(57) **CLAIM**

The ornamental design for a pneumatic tire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a pneumatic tire showing a first embodiment of my new design.

FIG. 2 is an enlarged perspective view thereof.

FIG. 3 is a front elevational view thereof.

FIG. 4 is a right side elevational view, the left side being a mirror image thereof.

FIG. 5 is a perspective view of a pneumatic tire showing a second embodiment of my new design.

FIG. 6 is an enlarged perspective view thereof.

FIG. 7 is a front elevational view thereof; and,

FIG. 8 is a right side elevational view, the left side being a mirror image thereof.

In the drawings, the broken lines defining the sidewall depict environmental subject matter that forms no part of the claimed design.

The tread pattern is understood to repeat uniformly throughout the circumference of the tire, as shown schematically in solid lines.
