(57) **CLAIM**

The ornamental design for a needle tip cap for a medication administration device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a needle tip cap for a medication administration device.

FIG. 2 is a top view of a needle tip cap for a medication administration device.

FIG. 3 is a side elevational view of a needle tip cap for a medication administration device.

FIG. 4 is a front elevational view of a needle tip cap for a medication administration device; and,

FIG. 5 is a bottom view of a needle tip cap for a medication administration device.

The broken lines shown in the figures are for the purpose of illustrating portions of the needle tip cap for a medication administration device and form no part of the claimed design.
