(57) **CLAIM**

The ornamental design for a packaging container for bottles, as shown and described.

**DESCRIPTION**

FIG. 1 is an interior perspective view in an open position of a packaging container for small liquid containing bottles and the like showing my new design;

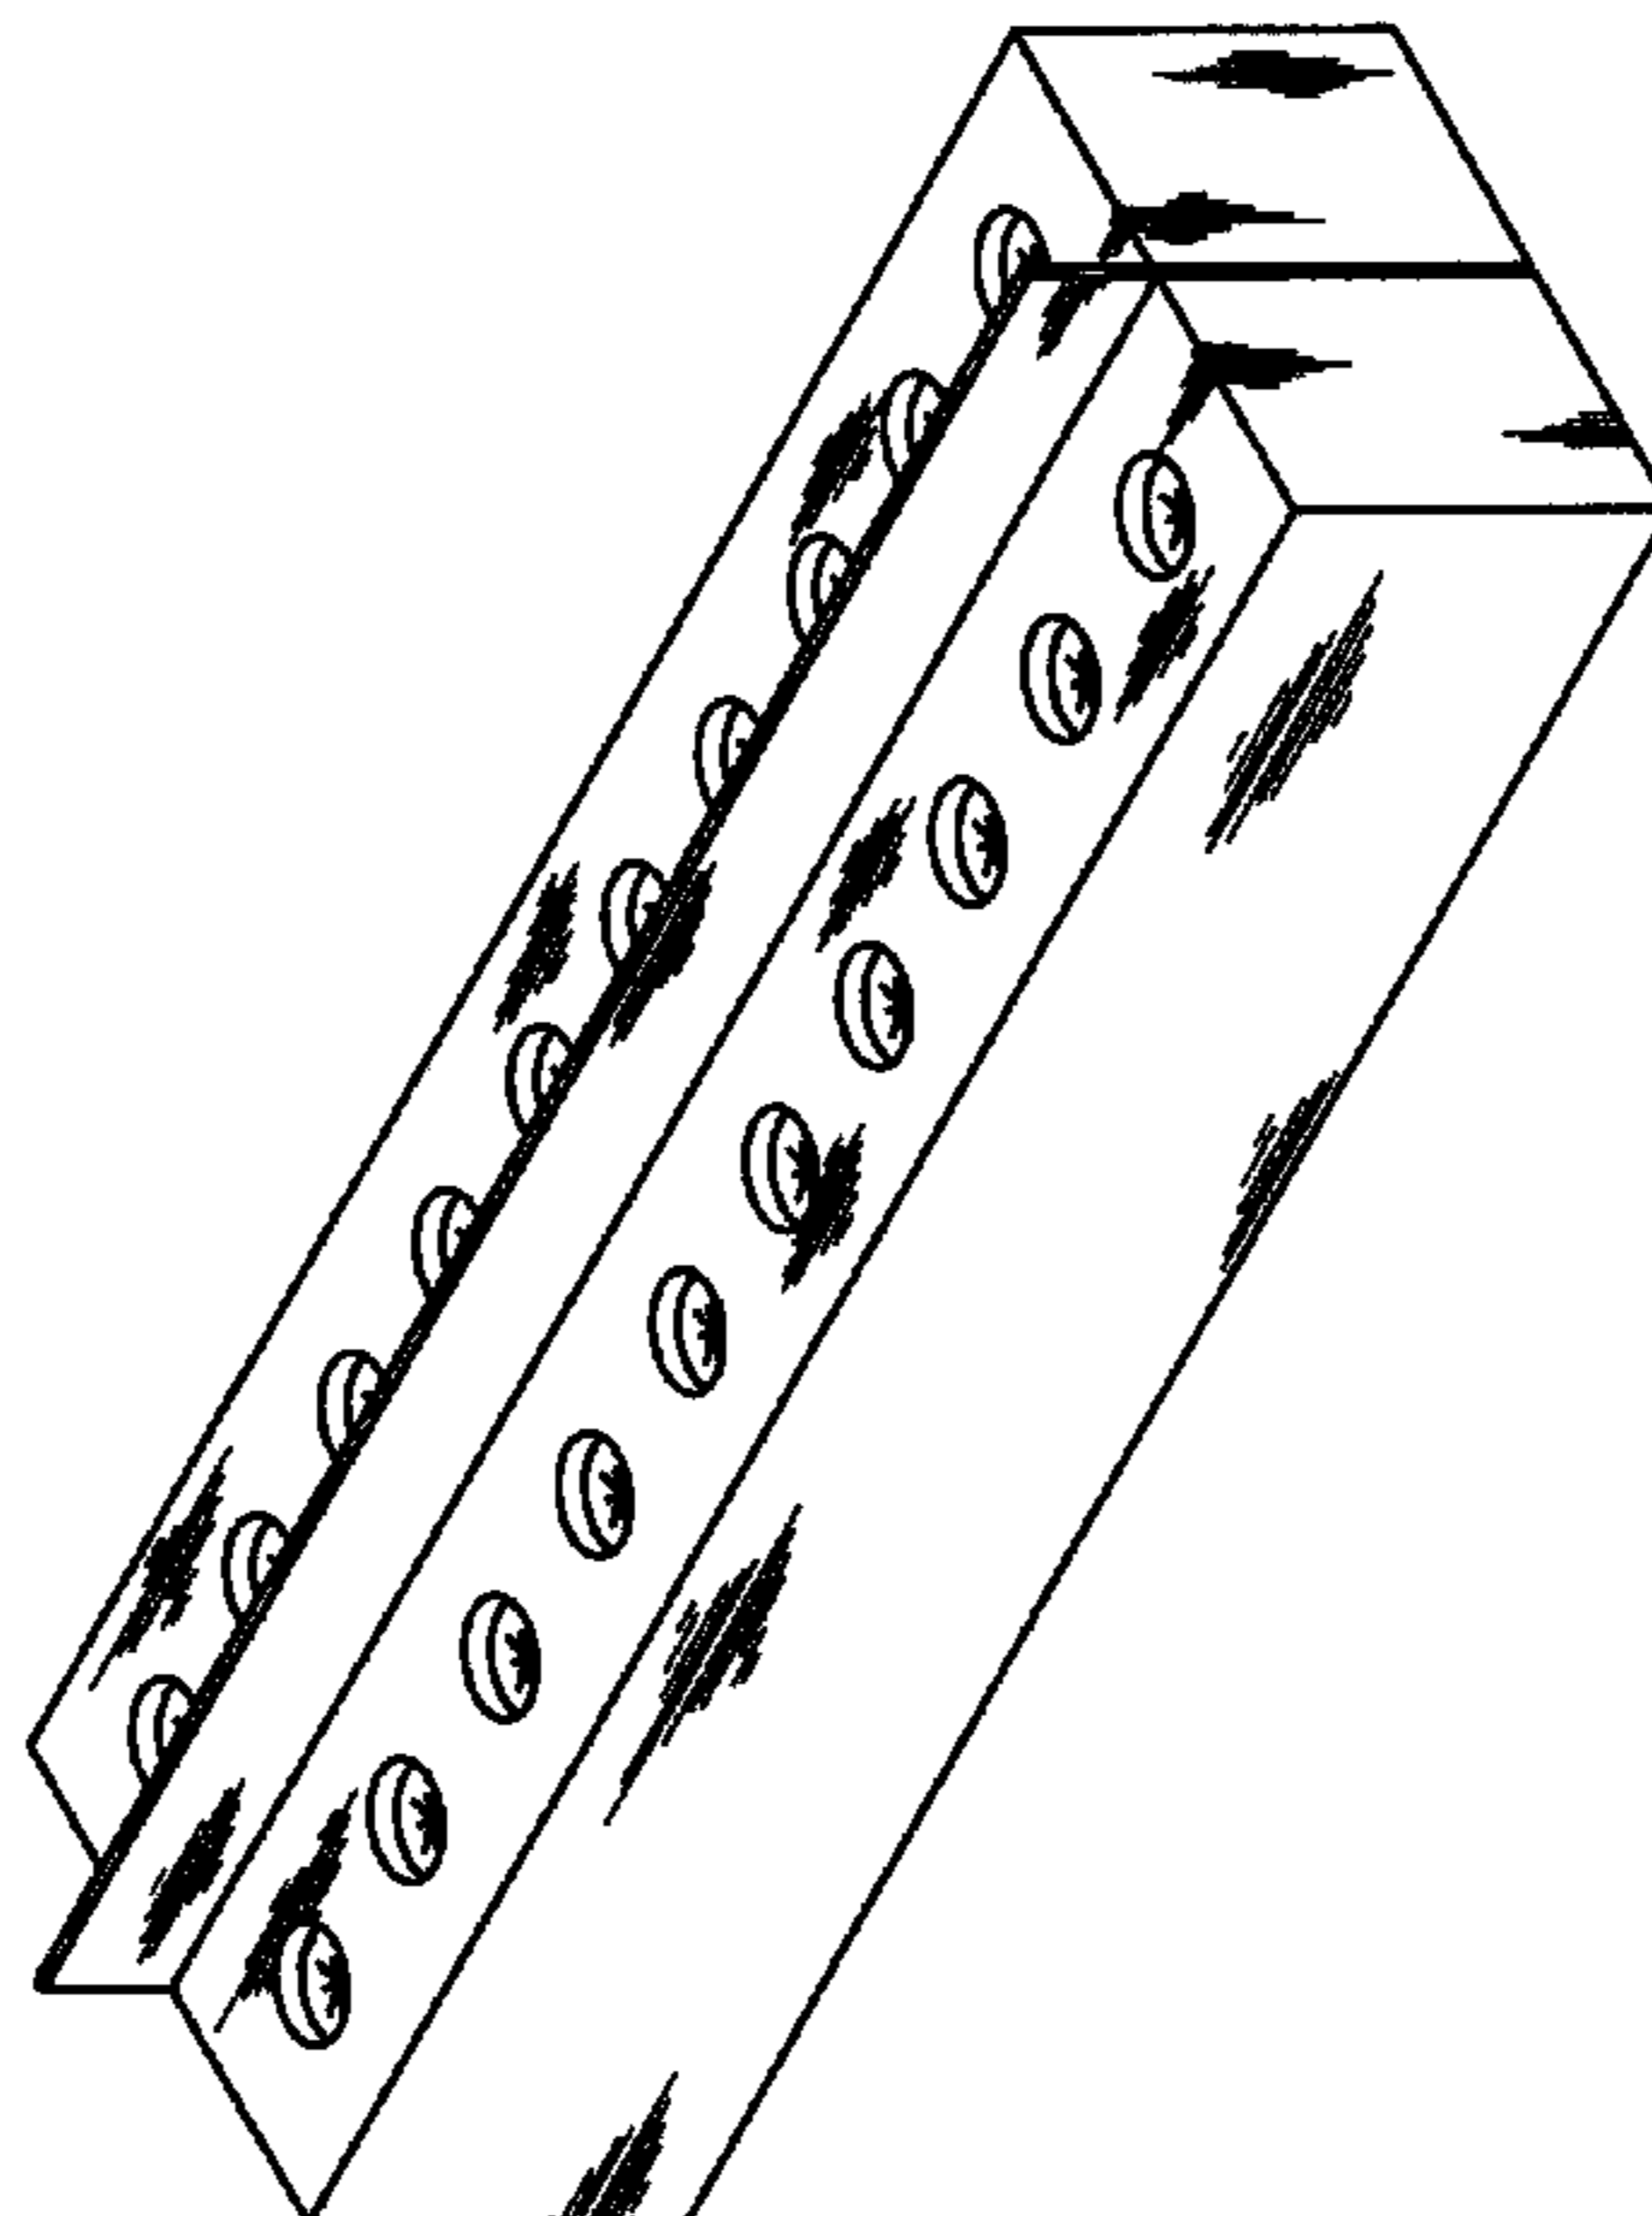

FIG. 2 is an interior perspective view of the packaging container in a folded position;

FIG. 3 is an interior perspective view of the packaging container in a flat position.

FIG. 4 is a perspective view of the packaging container in a flat position where part of the packaging container is inserted in a covering box wherein the sleeve portion of the packaging container for bottles shown in broken lines is not part of the design; and,

FIG. 5 is an interior perspective view of the packaging container in a partially folded position.

**1 Claim, 5 Drawing Sheets**
