(57) CLAIM

The ornamental design for a fire sprinkler head paint cover, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an embodiment of the cover wherein the cover is placed on the ceiling over a fire sprinkler head.

FIG. 2 is another perspective view of an embodiment of the cover showing an adhesive strip that may be attached to the cover.

FIG. 3 is another perspective view of an embodiment of the cover wherein the cover is turned upside down at an angle relative to how it would be positioned when placed on a ceiling.

FIG. 4 is another perspective view of an embodiment of the cover wherein the cover is turned upside down relative to how it would be positioned when placed on a ceiling.

FIG. 5 is a front view of an embodiment of the cover when the cover is turned upside down relative to how it would be positioned when placed on a ceiling.

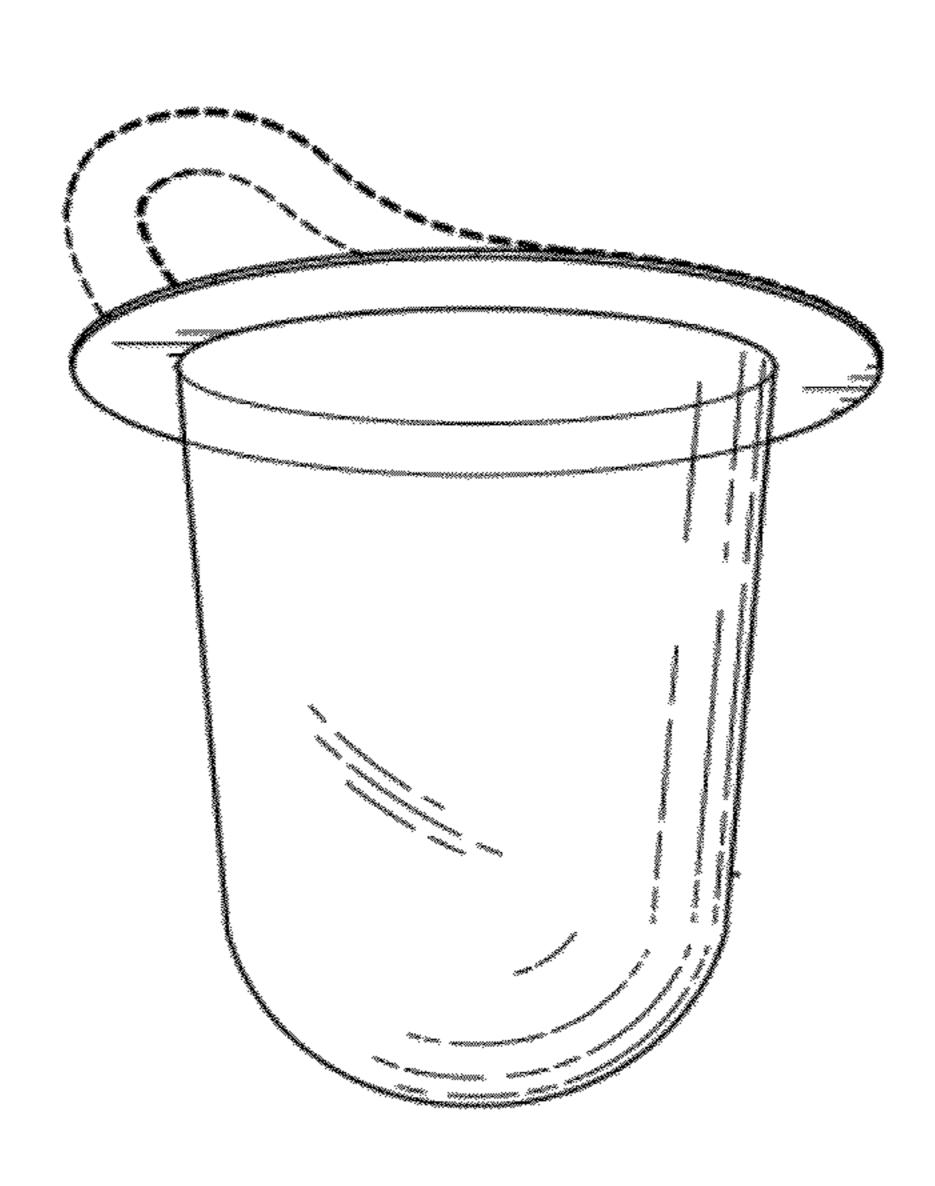

FIG. 6 is a top view of an embodiment of the cover.

