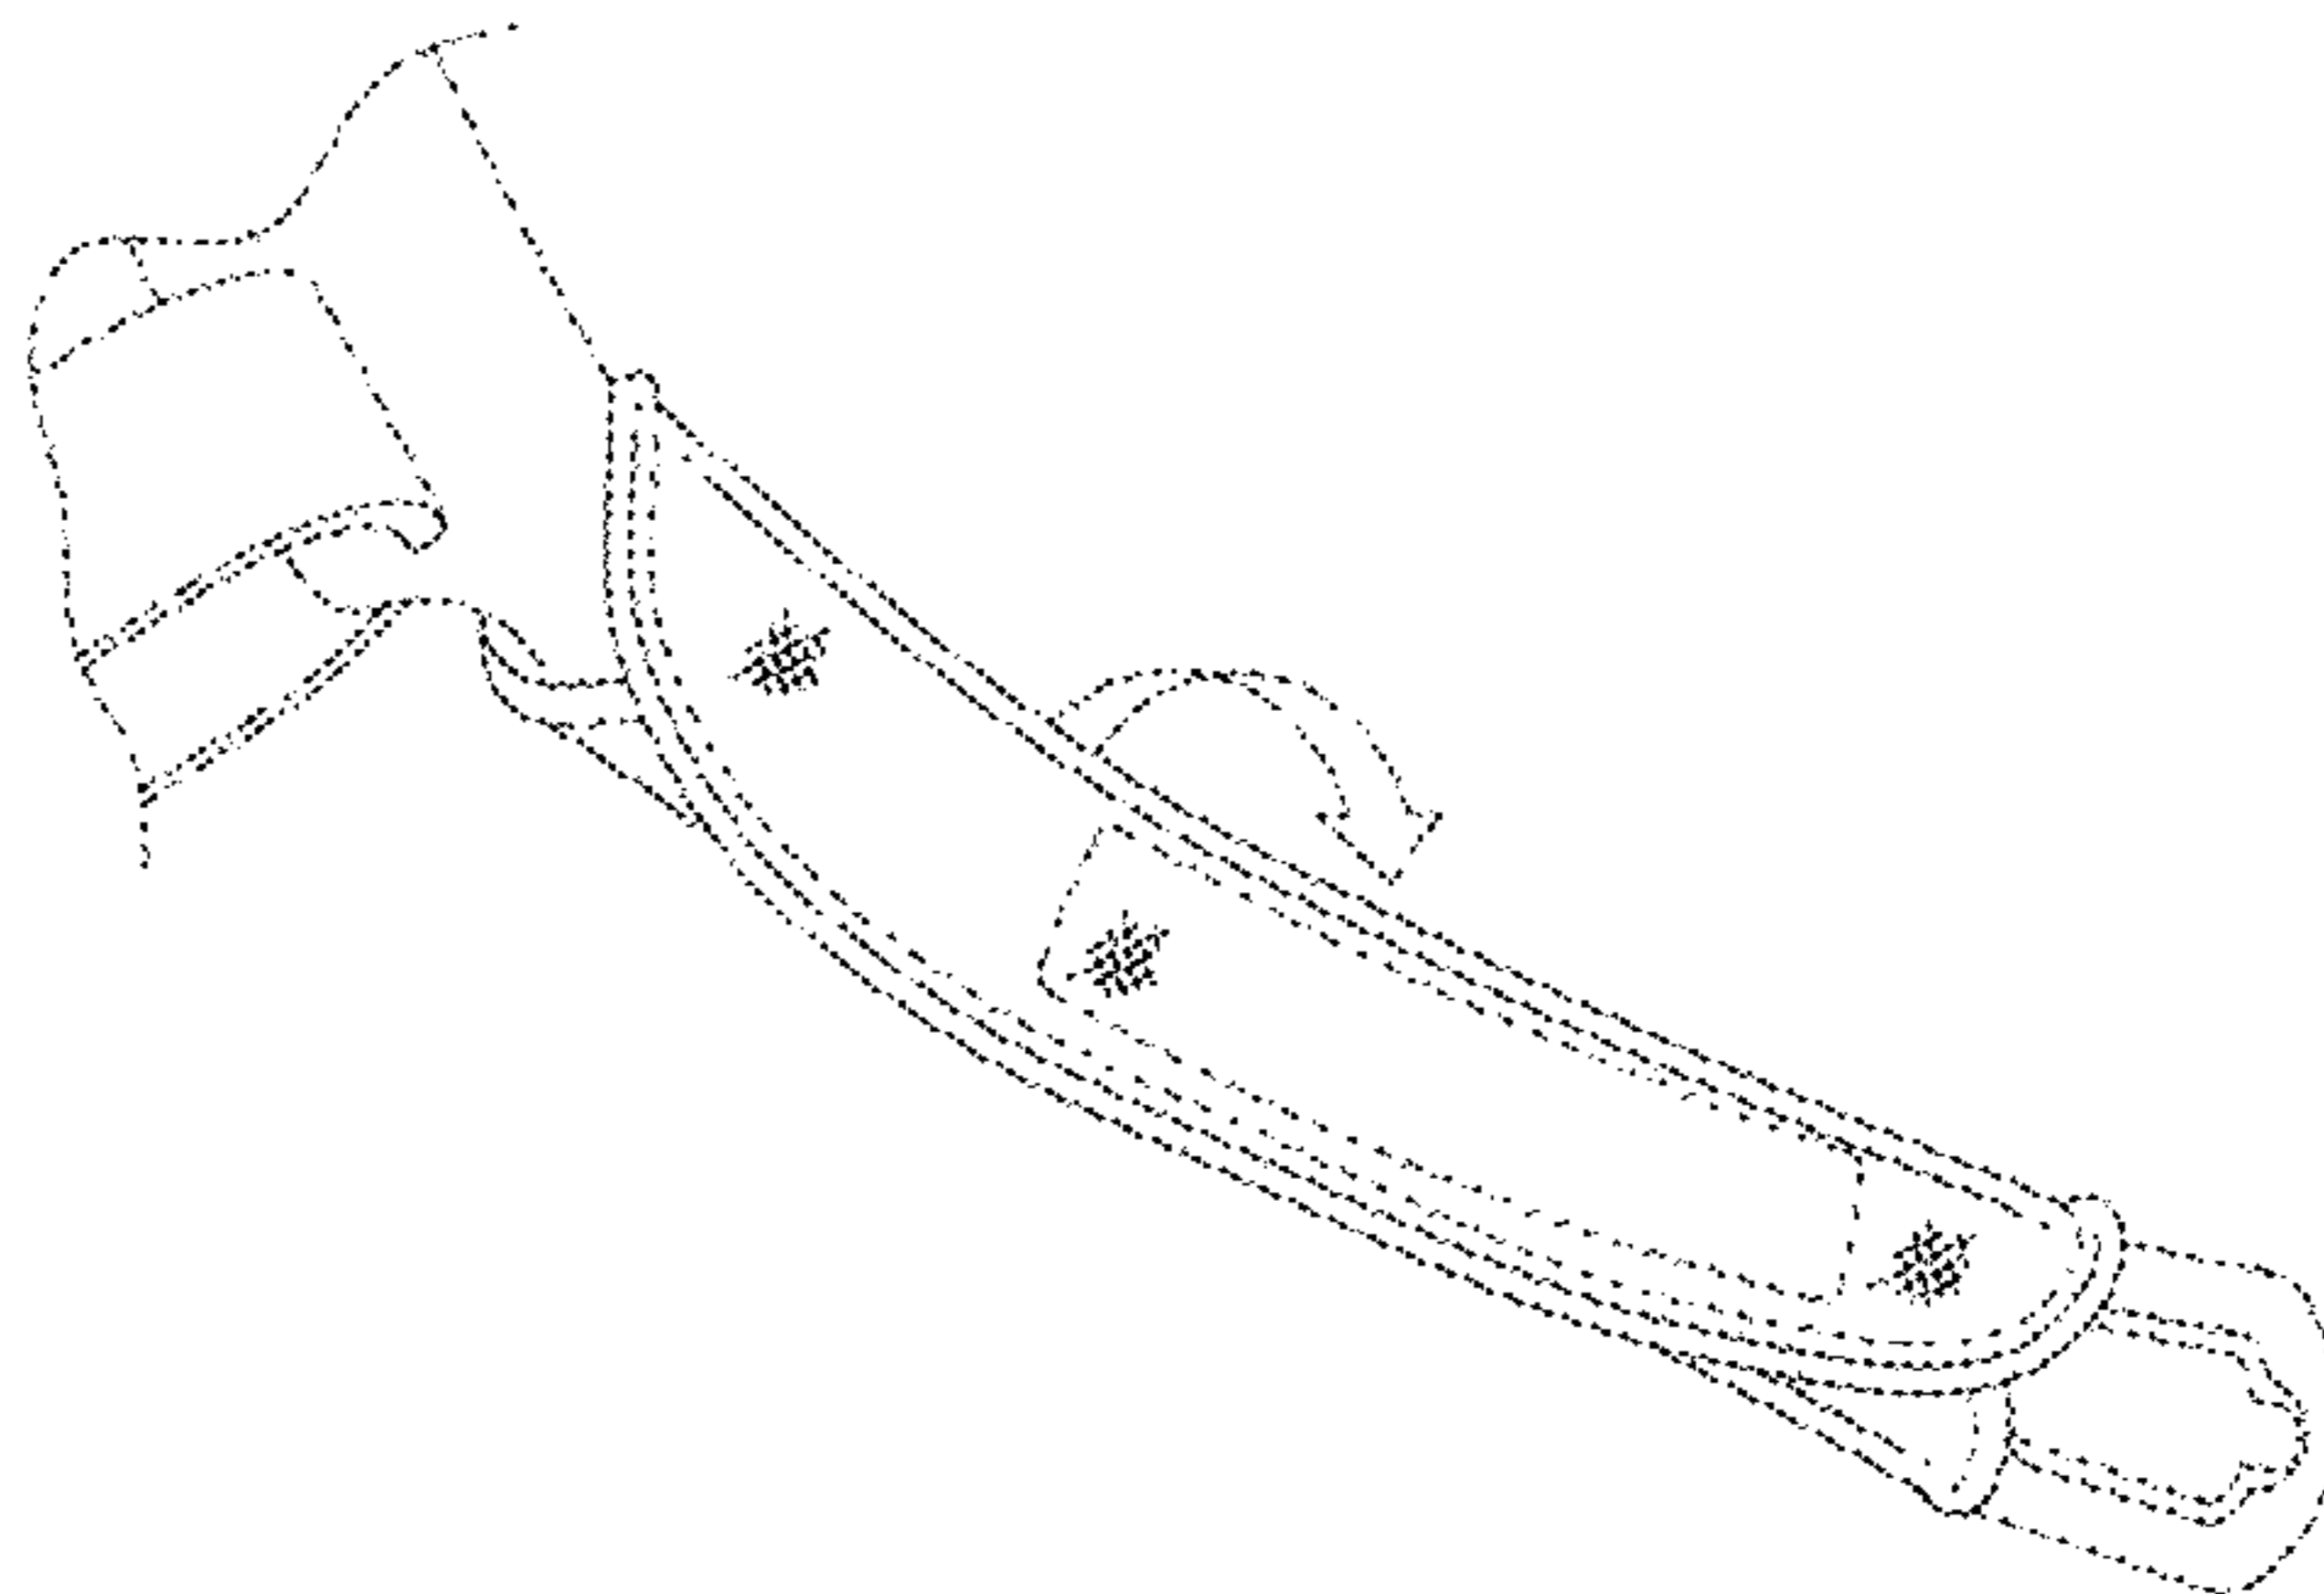

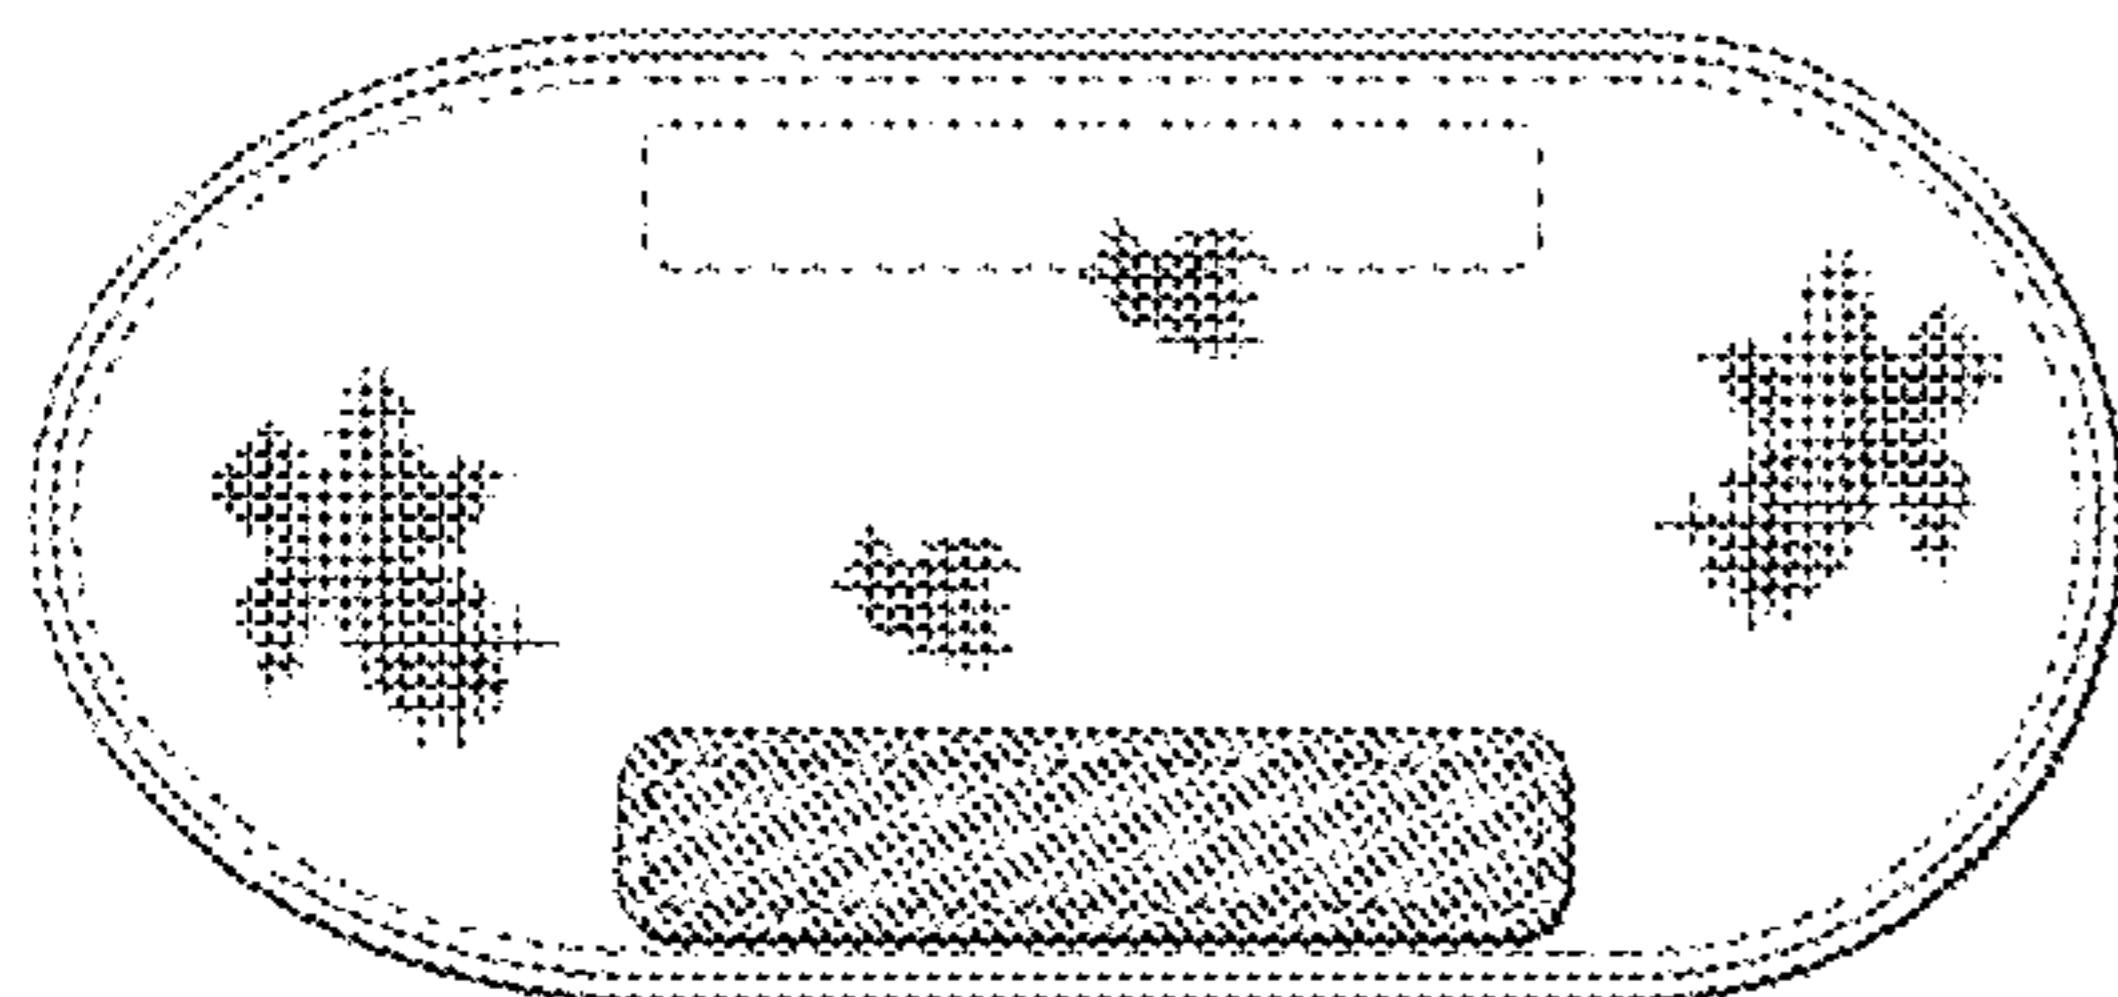

FIG. 7 is the rear view thereof with a sample headgear strap in position readied for assembly with the pad; and,

FIG. 8 shows the headgear pad for a respiratory mask in an assembled position.

The broken lines in FIGS. 7 and 8 showing portions of the headgear represent environmental structure and form no part of the claimed design. None of the broken lines form part of the claimed design.

The stippled and textured sections are indicative of corresponding hook and loop fasteners, but form no part of the claimed design.
