(57) **CLAIM**

The ornamental design for the sports bag, as shown and described.

DESCRIPTION

FIG. 1 is a rear view of a sports bag showing my new design, with a zippered pouch, having the appearance of a football, shown in front of the bag and attached by a tether to a top corner of the bag. The broken lines in FIG. 1 represent stitching.

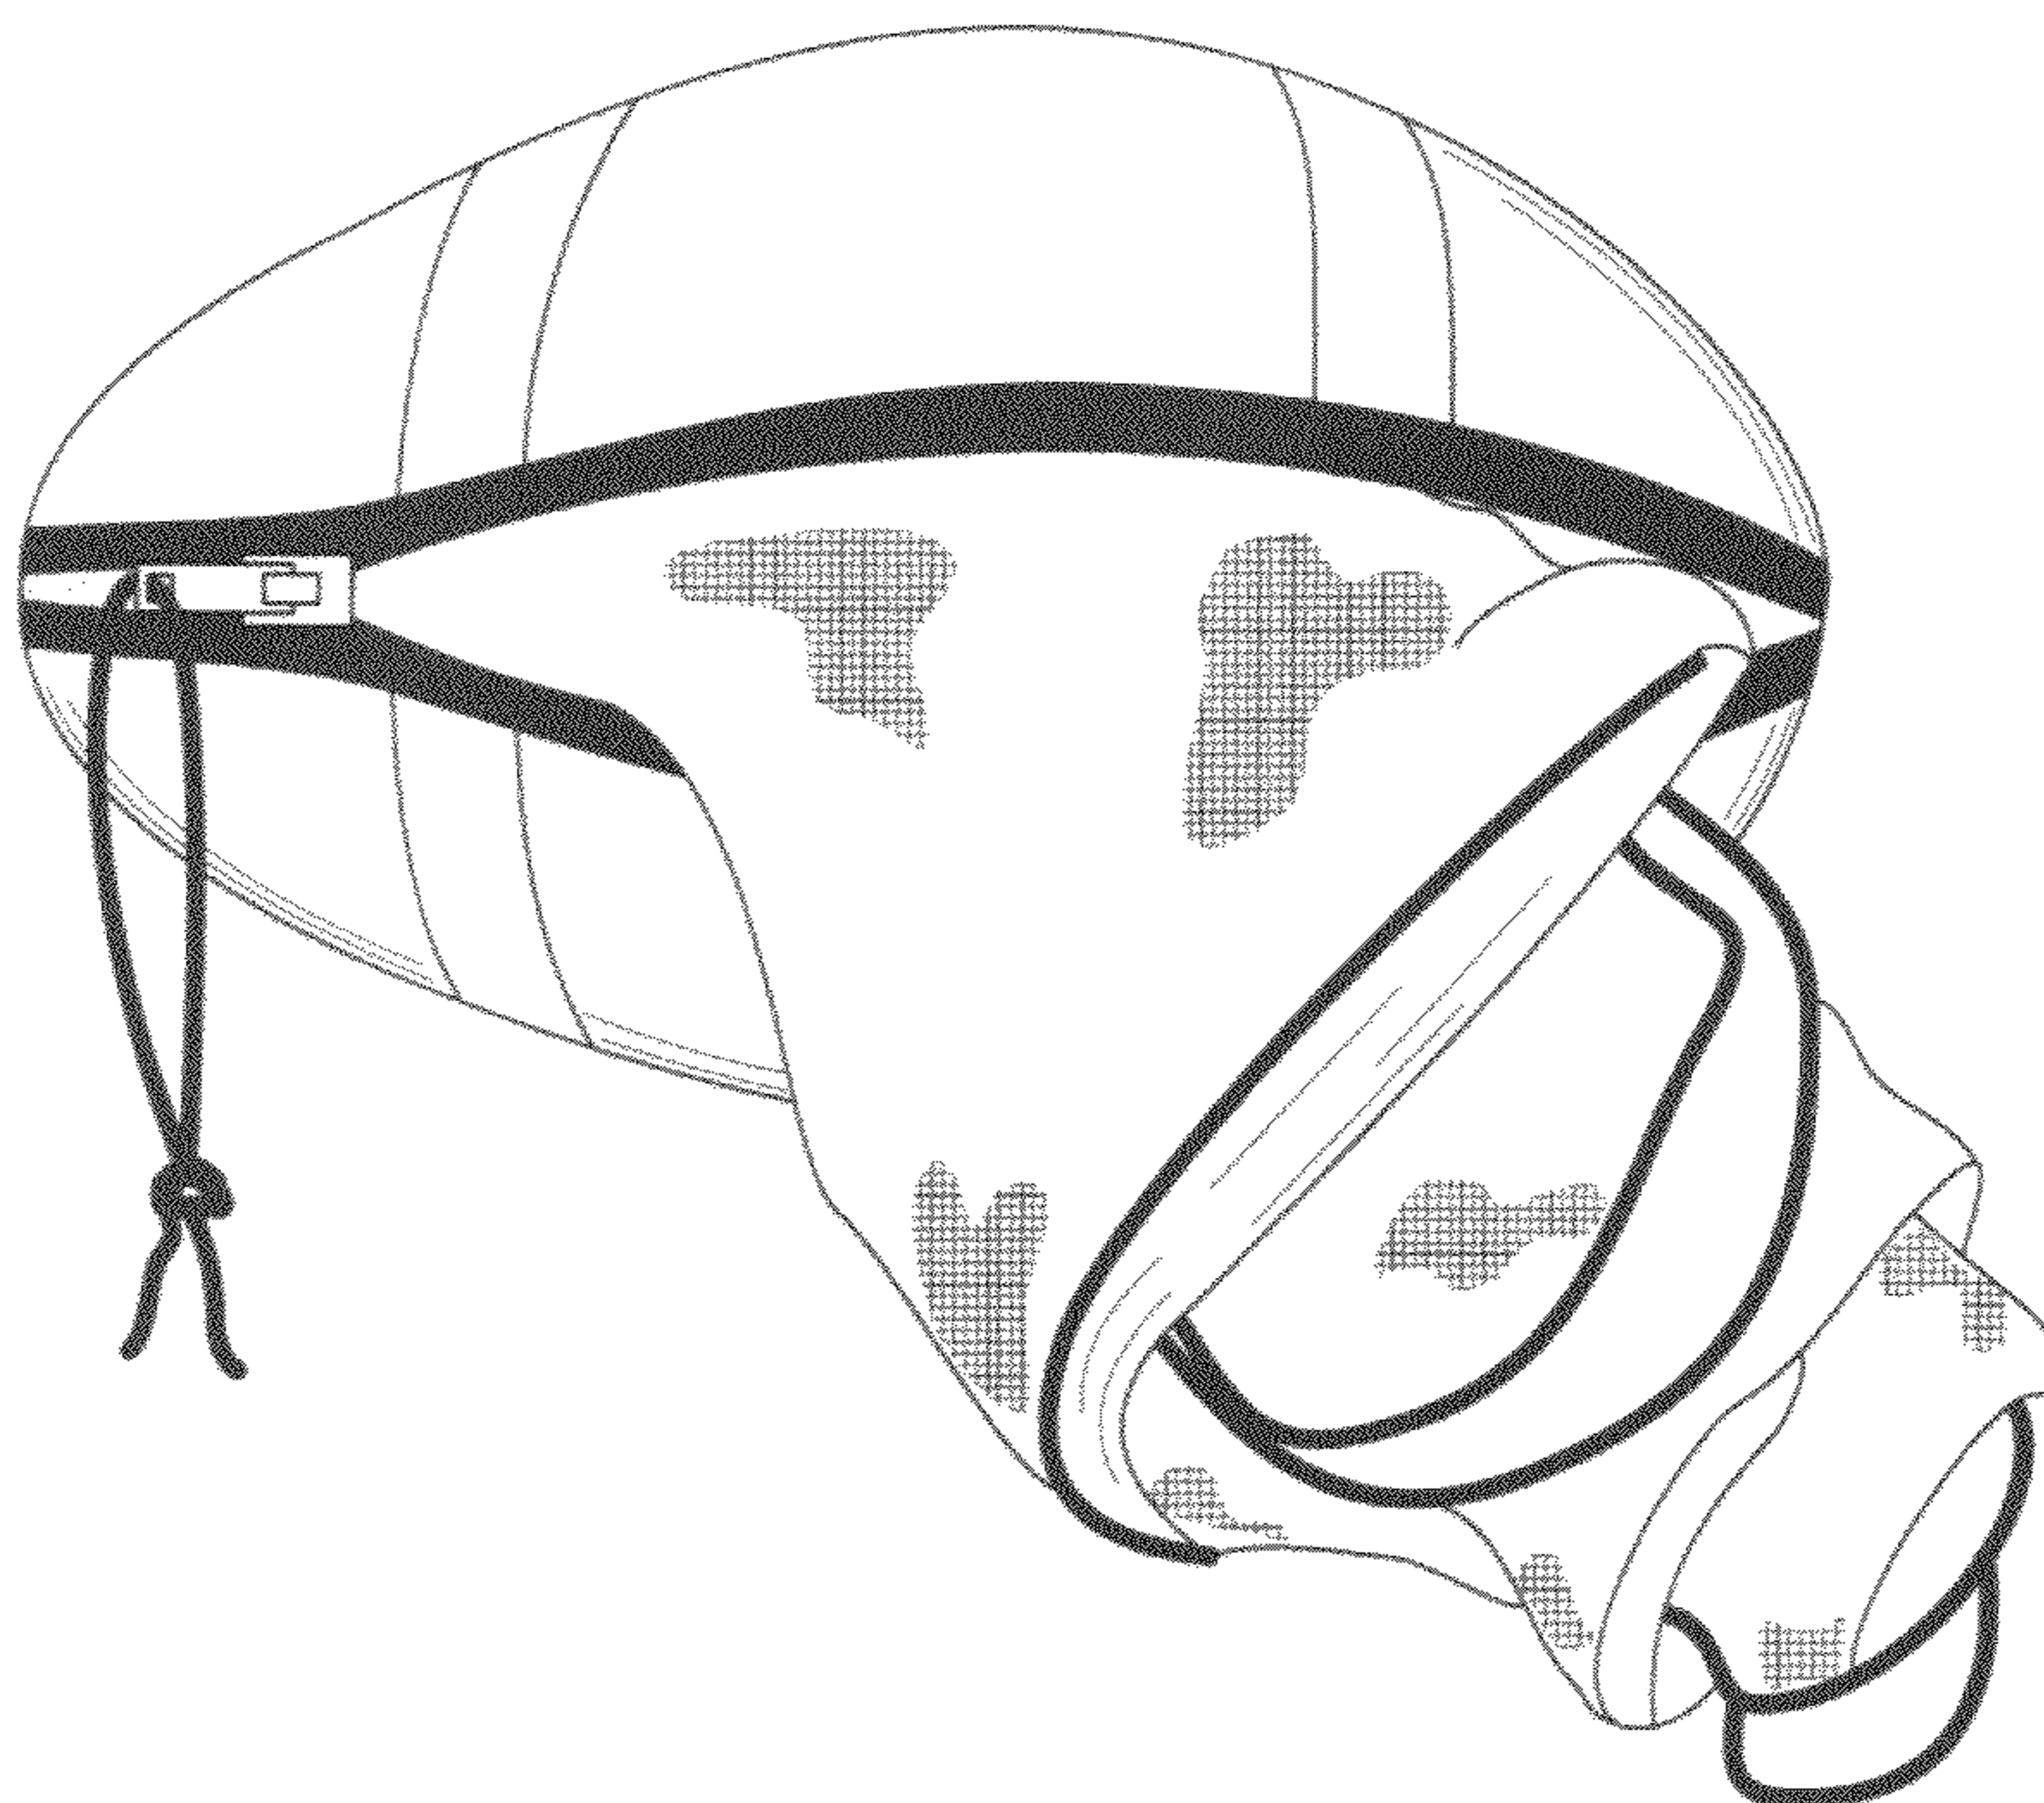

FIG. 2 is rear perspective view of the sports bag, showing the drawstring pulled to close the top opening of the bag, with the attached pouch dangling in front of the rear of the bag. The broken lines shown near the top opening of the mesh bag and the bottom corners of the bag represent stitching.

FIG. 3 is a perspective view of the pouch, showing the zipper partially open and the mesh bag stuffed into the pouch.

FIG. 4 is a rear view of my new design, showing the attached zippered pouch with the appearance of a football. The broken lines shown near the top opening of the mesh bag and the bottom corners of the bag represent stitching; and,

FIG. 5 is a front view of my new design, showing the attached zippered pouch, with the appearance of a football, attached to the top right of the bag. The pouch is shown with the zipper open and with personal items (keys) shown inside the pouch. The keys are shown in broken lines and are for purposes of illustrating environmental structure and form no part of the claimed design. The broken lines shown near the top of the mesh bag represent stitching.