FIG. 7 is a bottom view of an embodiment of the cover; and,

FIG. 8 is a cross-sectional view taken along line 8-8 of FIG. 6. The portions of the article in broken lines are shown for illustrative purposes only and form no part of the claimed

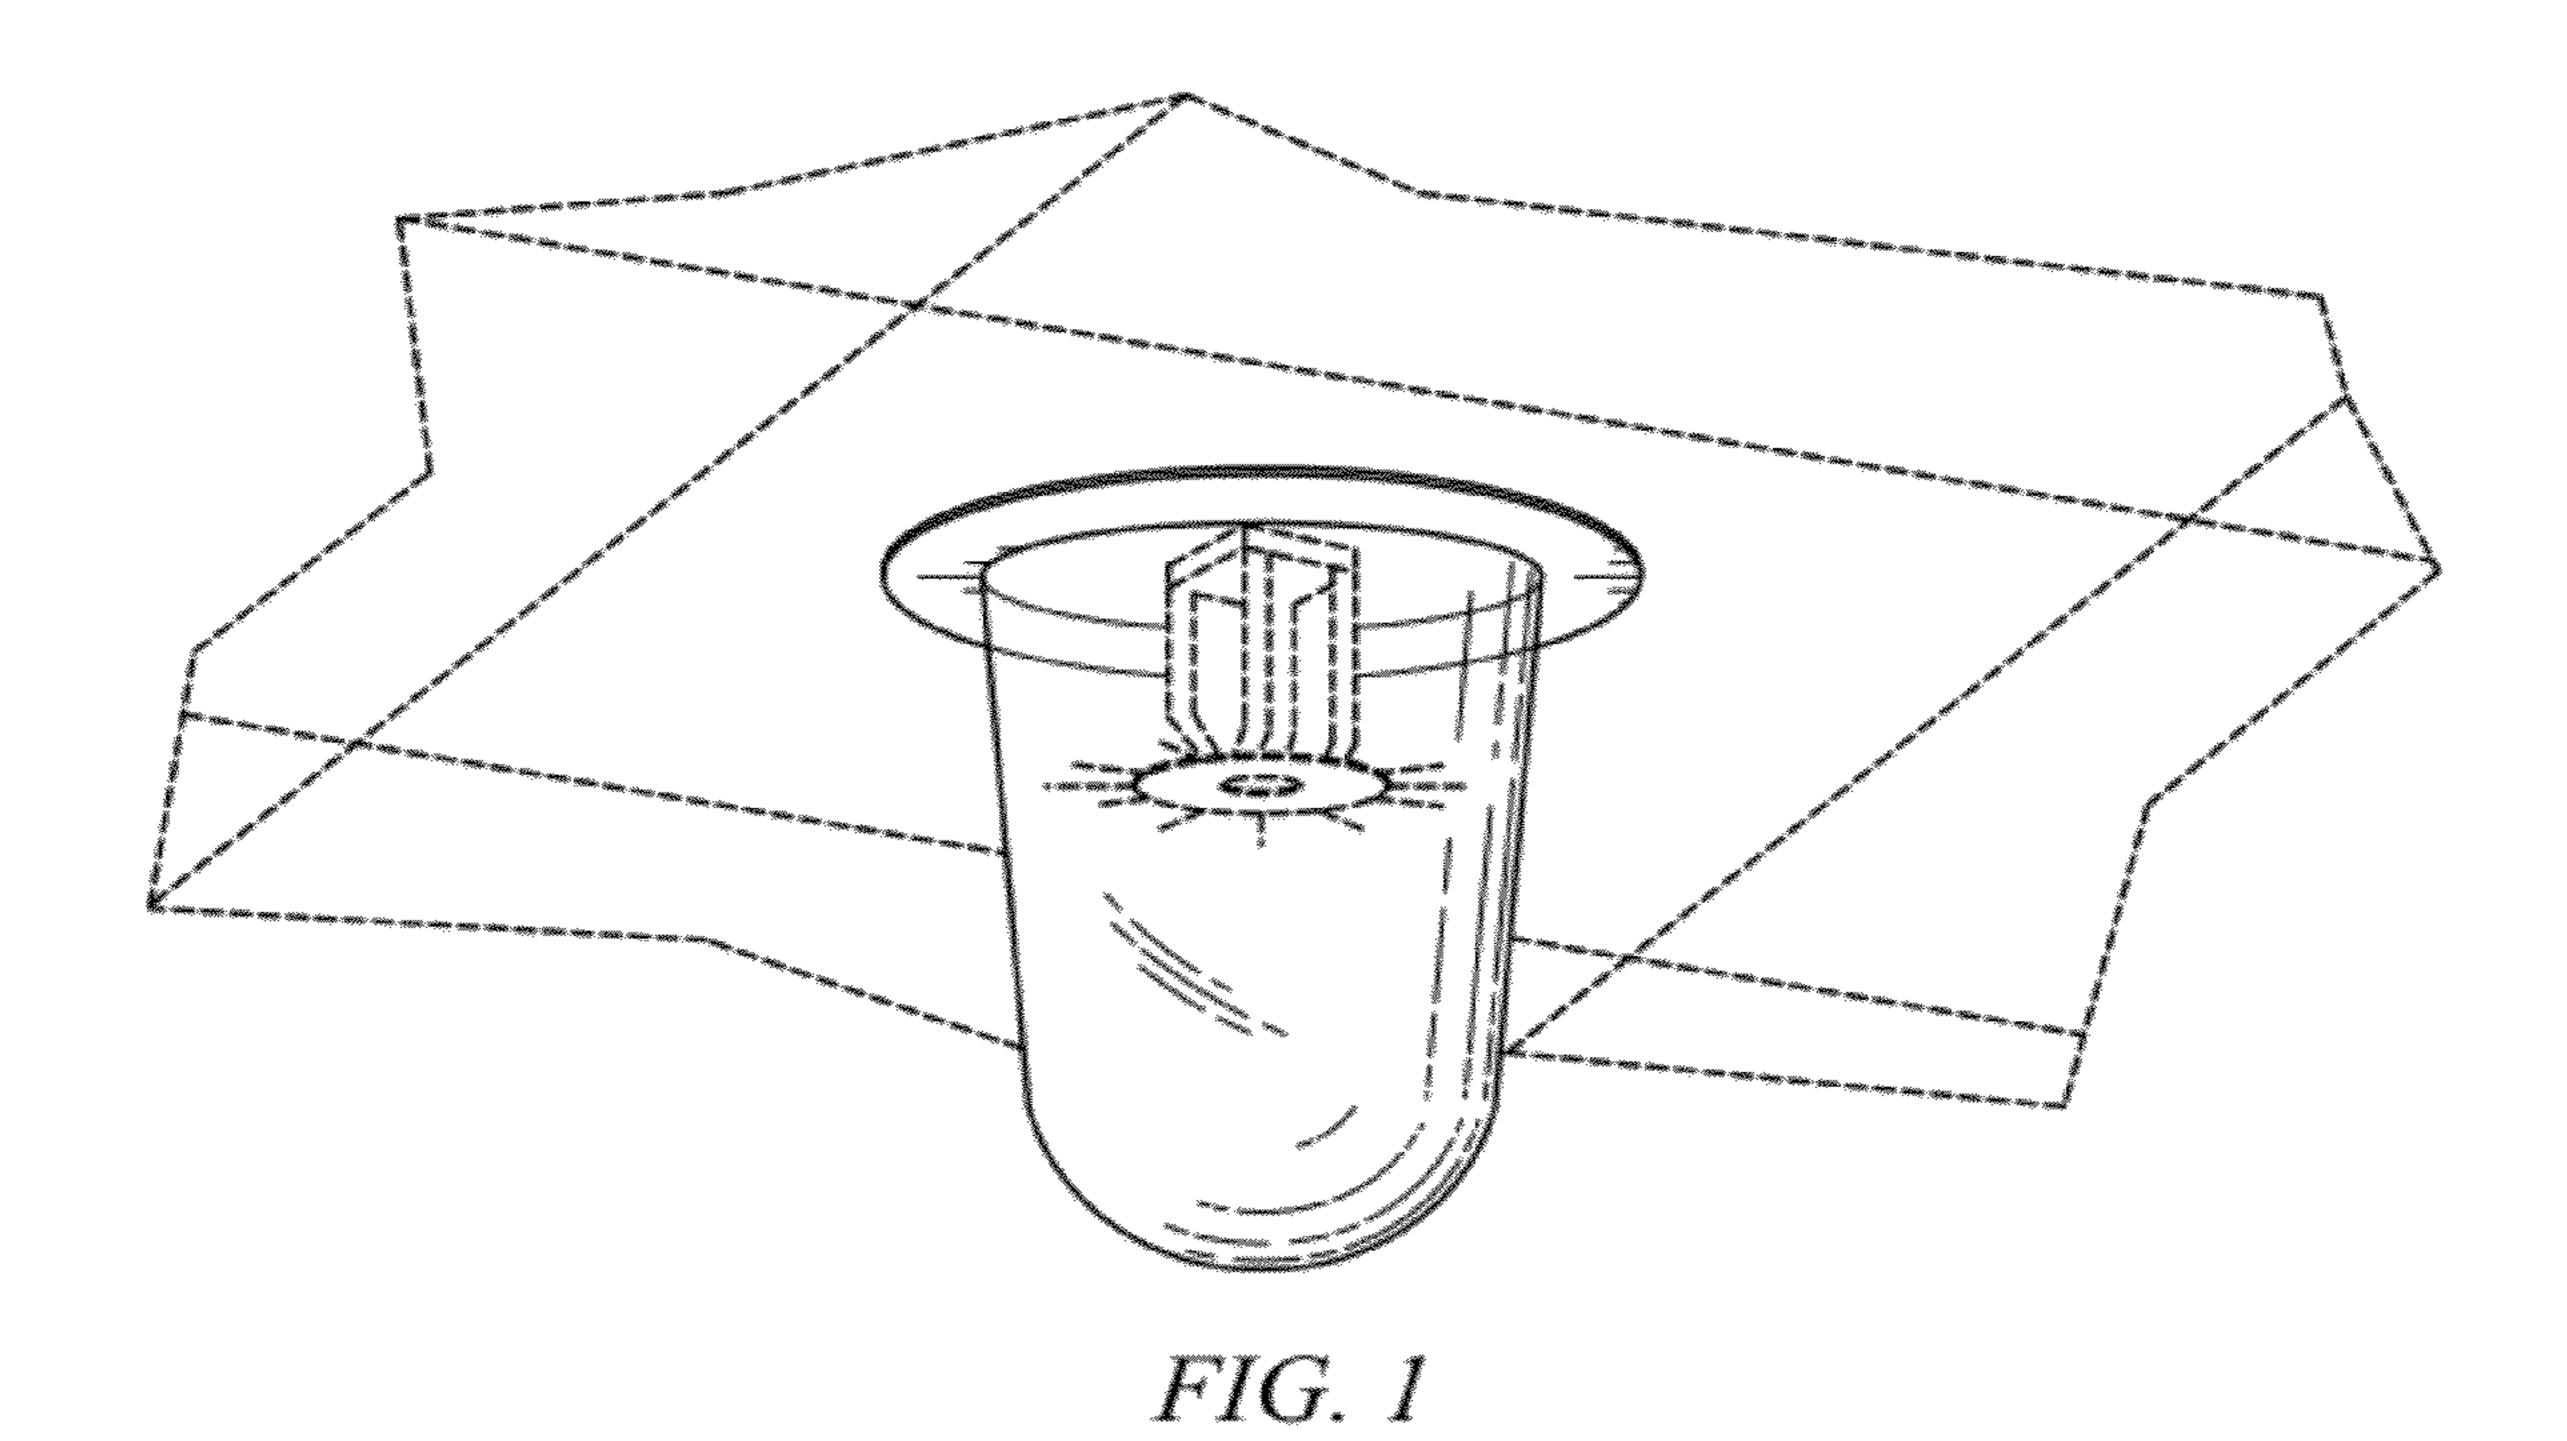

design. The portions of the article not visible in the views above form no part of the claimed design of the illustrated embodiments.
