(57) **CLAIM**
The ornamental design for a display screen with color graphical user interface, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee. The FIGURE is a front view of a display screen with color graphical user interface showing my new design. The broken line showing of the display screen is included for the purpose of illustrating the environment of the claimed design and forms no part thereof. The broken line showings of a portion of the runner and other aspects of the graphical user interface illustrate portions of the graphical user interface that form no part of the claimed design.
