(57) **CLAIM**

The ornamental design for an infant formula container, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the infant formula container with the lid closed.

FIG. 2 is a front elevation view of the infant formula container with the lid closed.

FIG. 3 is a left side elevation view of the infant formula container with the lid closed.

FIG. 4 is a right side elevation view of the infant formula container with the lid closed.

FIG. 5 is a rear elevation view of the infant formula container with the lid closed.

FIG. 6 is a top plan view of the infant formula container with the lid closed.

FIG. 7 is a bottom plan view of the infant formula container. The dotted lines indicate that this view does not form part of the claimed design; and,

FIG. 8 is a perspective view of the infant formula container with the lid open.
