(57) **CLAIM**

The ornamental design for a stud electrical connector, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a stud electrical connector according to our new design; FIG. 2 is a front elevation view with the rear elevation view being a mirror image thereof; FIG. 3 is a left side elevation view thereof with the right side elevation view being a mirror image thereof; FIG. 4 is a top plan view thereof; and, FIG. 5 is a bottom plan view thereof. The broken line portion of the figure drawings is included to show unclaimed subject matter only and forms no part of the claimed design.
