(57) **CLAIM**

The ornamental design for a key box, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of a key box, showing my new design, with the door of the key box in an open position;

FIG. 2 is a front elevation view of the key box shown in FIG. 1 with the door of the key box in a closed position;

FIG. 3 is a right side view of the key box shown in FIG. 1 with the door of the key box in a closed position, wherein the left side view of the key box shown in FIG. 1 is a mirror image of FIG. 3;

FIG. 4 is a top plan view of the key box shown in FIG. 1 with the door of the key box in a closed position;

FIG. 5 is a rear elevation view of the key box shown in FIG. 1;

FIG. 6 is a bottom plan view of the key box shown in FIG. 1 with the door of the key box in a closed position;

FIG. 7 is a perspective view of a second embodiment of a key box, showing my new design, with the door of the key box in an open position, wherein the shaded areas represent a contrasted color of a key box, the contrasted color not representing a specific color or color combination;

FIG. 8 is a front elevation view of the key box shown in FIG. 7 with the door of the key box in a closed position;

FIG. 9 is a right side view of the key box shown in FIG. 7 with the door of the key box in a closed position, wherein the left side view of the key box shown in FIG. 7 is a mirror image of FIG. 9;

FIG. 10 is a top plan view of the key box shown in FIG. 7 with the door of the key box in a closed position;

FIG. 11 is a rear elevation of the key box shown in FIG. 7; and, FIG. 12 is a bottom plan view of the key box shown in FIG. 7 with the door of the key box in a closed position.

The broken-line disclosure in the views is understood to represent portions of the article in which the claimed design is embodied, but which forms no part of the claimed design.
